PART 229—STANDARD INSTRUCTIONS FOR FILING FORMS UNDER SECURITIES ACT OF 1933, SECURITIES EXCHANGE ACT OF 1934 AND ENERGY POLICY AND CONSERVATION ACT OF 1975— REGULATIONS-K

Subpart 229.1—General

ATTENTION ELECTRONIC FILERS

THIS REGULATION SHOULD BE READ IN CONJUNCTION WITH REGULATIONS S-T (PART 232 OF THIS CHAPTER), WHICH GOVERNS THE PREPARATION AND SUBMISSION OF DOCUMENTS IN ELECTRONIC FORMAT. MANY PROVISIONS RELATING TO THE PREPARATION AND SUBMISSION OF DOCUMENTS IN PAPER FORMAT CONTAINED IN THIS REGULATION ARE SUPERSEDED BY THE PROVISIONS OF REGULATIONS S-T FOR DOCUMENTS REQUIRED TO BE FILED IN ELECTRONIC FORMAT.

General

Reg. §229.10.

- (a) *Application of Regulation S-K.* This part [together with the General Rules and Regulations under the Securities Act of 1933, 15 U.S.C. 77a *et seq.*, as amended (“Securities Act”), and the Securities Exchange Act of 1934, 15 U.S.C. 78a *et seq.*, as amended (“Exchange Act”) (Parts 230 and 240 of this chapter), the Interpretative Releases under these Acts (Parts 231 and 241 of this chapter), and the forms under these Acts (Parts 239 and 249 of this chapter)] states the requirements applicable to the content of the non-financial statement portions of:
- (1) Registration statements under the Securities Act (Part 239 of this chapter) to the extent provided in the forms to be used for registration under such Act; and
 - (2) Registration statements under section 12 (Subpart C of Part 249 of this chapter), annual or other reports under sections 13 and 15(d) (Subparts D and E of Part 249 of this chapter), annual reports to security holders and proxy and information statements under section 14 of the Exchange Act (Part 240 of this chapter), and any other documents required to be filed under the Exchange Act, to the extent provided in the forms and rules under such Act.
- (b) *Commission policy on projections.* The Commission encourages the use in documents specified in Rule 175 under the Securities Act (§230.175 of this chapter) and Rule 3b-6 under the Exchange Act (§240.3b-6 of this chapter) of management’s projections of future economic performance that have a reasonable basis and are presented in an appropriate format. The guidelines set forth herein represent the Commission’s views on important factors to be considered in formulating and disclosing such projections.
- (1) *Basis for projections.* The Commission believes that management must have the option to present in Commission filings its good faith assessment of a registrant’s future performance. Management, however, must have a reasonable basis for such an assessment. Although a history of operations or experience in projecting may be among the factors providing a basis for management’s assessment, the Commission does not believe that a registrant always must have had such a history or experience in order to formulate projections with a reasonable basis. An outside review of management’s projections may furnish additional support for having a reasonable basis for a projection. If management decides to include a report of such a review in a Commission filing, there also should be disclosure of the qualifications of the reviewer, the extent of the review, the relationship between the reviewer and the registrant, and other material factors concerning the process by which any outside review was sought or obtained. Moreover, in the case of a registration statement under the Securities Act, the reviewer would be deemed an expert and an appropriate consent must be filed with the registration statement.

- (2) *Format for projections.* In determining the appropriate format for projections included in Commission filings, consideration must be given to, among other things, the financial items to be projected, the period to be covered, and the manner of presentation to be used. Although traditionally projections have been given for three financial items generally considered to be of primary importance to investors (revenues, net income (loss) and earnings (loss) per share), projection information need not necessarily be limited to these three items. However, management should take care to assure that the choice of items projected is not susceptible to misleading inferences through selective projection of only favorable items. Revenues, net income (loss) and earnings (loss) per share usually are presented together in order to avoid any misleading inferences that may arise when the individual items reflect contradictory trends. There may be instances, however, when it is appropriate to present earnings (loss) from continuing operations, or income (loss) before extraordinary items in addition to or in lieu of net income (loss). It generally would be misleading to present sales or revenue projections without one of the foregoing measures of income. The period that appropriately may be covered by a projection depends to a large extent on the particular circumstances of the company involved. For certain companies in certain industries, a projection covering a two or three year period may be entirely reasonable. Other companies may not have a reasonable basis for projections beyond the current year. Accordingly, management should select the period most appropriate in the circumstances. In addition, management, in making a projection, should disclose what, in its opinion, is the most probable specific amount or the most reasonable range for each financial item projected based on the selected assumptions. Ranges, however, should not be so wide as to make the disclosures meaningless. Moreover, several projections based on varying assumptions may be judged by management to be more meaningful than a single number or range and would be permitted.
- (3) *Investor understanding.*
- (i) When management chooses to include its projections in a Commission filing, the disclosures accompanying the projections should facilitate investor understanding of the basis for and limitations of projections. In this regard investors should be cautioned against attributing undue certainty to management's assessment, and the Commission believes that investors would be aided by a statement indicating management's intention regarding the furnishing of updated projections. The Commission also believes that investor understanding would be enhanced by disclosure of the assumptions which in management's opinion are most significant to the projections or are the key factors upon which the financial results of the enterprise depend and encourages disclosure of assumptions in a manner that will provide a framework for analysis of the projection.
 - (ii) Management also should consider whether disclosure of the accuracy or inaccuracy of previous projections would provide investors with important insights into the limitations of projections. In this regard, consideration should be given to presenting the projections in a format that will facilitate subsequent analysis of the reasons for differences between actual and forecast results. An important benefit may arise from the systematic analysis of variances between projected and actual results on a continuing basis, since such disclosure may highlight for investors the most significant risk and profit-sensitive areas in a business operation.
 - (iii) With respect to previously issued projections, registrants are reminded of their responsibility to make full and prompt disclosure of material facts, both favorable and unfavorable, regarding their financial condition. This responsibility may extend to situations where management knows or has reason to know that its previously disclosed projects no longer have a reasonable basis.
 - (iv) Since a registrant's ability to make projections with relative confidence may vary with all the facts and circumstances, the responsibility for determining whether to discontinue or to resume making projections is best left to management. However, the Commission encourages registrants not to discontinue or to resume projections in Commission filings without a reasonable basis.
- (c) *Commission policy on security ratings.* In view of the importance of security ratings ("ratings") to investors and the marketplace, the Commission permits registrants to disclose, on a voluntary basis, ratings assigned by rating organizations to classes of debt securities, convertible debt securities and preferred stock in registration statements and periodic reports. In addition, the Commission permits, pursuant to Rule 134(a)(14) under the Securities Act (§230.134(a)(14) of this chapter), voluntary disclosure of ratings assigned by any nationally recognized statistical rating organizations ("NRSROs") in certain communications deemed not to be a prospectus ("tombstone advertisements").

Set forth herein are the Commission's views on important matters to be considered in disclosing security ratings.

- (1) *Securities Act filings.*

- (i) If a registrant includes in a registration statement filed under the Securities Act any rating(s) assigned to a class of securities, it should consider including: (A) any other rating intended for public dissemination assigned to such class by an NRSRO (“additional NRSRO rating”) that is available on the date of the initial filing of the document and that is materially different from any rating disclosed; and (B) the name of each rating organization whose rating is disclosed; each such rating organization’s definition or description of the category in which it rated the class of securities; the relative rank of each rating within the assigning rating organization’s overall classification system; and a statement informing investors that a security rating is not a recommendation to buy, sell or hold securities, that it may be subject to revision or withdrawal at any time by the assigning rating organization and that each rating should be evaluated independently of any other rating. The registrant also should include the written consent of any rating organization that is not an NRSRO whose rating is included. With respect to the written consent of any NRSRO whose rating is included, see Rule 436(g) under the Securities Act (§230.436(g) of this chapter). When the registrant has filed a registration statement on Form F-9 (§ 239.39 of this chapter), see Rule 436(g) (§ 230.436(g) of this chapter) under the Securities Act with respect to the written consent of any rating organization specified in the Instruction to paragraph (a)(2) of General Instruction I of Form F-9.
- (ii) If a change in a rating already included is available subsequent to the filing of the registration statement, but prior to its effectiveness, the registrant should consider including such rating change in the final prospectus. If the rating change is material or if a materially different rating from any disclosed becomes available during this period, the registrant should consider amending the registration statement to include the rating change or additional rating and recirculating the preliminary prospectus.
- (iii) If a materially different additional NRSRO rating or a material change in a rating already included becomes available during any period in which offers or sales are being made, the registrant should consider disclosing such additional rating or rating change by means of a post-effective amendment or sticker to the prospectus pursuant to Rule 424(b) under the Securities Act (§230.424(b) of this chapter), unless, in the case of a registration statement on Form S-3 (§239.13 of this chapter), it has been disclosed in a document incorporated by reference into the registration statement subsequent to its effectiveness and prior to the termination of the offering.

(2) *Exchange Act filings.*

- (i) If a registrant includes in a registration statement or periodic report filed under the Exchange Act any rating(s) assigned to a class of securities, it should consider including the information specified in paragraphs (c)(1)(i)(A) and (B) of this section.
- (ii) If there is a material change in the rating(s) assigned by any NRSRO(s) to any outstanding class(es) of securities of a registrant subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act, the registrant should consider filing a report on Form 8-K (§249.308 of this chapter) or other appropriate report under the Exchange Act disclosing such rating change.

(d) ***Incorporation by Reference.*** Where rules, regulations, or instructions to forms of the Commission permit incorporation by reference, a document may be so incorporated by reference to the specific document and to the prior filing or submission in which such document was physically filed or submitted. Except where a registrant or issuer is expressly required to incorporate a document or documents by reference (or for purposes of Item 1100(c) of Regulation AB (§ 229.1100(c)) with respect to an asset-backed issuer, as that term is defined in Item 1101 of Regulation AB (§ 229.1101)), reference may not be made to any document which incorporates another document by reference if the pertinent portion of the document containing the information or financial statements to be incorporated by reference includes an incorporation by reference to another document. No document on file with the Commission for more than five years may be incorporated by reference except:

1. Documents contained in registration statements, which may be incorporated by reference as long as the registrant has a reporting requirement with the Commission; or
2. Documents that the registrant specifically identifies by physical location by SEC file number reference, provided such materials have not been disposed of by the Commission pursuant to its Records Control Schedule (17 CFR 200.80f).

(e) **Use of non-GAAP financial measures in Commission filings.**

(1) Whenever one or more non-GAAP financial measures are included in a filing with the Commission:

- (i) The registrant must include the following in the filing:
 - (A) A presentation, with equal or greater prominence, of the most directly comparable financial measure or measures calculated and presented in accordance with Generally Accepted Accounting Principles (GAAP);
 - (B) A reconciliation (by schedule or other clearly understandable method), which shall be quantitative for historical non-GAAP measures presented, and quantitative, to the extent available without unreasonable efforts, for forward-looking information, of the differences between the non-GAAP financial measure disclosed or released with the most directly comparable financial measure or measures calculated and presented in accordance with GAAP identified in paragraph (e)(1)(i)(A) of this section;

- (C) A statement disclosing the reasons why the registrant's management believes that presentation of the non-GAAP financial measure provides useful information to investors regarding the registrant's financial condition and results of operations; and
- (D) To the extent material, a statement disclosing the additional purposes, if any, for which the registrant's management uses the non-GAAP financial measure that are not disclosed pursuant to paragraph (e)(1)(i)(C) of this section; and

(ii) A registrant must not:

- (A) Exclude charges or liabilities that required, or will require, cash settlement, or would have required cash settlement absent an ability to settle in another manner, from non-GAAP liquidity measures, other than the measures earnings before interest and taxes (EBIT) and earnings before interest, taxes, depreciation, and amortization (EBITDA);
- (B) Adjust a non-GAAP performance measure to eliminate or smooth items identified as non-recurring, infrequent or unusual, when the nature of the charge or gain is such that it is reasonably likely to recur within two years or there was a similar charge or gain within the prior two years;
- (C) Present non-GAAP financial measures on the face of the registrant's financial statements prepared in accordance with GAAP or in the accompanying notes;
- (D) Present non-GAAP financial measures on the face of any pro forma financial information required to be disclosed by Article 11 of Regulation S-X (17 CFR 210.11-01 through 210.11-03); or
- (E) Use titles or descriptions of non-GAAP financial measures that are the same as, or confusingly similar to, titles or descriptions used for GAAP financial measures; and

(iii) If the filing is not an annual report on Form 10-K or Form 20-F (17 CFR 249.220f), a registrant need not include the information required by paragraphs (e)(1)(i)(C) and (e)(1)(i)(D) of this section if that information was included in its most recent annual report on Form 10-K or Form 20-F or a more recent filing, provided that the required information is updated to the extent necessary to meet the requirements of paragraphs (e)(1)(i)(C) and (e)(1)(i)(D) of this section at the time of the registrant's current filing.

(2) For purposes of this paragraph (e), a non-GAAP financial measure is a numerical measure of a registrant's historical or future financial performance, financial position or cash flows that:

- (i) Excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measure calculated and presented in accordance with GAAP in the statement of income, balance sheet or statement of cash flows (or equivalent statements) of the issuer; or
- (ii) Includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measure so calculated and presented.

(3) For purposes of this paragraph (e), GAAP refers to generally accepted accounting principles in the United States, except that (i) in the case of foreign private issuers whose primary financial statements are prepared in accordance with non-U.S. generally accepted accounting principles, GAAP refers to the principles under which those primary financial statements are prepared; and (ii) in the case of foreign private issuers that include a non-GAAP financial measure derived from or based on a measure calculated in accordance with U.S. generally accepted accounting principles, GAAP refers to U.S. generally accepted accounting principles for purposes of the application of the requirements of this paragraph (e) to the disclosure of that measure.

(4) For purposes of this paragraph (e), non-GAAP financial measures exclude:

- (i) operating and other statistical measures; and
- (ii) ratios or statistical measures calculated using exclusively one or both of:
 - (A) Financial measures calculated in accordance with GAAP; and
 - (B) Operating measures or other measures that are not non-GAAP financial measures.

(5) For purposes of this paragraph (e), non-GAAP financial measures exclude financial measures required to be disclosed by GAAP, Commission rules, or a system of regulation of a government or governmental authority or self-regulatory organization that is applicable to the registrant. However, the financial measure should be presented outside of the financial statements unless the financial measure is required or expressly permitted by the standard-setter that is responsible for establishing the GAAP used in such financial statements.

(6) The requirements of paragraph (e) of this section shall not apply to a non-GAAP financial measure included in disclosure relating to a proposed business combination, the entity resulting therefrom or an entity that is a party thereto, if the disclosure is contained in a communication that is subject to § 230.425 of this chapter, § 240.14a-12 or § 240.14d-2(b)(2) of this chapter or § 229.1015 of this chapter.

(7) The requirements of paragraph (e) of this section shall not apply to investment companies registered under Section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a-8).

Note to paragraph (e). A non-GAAP financial measure that would otherwise be prohibited by paragraph (e)(1)(ii) of this section is permitted in a filing of a foreign private issuer if:

1. The non-GAAP financial measure relates to the GAAP used in the registrant's primary financial statements included in its filing with the Commission;

2. The non-GAAP financial measure is required or expressly permitted by the standard-setter that is responsible for establishing the GAAP used in such financial statements; and
3. The non-GAAP financial measure is included in the annual report prepared by the registrant for use in the jurisdiction in which it is domiciled, incorporated or organized or for distribution to its security holders.

Subpart 229.100 — Business

Description of Business

Reg. §229.101. Item 101.

- (a) *General development of business.* Describe the general development of the business of the registrant, its subsidiaries and any predecessor(s) during the past five years, or such shorter period as the registrant may have been engaged in business. Information shall be disclosed for earlier periods if material to an understanding of the general development of the business.
 - (1) In describing developments, information shall be given as to matters such as the following: the year in which the registrant was organized and its form of organization; the nature and results of any bankruptcy, receivership or similar proceedings with respect to the registrant or any of its significant subsidiaries; the nature and results of any other material reclassification, merger or consolidation of the registrant or any of its significant subsidiaries; the acquisition or disposition of any material amount of assets otherwise than in the ordinary course of business; and any material changes in the mode of conducting the business.
 - (2) Registrants,
 - (i) filing a registration statement on Form S-1 (§239.11 of this chapter) under the Securities Act or on Form 10 (§249.210 of this chapter) under the Exchange Act,
 - (ii) not subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act immediately prior to the filing of such registration statement, and
 - (iii) that (including predecessors) have not received revenue from operations during each of the three fiscal years immediately prior to the filing of registration statement, shall provide the following information:
 - (A) if the registration statement is filed prior to the end of the registrant's second fiscal quarter, a description of the registrant's plan of operation for the remainder of the fiscal year; or
 - (B) if the registration statement is filed subsequent to the end of the registrant's second fiscal quarter, a description of the registrant's plan of operation for the remainder of the fiscal year and for the first six months of the next fiscal year. If such information is not available, the reasons for its not being available shall be stated. Disclosure relating to any plan shall include such matters as:
 - (1) In the case of a registration statement on Form S-1, a statement in narrative for indicating the registrant's opinion as to the period of time that the proceeds from the offering will satisfy cash requirements and whether in the next six months it will be necessary to raise additional funds to meet the expenditures required for operating the business of the registrant; the specific reasons for such opinion shall be set forth and categories of expenditures and sources of cash resources shall be identified; however, amounts of expenditures and cash resources need not be provided; in addition, if the narrative statement is based on a cash budget, such budget shall be furnished to the Commission as supplemental information, but not as part of the registration

statement;

- (2) An explanation of material product research and development to be performed during the period covered in the plan;
- (3) Any anticipated material acquisition of plant and equipment and the capacity thereof;
- (4) Any anticipated material changes in number of employees in the various departments such as research and development, production, sales or administration; and
- (5) Other material areas which may be peculiar to the registrant's business.

(b) *Financial information about segments.* Report for each segment, as defined by generally accepted accounting principles, revenues from external customers, a measure of profit or loss and total assets. A registrant must report this information for each of the last three fiscal years or for as long as it has been in business, whichever period is shorter. If the information provided in response to this paragraph (b) conforms with generally accepted accounting principles, a registrant may include in its financial statements a cross reference to this data in lieu of presenting duplicative information in the financial statements; conversely, a registrant may cross reference to the financial statements.

(1) If a registrant changes the structure of its internal organization in a manner that causes the composition of its reportable segments to change, the registrant must restate the corresponding information for earlier periods, including interim periods, unless it is impracticable to do so. Following a change in the composition of its reportable segments, a registrant shall disclose whether it has restated the corresponding items of segment information for earlier periods. If it has not restated the items from earlier periods, the registrant shall disclose in the year in which the change occurs segment information for the current period under both the old basis and the new basis of segmentation, unless it is impracticable to do so.

(i) When the financial statements of the registrant as a whole have been restated retroactively; or

(ii) when there has been a change in the way the registrant's products or services are grouped into industry segments and such change affects the segment information being reported; restatement is not required when a registrant's reportable segments change solely as a result of a change in the nature of its operations or as a result of a segment losing or gaining in significance.

(2) If the registrant includes, or is required by Article 3 of Regulation S-X (17 CFR 210) to include, interim financial statements, discuss any facts relating to the performance of any of the segments during the period which, in the opinion of management, indicate that the three year segment financial data may not be indicative of current or future operations of the segment. Comparative financial information shall be included to the extent necessary to the discussion.

(c) *Narrative description of business.*

(1) Describe the business done and intended to be done by the registrant and its subsidiaries, focusing upon the registrant's dominant segment or each reportable segment about which financial information is presented in the financial statements. To the extent material to an understanding of the registrant's business taken as a whole, the description of each such segment shall include the information specified in paragraphs (c)(1)(i) through (x) of this Item. The matters specified in paragraphs (c)(1)(xi) through (xiii) of this Item shall be discussed with respect to the registrant's business in general; where material, the segments to which these matters are significant shall be identified.

(i) The principal products produced and services rendered by the registrant in the segment and the principal markets for, and methods of distribution of, the segment's principal products and services. In addition, state for each of the last three fiscal years the amount or percentage of total revenue contributed by any class of similar products or services which accounted for 10 percent or more of consolidated revenue in any of the last three fiscal years or 15 percent or more of consolidated revenue, if total revenue did not exceed \$50,000,000 during any of such fiscal years.

(ii) A description of the status of a product or segment (e.g., whether in the planning stage, whether prototypes exist, the degree to which product design has progressed or whether further engineering is necessary), if there has been a public announcement of, or if the registrant otherwise has made public information about, a new product or segment that would require the investment of a material amount of the assets of the registrant or that otherwise is material. This paragraph is not intended to require disclosure of otherwise nonpublic corporate information the disclosure of which would affect adversely the registrant's competitive position.

(iii) The sources and availability of raw materials.

(iv) The importance to the segment and the duration and effect of all patents, trademarks, licenses, franchises and concessions held.

(v) The extent to which the business of the segment is or may be seasonal.

- (vi) The practices of the registrant and the industry (respective industries) relating to working capital items (e.g., where the registrant is required to carry significant amounts of inventory to meet rapid delivery requirements of customers or to assure itself of a continuous allotment of goods from suppliers; where the registrant provides rights to return merchandise; or where the registrant has provided extended payment terms to customers).
- (vii) The dependence of the segment upon a single customer, or a few customers, the loss of any one or more of which would have a material adverse effect on the segment. The name of any customer and its relationship, if any, with the registrant or its subsidiaries shall be disclosed if sales to the customer by one or more segments are made in an aggregate amount equal to 10 percent or more of the registrant's consolidated revenues and the loss of such customer would have a material adverse effect on the registrant and its subsidiaries taken as a whole. The names of other customers may be included, unless in the particular case the effect of including the names would be misleading. For purposes of this paragraph, a group of customers under common control or customers that are affiliates of each other shall be regarded as a single customer.
- (viii) The dollar amount of backlog orders believed to be firm, as of a recent date and as of a comparable date in the preceding fiscal year, together with an indication of the portion thereof not reasonably expected to be filled within the current fiscal year, and seasonal or other material aspects of the backlog. (There may be included as firm orders government orders that are firm but not yet funded and contracts awarded but not yet signed, provided an appropriate statement is added to explain the nature of such orders and the amount thereof. The portion of orders already included in sales or operating revenues on the basis of percentage of completion or program accounting shall be excluded.)
- (ix) A description of any material portion of the business that may be subject to renegotiation of profits or termination of contracts or subcontracts at the election of the Government.
- (x) Competitive conditions in the business involved including, where material, the identity of the particular markets in which the registrant competes, an estimate of the number of competitors and the registrant's competitive position, if known or reasonably available to the registrant. Separate consideration shall be given to the principal products or services or classes of products or services of the segment, if any. Generally, the names of competitors need not be disclosed. The registrant may include such names, unless in the particular case the effect of including the names would be misleading. Where, however, the registrant knows or has reason to know that one or a small number of competitors is dominant in the industry it shall be identified. The principal methods of competition (e.g., price, service, warranty or product performance) shall be identified, and positive and negative factors pertaining to the competitive position of the registrant, to the extent that they exist, shall be explained if known or reasonably available to the registrant.
- (xi) If material, the estimated amount spent during each of the last three fiscal years on company-sponsored research and development activities determined in accordance with generally accepted accounting principles. In addition, state, if material, the estimated dollar amount spent during each of such years on customer-sponsored research activities relating to the development of new products, services or techniques or the improvement of existing products, services or techniques.
- (xii) Appropriate disclosure also shall be made as to the material effects that compliance with Federal, State and local provisions which have been enacted or adopted regulating the discharge of materials into the environment, or otherwise relating to the protection of the environment, may have upon the capital expenditures, earnings and competitive position of the registrant and its subsidiaries. The registrant shall disclose any material estimated capital expenditures for environmental control facilities for the remainder of its current fiscal year and its succeeding fiscal year and for such further periods as the registrant may deem material.
- (xiii) The number of persons employed by the registrant.

(d) *Financial information about geographic areas.*

- (1) State for each of the registrants last three fiscal years, or for each fiscal year the registrant has been engaged in business, whichever period is shorter:
 - (i) Revenues from external customers attributed to:
 - (A) The registrants country of domicile;
 - (B) All foreign countries, in total, from which the registrant derives revenues; and
 - (C) Any individual foreign country, if material. Disclose the basis for attributing revenues from external customers to individual countries.
 - (ii) Long-lived assets, other than financial instruments, long-term customer relationships of a financial institution, mortgage and other servicing rights, deferred policy acquisition costs, and deferred tax assets, located in:
 - (A) The registrants country of domicile;
 - (B) All foreign countries, in total, in which the registrant holds assets; and

- (C) Any individual foreign country, if material.
- (2) A registrant shall report the amounts based on the financial information that it uses to produce the general-purpose financial statements. If providing the geographic information is impracticable, the registrant shall disclose that fact. A registrant may wish to provide, in addition to the information required by paragraph (d)(1) of this section, subtotals of geographic information about groups of countries. To the extent that the disclosed information conforms with generally accepted accounting principles, the registrant may include in its financial statements a cross reference to this data in lieu of presenting duplicative data in its financial statements; conversely, a registrant may cross-reference to the financial statements.
- (3) A registrant shall describe any risks attendant to the foreign operations and any dependence on one or more of the registrants segments upon such foreign operations, unless it would be more appropriate to discuss this information in connection with the description of one or more of the registrants segments under paragraph (c) of this item.
- (4) If the registrant includes, or is required by Article 3 of Regulation S-X (17 CFR 210), to include, interim financial statements, discuss any facts relating to the information furnished under this paragraph (d) that, in the opinion of management, indicate that the three year financial data for geographic areas may not be indicative of current or future operations. To the extent necessary to the discussion, include comparative information.
- (e) *Available Information.* Disclose the information in paragraphs (e)(1), (e)(2) and (e)(3) of this section in any registration statement you file under the Securities Act (15 U.S.C. 77a *et seq.*), and disclose the information in paragraphs (e)(3) and (e)(4) of this section if you are an accelerated filer or a large accelerated filer and filing an annual report on Form 10-K (§ 249.310 of this chapter):
- (1) Whether you file reports with the Securities and Exchange Commission. If you are a reporting company, identify the reports and other information you file with the SEC.
- (2) That the public may read and copy any materials you file with the SEC at the SEC's Public Reference Room at 100 F Street, NE, Washington, DC 20549. State that the public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. If you are an electronic filer, state that the SEC maintains an Internet site that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC and state the address of that site (<http://www.sec.gov>).
- (3) You are encouraged to give your Internet address, if available, except that if you are an accelerated filer or a large accelerated filer and filing your annual report on Form 10-K, you must disclose your Internet address, if you have one.
- (4)(i) Whether you make available free of charge on or through your Internet website, if you have one, your annual report on Form 10-K, quarterly reports on Form 10-Q (§ 249.308a of this chapter), current reports on Form 8-K (§ 249.308 of this chapter), and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)) as soon as reasonably practicable after you electronically file such material with, or furnish it to, the SEC;
- (ii) If you do not make your filings available in this manner, the reasons you do not do so (including, where applicable, that you do not have an Internet website); and
- (iii) If you do not make your filings available in this manner, whether you voluntarily will provide electronic or paper copies of your filings free of charge upon request.
- (f) *Reports to Security Holders.* Disclose the following information in any registration statement you file under the Securities Act:
- (1) If the SEC's proxy rules or regulations, or stock exchange requirements, do not require you to send an annual report to security holders or to holders of American depository receipts, describe briefly the nature and frequency of reports that you will give to security holders. Specify whether the reports that you give will contain financial information that has been examined and reported on, with an opinion expressed "by" an independent public or certified public accountant.
- (2) For a foreign private issuer, if the report will not contain financial information prepared in accordance with U.S. generally accepted accounting principles, you must state whether the report will include a reconciliation of this information with U.S. generally accepted accounting principles.
- (g) *Enforceability of Civil Liabilities Against Foreign Persons.* Disclose the following if you are a foreign private issuer filing a registration statement under the Securities Act:
- (1) Whether or not investors may bring actions under the civil liability provisions of the U.S. federal securities laws against the foreign private issuer, any of its officers and directors who are residents of a foreign country, any underwriters or experts named in the registration statement that are residents of a foreign country, and whether investors may enforce these civil liability provisions when the assets of the issuer or these other persons are located outside of the United States. The disclosure must address the following matters:
- (i) The investor's ability to effect service of process within the United States on the foreign private issuer or any person;

- (ii) The investor's ability to enforce judgments obtained in U.S. courts against foreign persons based upon the civil liability provisions of the U.S. federal securities laws;
 - (iii) The investor's ability to enforce, in an appropriate foreign court, judgments of U.S. courts based upon the civil liability provisions of the U.S. federal securities laws; and
 - (iv) The investor's ability to bring an original action in an appropriate foreign court to enforce liabilities against the foreign private issuer or any person based upon the U.S. federal securities laws.
- (2) If you provide this disclosure based on an opinion of counsel, name counsel in the prospectus and file as an exhibit to the registration statement a signed consent of counsel to the use of its name and opinion.

Instructions to Item 101.

1. In determining what information about the segments is material to any understanding of the registrant's business taken as a whole and therefore required to be disclosed pursuant to paragraph (c) of this Item, the registrant should take into account both quantitative and qualitative factors such as the significance of the matter to the registrant (e.g., whether a matter with a relatively minor impact on the registrant's business is represented by management to be important to its future profitability), the pervasiveness of the matter (e.g., whether it affects or may affect numerous items in the segment information), and the impact of the matter (e.g., whether it distorts the trends reflected in the segment information). Situations may arise when information should be disclosed about a segment although the information in quantitative terms may not appear significant to the registrant's business taken as a whole.
2. Base the determination of whether information about segments is required for a particular year upon an evaluation of interperiod comparability. For instance, interperiod comparability would require a registrant to report segment information in the current period even if not material under the criteria for reportability of SFAS No. 131 if a segment has been significant in the immediately preceding period and the registrant expects it to be significant in the future.
3. The Commission, upon written request of the registrant and where consistent with the protection of investors, may permit the omission of any of the information required by this Item or the furnishing in substitution thereof of appropriate information of comparable character.

Description of Property

Reg. §229.102. Item 102. State briefly the location and general character of the principal plants, mines and other materially important physical properties of the registrant and its subsidiaries. In addition, identify the segment(s) that use the properties described. If any such property is not held in fee or is held subject to any major encumbrance, so state and describe briefly how held.

Instructions to Item 102.

1. What is required is such information as reasonably will inform investors as to the suitability, adequacy, productive capacity and extent of utilization of the facilities by the registrant. Detailed descriptions of the physical characteristics of individual properties or legal descriptions by metes and bounds are not required and shall not be given.
2. In determining whether properties should be described, the registrant should take into account both quantitative and qualitative factors. See Instruction 1 to Item 101 of Regulation S-K (§229.101).
3. In the case of an extractive enterprise, material information shall be given as to production reserves, locations, development and the nature of the registrant's interest. If individual properties are of major significance to an industry segment:
 - A. More detailed information concerning these matters shall be furnished; and
 - B. Appropriate maps shall be used to disclose location data of significant properties except in cases for which numerous maps would be required.
4. A. If reserve estimates are referred to in the document. The staff of the Office of Engineering, Division of Corporation Finance of the Commission, shall be consulted. That Office may request that a copy of the full report of the engineer or other expert who estimated the reserves be furnished as supplemental information and not as part of the filing. See Rule 418 of Regulation C (§230.418 of this chapter) and Rule 12b-4 of Regulation 12B (§240.12b-4 of this chapter) with respect to the submission to, and return by, the Commission of supplemental information.

- B. If the estimates of reserves, or any estimated valuation thereof, are represented as being based on estimates prepared or reviewed by independent consultants, those independent consultants shall be named in the document.
5. Estimates of oil or gas reserves other than proved or, in the case of other extractive reserves, estimates other than proved or probable reserves, and any estimated values of such reserves shall not be disclosed in any document publicly filed with the Commission, unless such information is required to be disclosed in the document by foreign or state law; provided, however, that where such estimates previously have been provided to a person (or any of its affiliates) that is offering to acquire, merge or consolidate with the registrant or otherwise to acquire the registrant's securities, such estimates may be included in documents relating to such acquisition.
6. The definitions in §210.4-10(a) of Regulation S-X [17 CFR 210] shall apply to this Item with respect to oil and gas operations.

Legal Proceedings

Reg. §229.103. Item 103. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the registrant or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

Instructions to Item 103.

1. If the business ordinarily results in actions for negligence or other claims, no such action or claim need be described unless it departs from the normal kind of such actions.
2. No information need be given with respect to any proceeding that involves primarily a claim for damages if the amount involved, exclusive of interest and costs, does not exceed 10 percent of the current assets of the registrant and its subsidiaries on a consolidated basis. However, if any proceeding presents in large degree the same legal and factual issues as other proceedings pending or known to be contemplated, the amount involved in such other proceedings shall be included in computing such percentage.
3. Notwithstanding Instructions 1 and 2, any material bankruptcy, receivership, or similar proceeding with respect to the registrant or any of its significant subsidiaries shall be described.
4. Any material proceedings to which any director, officer or affiliate of the registrant, any owner of record or beneficially of more than five percent of any class of voting securities of the registrant, or any associate of any such director, officer, affiliate of the registrant, or security holder is a party adverse to the registrant or any of its subsidiaries or has a material interest adverse to the registrant or any of its subsidiaries also shall be described.
5. Notwithstanding the foregoing, an administrative or judicial proceeding (including, for purposes of A and B of this Instruction, proceedings which present in large degree the same issues) arising under any Federal, State or local provisions that have been enacted or adopted regulating the discharge of materials into the environment or primarily for the purpose of protecting the environment shall not be deemed "ordinary routine litigation incidental to the business" and shall be described if:
 - A. Such proceeding is material to the business or financial condition of the registrant;
 - B. Such proceeding involves primarily a claim for damages, or involves potential monetary sanctions, capital expenditures, deferred charges or charges to income and the amount involved, exclusive of interest and costs, exceeds 10 percent of the current assets of the registrant and its subsidiaries on a consolidated basis; or
 - C. A governmental authority is a party to such proceeding and such proceeding involves potential monetary sanctions, unless the registrant reasonably believes that such proceeding will result in no monetary sanctions, or in monetary sanctions, exclusive of interest and costs, of less than \$100,000; provided, however, that such proceedings which are similar in nature may be grouped and described generically.

Subpart 229.200 — Securities of the Registrant

Market Price of and Dividends on the Registrant's Common Equity and Related Stockholder Matters

Reg. §229.201. Item 201.

- (a) *Market information.*

- (1)
 - (i) Identify the principal United States market or markets in which each class of the registrant's common equity is being traded. Where there is no established public trading market for a class of common equity, furnish a statement to that effect. For purposes of this Item the existence of limited or sporadic quotations should not of itself be deemed to constitute an "established public trading market." In the case of foreign registrants, also identify the principal established foreign public trading market, if any, for each class of the registrant's common equity.
 - (ii) If the principal United States market for such common equity is an exchange, state the high and low sales prices for the equity for each full quarterly period within the two most recent fiscal years and any subsequent interim period for which financial statements are included, or are required to be included by Article 3 of Regulation S-X [17 CFR 210], as reported in the consolidated transaction reporting system or, if not so reported, as reported on the principal exchange market for such equity.
 - (iii) If the principal United States market for such common equity is not an exchange, state the range of high and low bid information for the equity for each full quarterly period within the two most recent fiscal years and any subsequent interim period for which financial statements are included, or are required to be included by Article 3 of Regulation S-X, as regularly quoted in the automated quotation system of a registered securities association, or where the equity is not quoted in such a system, the range of reported high and low bid quotations, indicating the source of such quotations. Indicate, as applicable, that such over-the-counter market quotations reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not necessarily represent actual transactions. Where there is an absence of an established public trading market, reference to quotations shall be qualified by appropriate explanation.
 - (iv) Where a foreign registrant has identified a principal established foreign trading market for its common equity pursuant to paragraph (a)(1) of this Item, also provide market price information comparable, to the extent practicable, to that required for the principal United States market, including the source of such information. Such prices shall be stated in the currency in which they are quoted. The registrant may translate such prices into United States currency at the currency exchange rate in effect on the date the price disclosed was reported on the foreign exchange. If the primary United States market for the registrant's common equity trades using American Depositary Receipts, the United States prices disclosed shall be on that basis.
 - (v) If the information called for by this Item is being presented in a registration statement filed pursuant to the Securities Act or a proxy or information statement filed pursuant to the Exchange Act, the document also shall include price information as of the latest practicable date, and, in the case of securities to be issued in connection with an acquisition, business combination or other reorganization, as of the date immediately prior to the public announcement of such transaction.
 - (2) If the information called for by this paragraph (a) is being presented in a registration statement on Form S-1 [§239.11 of this chapter] or Form S-18 [§239.28 of this chapter] under the Securities Act or on Form 10 [§249.210 of this chapter] under the Exchange Act relating to a class of common equity for which at the time of filing there is no established United States public trading market, indicate the amount(s) of common equity (i) that is subject to outstanding options or warrants to purchase, or securities convertible into, common equity of the registrant; (ii) that could be sold pursuant to Rule 144 under the Securities Act [§230.144 of this chapter] or that the registrant has agreed to register under the Securities Act for sale by security holders; or (iii) that is being, or has been publicly proposed to be, publicly offered by the registrant (unless such common equity is being offered pursuant to an employee benefit plan or dividend reinvestment plan), the offering of which could have a material effect on the market price of the registrant's common equity.
- (b) *Holders.*
- (1) Set forth the approximate number of holders of each class of common equity of the registrant as of the latest practicable date.
 - (2) If the information called for by this paragraph (b) is being presented in a registration statement filed pursuant to the Securities Act or a proxy statement or information statement filed pursuant to the Exchange Act that relates to an acquisition, business combination or other reorganization, indicate the effect of such transaction on the amount and percentage of present holdings of the registrant's common equity owned beneficially by (i) any person (including any group as that term is used in section 13(d)(3) of the Exchange Act) who is known to the registrant to be the beneficial owner of more than five percent of any class of the registrant's common equity and (ii) each director and nominee and (iii) all directors and officers as a group, and the registrant's present commitments to such persons with respect to the issuance of shares of any class of its common equity.
- (c) *Dividends.*
- (1) State the frequency and amount of any cash dividends declared on each class of its common equity by the registrant for the two most recent fiscal years and any subsequent interim period for which financial statements are required to be presented by §210.3 of Regulation S-X. Where there are restrictions (including, where appropriate, restrictions on the ability of registrant's subsidiaries to transfer funds to the registrant in the form of cash dividends, loans or advances) that currently materially limit the registrant's ability to pay such dividends or that the registrant reasonably believes are likely to limit materially the future payment of dividends on the common equity so state and either (i) describe briefly (where appropriate quantify) such restrictions, or (ii) cross reference to the specific discussion of such restrictions in the Management's Discussion and Analysis of financial condition and operating results prescribed by Item 303 of Regulation S-K (§229.303) and the description of such restrictions required by Regulation S-X in the registrant's financial statements.

- (2) Where registrants have a record of paying no cash dividends although earnings indicate an ability to do so, they are encouraged to consider the question of their intention to pay cash dividends in the foreseeable future and, if no such intention exists, to make a statement of that fact in the filing. Registrants which have a history of paying cash dividends also are encouraged to indicate whether they currently expect that comparable cash dividends will continue to be paid in the future and, if not, the nature of the change in the amount or rate of cash dividend payments.

(d) **Securities authorized for issuance under equity compensation plans.**

1. In the following tabular format, provide the information specified in paragraph (d)(2) of this Item as of the end of the most recently completed fiscal year with respect to compensation plans (including individual compensation arrangements) under which equity securities of the registrant are authorized for issuance, aggregated as follows:
 - i. All compensation plans previously approved by security holders; and
 - ii. All compensation plans not previously approved by security holders.

Equity Compensation Plan Information			
	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance
Plan category	(a)	(b)	(c)
Equity compensation plans approved by security holders			
Equity compensation plans not approved by security holders			
Total			

2. The table shall include the following information as of the end of the most recently completed fiscal year for each category of equity compensation plan described in paragraph (d)(1) of this Item:
 - i. The number of securities to be issued upon the exercise of outstanding options, warrants and rights (column (a));
 - ii. The weighted-average exercise price of the outstanding options, warrants and rights disclosed pursuant to paragraph (d)(2)(i) of this Item (column (b)); and
 - iii. Other than securities to be issued upon the exercise of the outstanding options, warrants and rights disclosed in paragraph (d)(2)(i) of this Item, the number of securities remaining available for future issuance under the plan (column (c)).
3. For each compensation plan under which equity securities of the registrant are authorized for issuance that was adopted without the approval of security holders, describe briefly, in narrative form, the material features of the plan.

Instructions to Paragraph (d).

1. Disclosure shall be provided with respect to any compensation plan and individual compensation arrangement of the registrant (or parent, subsidiary or affiliate of the registrant) under which equity securities of the registrant are authorized for issuance to employees or non-employees (such as directors, consultants, advisors, vendors, customers, suppliers or lenders) in exchange for consideration in the form of goods or services as described in Statement of Financial Accounting Standards No. 123, *Accounting for Stock-Based Compensation*, or any successor standard. No disclosure is required with respect to:
 - i. Any plan, contract or arrangement for the issuance of warrants or rights to all security holders of the registrant as such on a pro rata basis (such as a stock rights offering) or
 - ii. Any employee benefit plan that is intended to meet the qualification requirements of Section 401(a) of the Internal Revenue Code (26 U.S.C. 401(a)).
2. For purposes of this paragraph, an “individual compensation arrangement” includes, but is not limited to, the following: a written compensation contract within the meaning of “employee benefit plan” under §230.405 of this chapter and a plan (whether or not set forth in any formal document) applicable to one person as provided under Item 402(a)(6)(ii) of Regulation S-K (§229.402(a)(6)(ii)).

3. If more than one class of equity security is issued under its equity compensation plans, a registrant should aggregate plan information for each class of security.
4. A registrant may aggregate information regarding individual compensation arrangements with the plan information required under paragraph (d)(1)(i) and (ii) of this Item, as applicable.
5. A registrant may aggregate information regarding a compensation plan assumed in connection with a merger, consolidation or other acquisition transaction pursuant to which the registrant may make subsequent grants or awards of its equity securities with the plan information required under paragraph (d)(1)(i) and (ii) of this Item, as applicable. A registrant shall disclose on an aggregated basis in a footnote to the table the information required under paragraph (d)(2)(i) and (ii) of this Item with respect to any individual options, warrants or rights assumed in connection with a merger, consolidation or other acquisition transaction.
6. To the extent that the number of securities remaining available for future issuance disclosed in column (c) includes securities available for future issuance under any compensation plan or individual compensation arrangement other than upon the exercise of an option, warrant or right, disclose the number of securities and type of plan separately for each such plan in a footnote to the table.
7. If the description of an equity compensation plan set forth in a registrant's financial statements contains the disclosure required by paragraph (d)(3) of this Item, a cross-reference to such description will satisfy the requirements of paragraph (d)(3) of this Item.
8. If an equity compensation plan contains a formula for calculating the number of securities available for issuance under the plan, including, without limitation, a formula that automatically increases the number of securities available for issuance by a percentage of the number of outstanding securities of the registrant, a description of this formula shall be disclosed in a footnote to the table.
9. Except where it is part of a document that is incorporated by reference into a prospectus, the information required by this paragraph need not be provided in any registration statement filed under the Securities Act.

(e) Performance graph. (1) Provide a line graph comparing the yearly percentage change in the registrant's cumulative total shareholder return on a class of common stock registered under section 12 of the Exchange Act (as measured by dividing the sum of the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and the difference between the registrant's share price at the end and the beginning of the measurement period; by the share price at the beginning of the measurement period) with:

(i) The cumulative total return of a broad equity market index assuming reinvestment of dividends, that includes companies whose equity securities are traded on the same exchange or are of comparable market capitalization; provided, however, that if the registrant is a company within the Standard & Poor's 500 Stock Index, the registrant must use that index; and

(ii) The cumulative total return, assuming reinvestment of dividends, of:

(A) A published industry or line-of-business index;

(B) Peer issuer(s) selected in good faith. If the registrant does not select its peer issuer(s) on an industry or line-of-business basis, the registrant shall disclose the basis for its selection; or

(C) Issuer(s) with similar market capitalization(s), but only if the registrant does not use a published industry or line-of-business index and does not believe it can reasonably identify a peer group. If the registrant uses this alternative, the graph shall be accompanied by a statement of the reasons for this selection.

(2) For purposes of paragraph (e)(1) of this Item, the term "measurement period" shall be the period beginning at the "measurement point" established by the market close on the last trading day before the beginning of the registrant's fifth preceding fiscal year, through and including the end of the registrant's last completed fiscal year. If the class of securities has been registered under section 12 of the Exchange Act (15 U.S.C. 78l) for a shorter period of time, the period covered by the comparison may correspond to that time period.

(3) For purposes of paragraph (e)(1)(ii)(A) of this Item, the term "published industry or line-of-business index" means any index that is prepared by a party other than the registrant or an affiliate and is accessible to the registrant's security holders; provided, however, that registrants may use an index prepared by the registrant or affiliate if such index is widely recognized and used.

(4) If the registrant selects a different index from an index used for the immediately preceding fiscal year, explain the reason(s) for this change and also compare the registrant's total return with that of both the newly selected index and the index used in the immediately preceding fiscal year.

Instructions to Item 201(e):

1. In preparing the required graphic comparisons, the registrant should:

a. Use, to the extent feasible, comparable methods of presentation and assumptions for the total return calculations required by paragraph (e)(1) of this Item; provided, however, that if the registrant constructs its own peer group index under paragraph (e)(1)(ii)(B), the same methodology must be used in calculating both the registrant's total return and that on the peer group index; and

b. Assume the reinvestment of dividends into additional shares of the same class of equity securities at the frequency with which dividends are paid on such securities during the applicable fiscal year.

2. In constructing the graph:

a. The closing price at the measurement point must be converted into a fixed investment, stated in dollars, in the registrant's stock (or in the stocks represented by a given index) with cumulative returns for each subsequent fiscal year measured as a change from that investment; and

b. Each fiscal year should be plotted with points showing the cumulative total return as of that point. The value of the investment as of each point plotted on a given return line is the number of shares held at that point multiplied by the then-prevailing share price.

3. The registrant is required to present information for the registrant's last five fiscal years, and may choose to graph a longer period; but the measurement point, however, shall remain the same.

4. Registrants may include comparisons using performance measures in addition to total return, such as return on average common shareholders' equity.

5. If the registrant uses a peer issuer(s) comparison or comparison with issuer(s) with similar market capitalizations, the identity of those issuers must be disclosed and the returns of each component issuer of the group must be weighted according to the respective issuer's stock market capitalization at the beginning of each period for which a return is indicated.

6. A registrant that qualifies as a "small business issuer," as defined by Item 10(a)(1) of Regulation S-B (17 CFR 228.10(a)(1)) is not required to provide the information required by paragraph (e) of this Item.

7. The information required by paragraph (e) of this Item need not be provided in any filings other than an annual report to security holders required by Exchange Act Rule 14a-3 (17 CFR 240.14a-3) or Exchange Act Rule 14c-3 (17 CFR 240.14c-3) that precedes or accompanies a registrant's proxy or information statement relating to an annual meeting of security holders at which directors are to be elected (or special meeting or written consents in lieu of such meeting). Such information will not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference.

8. The information required by paragraph (e) of this Item shall not be deemed to be "soliciting material" or to be "filed" with the Commission or subject to Regulation 14A or 14C (17 CFR 240.14a-1 – 240.14a-104 or 240.14c-1 – 240.14c-101), other than as provided in this item, or to the liabilities of section 18 of the Exchange Act (15 U.S.C. 78r), except to the extent that the registrant specifically requests that such information be treated as soliciting material or specifically incorporates it by reference into a filing under the Securities Act or the Exchange Act.

Instructions to Item 201.

1. Registrants, the common equity of which is listed for trading on more than one securities exchange registered under the Exchange Act, are required to indicate each such exchange pursuant to paragraph (a)(1)(i) of this Item; such registrants, however, need only report one set of price quotations pursuant to paragraph (a)(1)(ii) of this Item; where available, these shall be the prices as reported in the consolidated transaction reporting system and, where the prices are not so reported, the prices on the most significant (in terms of volume) securities exchange for such shares.
2. Market prices and dividends reported pursuant to this Item shall be adjusted to give retroactive effect to material changes resulting from stock dividends, stock splits and reverse stock splits.
3. The computation of the approximate number of holders of registrant's common equity may be based upon the number of record holders or also may include individual participants in security position listings. See Rule 17Ad-8 under the Exchange Act. The method of computation that is chosen shall be indicated.
4. If the registrant is a foreign issuer, describe briefly:
 - A. Any governmental laws, decrees or regulations in the country in which the registrant is organized that restrict the export or import of capital, including, but not limited to, foreign exchange controls, or that affect the remittance of dividends or other payments to nonresident holders of the registrant's common equity; and
 - B. All taxes, including withholding provisions, to which United States common equity holders are subject under existing laws and regulations of the foreign country in which the registrant is organized. Include a brief description of pertinent provisions of any reciprocal tax treaty between such foreign country and the United States regarding withholding. If there is no such treaty, so state.
5. If the registrant is a foreign private issuer whose common equity of the class being registered is wholly or partially in bearer form, the response to this Item shall so indicate together with as much information as the registrant is able to provide with respect to security holdings in the United States. If the securities being registered trade in the United States in the form of American Depositary Receipts or similar certificates, the response to this Item shall so indicate together with the name of the depository issuing such receipts and the number of shares or other units of the underlying security representing the trading units in such receipts.

Description of Registrant's Securities

Reg. §229.202. Item 202.

Note — If the securities being described have been accepted for listing on an exchange, the exchange may be identified. The document should not however, convey the impression that the registrant may apply successfully for listing of the securities on an exchange or that, in the case of an underwritten offering, the underwriters may request the registrant to apply for such listing, unless there is reasonable assurance that the securities to be offered will be acceptable to a securities exchange for listing.

- (a) *Capital stock.* If capital stock is to be registered, state the title of the class and describe such of the matters listed in paragraphs (a)(1) through (5) as are relevant. A complete legal description of the securities need not be given.

 - (2) If the rights of holders of such stock may be modified otherwise than by a vote of a majority or more of the shares outstanding, voting as a class, so state and explain briefly.
 - (3) If preferred stock is to be registered, describe briefly any restriction on the repurchase or redemption of shares by the registrant while there is any arrearage in the payment of dividends or sinking fund installments. If there is no such restriction, so state.
 - (4) If the rights evidenced by, or amounts payable with respect to, the shares to be registered are, or may be, materially limited or qualified by the rights of any other authorized class of securities, include the information regarding such other securities as will enable investors to understand such limitations or qualifications. No information need be given, however, as to any class of securities all of which will be retired, provided appropriate steps to ensure such retirement will be completed prior to or upon delivery by the registrant of the shares.

- (5) Describe briefly or cross-reference to a description in another part of the document, any provision of the registrant's charter or by-laws that would have an effect of delaying, deferring or preventing a change in control of the registrant and that would operate only with respect to an extraordinary corporate transaction involving the registrant (or any of its subsidiaries), such as a merger, reorganization tender offer, sale or transfer of substantially all of its assets, or liquidation. Provisions and arrangements required by law or imposed by governmental or judicial authority need not be described or discussed pursuant to this paragraph (a)(5). Provisions or arrangements adopted by the registrant to effect, or further, compliance with laws or governmental or judicial mandate are not subject to the immediately preceding sentence where such compliance did not require the specific provisions or arrangements adopted.
- (b) *Debt securities.* If debt securities are to be registered, state the title of such securities, the principal amount being offered, and, if a series, the total amount authorized and the total amount outstanding as of the most recent practicable date; and describe such of the matter listed in paragraphs (b)(1) through (10) as are relevant. A complete legal description of the securities need not be given. For purposes solely of this Item, debt securities that differ from one another only as to the interest rate or maturity shall be regarded as securities of the same class. Outline briefly:
- (1) Provisions with respect to maturity, interest, conversion, redemption, amortization, sinking fund, or retirement;
 - (2) Provisions with respect to the kind and priority of any lien securing the securities, together with a brief identification of the principal properties subject to such lien;
 - (3) Provisions with respect to the subordination of the rights of holders of the securities to other security holders or creditors of the registrant; where debt securities are designated as subordinated in accordance with Instruction 1 to this item, set forth the aggregate amount of outstanding indebtedness as of the most recent practicable date that by the terms of such debt securities would be senior to such subordinated debt and describe briefly any limitation on the issuance of such additional senior indebtedness or state that there is no such limitation;
 - (4) Provisions restricting the declaration of dividends or requiring the maintenance of any asset ratio or the creation or maintenance of reserves;
 - (5) Provisions restricting the incurrence of additional debt or the issuance of additional securities; in the case of secured debt, whether the securities being registered are to be issued on the basis of unbonded bondable property, the deposit of cash or otherwise; as of the most recent practicable date, the approximate amount of unbonded bondable property available as a basis for the issuance of bonds; provisions permitting the withdrawal of cash deposited as a basis for the issuance of bonds; and provisions permitting the release or substitution of assets securing the issue; *Provided, however,* That provisions permitting the release of assets upon the deposit of equivalent funds or the pledge of equivalent property, the release of property no longer required in the business, obsolete property, or property taken by eminent domain or the application of insurance moneys, and other similar provisions need not be described;
 - (6) The general type of event that constitutes a default and whether or not any periodic evidence is required to be furnished as to the absence of default or as to compliance with the terms of the indenture;
 - (7) Provisions relating to modification of the terms of the security or the rights of security holders;
 - (8) If the rights evidenced by the securities to be registered are, or may be, materially limited or qualified by the rights of any other authorized class of securities, the information regarding such other securities as will enable investors to understand the rights evidenced by the securities; to the extent not otherwise disclosed pursuant to this Item, no information need be given, however, as to any class of securities all of which will be retired, provided appropriate steps to ensure such retirement will be completed prior to or upon delivery by the registrant of the securities;
 - (9) If debt securities are to be offered at a price such that they will be deemed to be offered at an "original issue discount" as defined in paragraph (a) of Section 1273 of the Internal Revenue Code (26 U.S.C. 1273), or if a debt security is sold in a package with another security and the allocation of the offering price between the two securities may have the effect of offering the debt security at such an original issue discount, the tax effects thereof pursuant to sections 1271-1278; and
 - (10) The name of the trustee(s) and the nature of any material relationship with the registrant or with any of its affiliates; the percentage of securities of the class necessary to require the trustee to take action; and what indemnification the trustee may require before proceeding to enforce the lien.
- (c) *Warrants and rights.* If the securities described are to be offered pursuant to warrants or rights state:

- (d) *Other securities.* If securities other than capital stock, debt, warrants or rights are to be registered, include a brief description (comparable to that required in paragraphs (a), (b) and (c) of Item 202) of the rights evidenced thereby.
- (e) *Market information for securities other than common equity.* If securities other than common equity are to be registered and there is an established public trading market for such securities (as that term is used in Item 201 of Regulation S-K (§229.201 of this chapter)) provide market information with respect to such securities comparable to that required by paragraph (a) of Item 201 of Regulation S-K (§229.201).

- (a) Each of the last five fiscal years of the registrant (or for the life of the registrant and its predecessors, if less), and
- (b) Any additional fiscal years necessary to keep the information from being misleading.

Instructions to Item 301.

1. The purpose of the selected financial data shall be to supply in a convenient and readable format selected financial data which highlight certain significant trends in the registrant's financial condition and results of operations.
2. Subject to appropriate variation to conform to the nature of the registrant's business, the following items shall be included in the table of financial data; net sales or operating revenues; income (loss) from continuing operations; income (loss) from continuing operations per common share; total assets; long-term obligations and redeemable preferred stock (including long-term debt, capital leases, and redeemable preferred stock as defined in §210.5-02.28(a) of Regulation S-X [17 CFR 210]); and cash dividends declared per common share. Registrants may include additional items which they believe would enhance an understanding of and would highlight other trends in their financial condition and results of operations.

Briefly describe, or cross-reference to a discussion thereof, factors such as accounting changes, business combinations or dispositions of business operations, that materially affect the comparability of the information reflected in selected financial data. Discussion of, or reference to, any material uncertainties should also be included where such matters might cause the data reflected herein not to be indicative of the registrant's future financial condition or results of operations.
3. All references to the registrant in the table of selected financial data and in this Item shall mean the registrant and its subsidiaries consolidated.
4. If interim period financial statements are included, or are required to be included by Article 3 of Regulation S-X, registrants should consider whether any or all of the selected financial data need to be updated for such interim periods to reflect a material change in the trends indicated; where such updating information is necessary, registrants shall provide the information on a comparative basis unless not necessary to an understanding of such updating information.
5. A foreign private issuer shall disclose also the following information in all filings containing financial statements:
 - A. In the forepart of the document and as of the latest practicable date, the exchange rate into U.S. currency of the foreign currency in which the financial statements are denominated;
 - B. A history of exchange rates for the five most recent years and any subsequent interim period for which financial statements are presented setting forth the rates for period end, the average rates, and the range of high and low rates for each year, and
 - C. If equity securities are being registered, a five year summary of dividends per share stated in both the currency in which the financial statements are denominated and United States currency based on the exchange rates at each respective payment date.

6. A foreign private issuer shall present the selected financial data in the same currency as its financial statements. The issuer may present the selected financial data on the basis of the accounting principles used in its primary financial statements but in such case shall present this data also on the basis of any reconciliations of such data to United States generally accepted accounting principles and Regulation S-X made pursuant to Rule 4-01 of Regulation S-X (§210.4-01 of this chapter).
7. For purposes of this rule, the rate of exchange means the noon buying rate in New York City for cable transfers in foreign currencies as certified for customs purposes by the Federal Reserve Bank of New York. The application of this paragraph to those oil and gas producing operations of companies regulated for ratemaking purposes on an individual-company-cost-of-service basis may, however, give appropriate recognition to differences arising because of the effect of the ratemaking process.
3. Any person exempted by the Department of Energy from any recordkeeping or reporting requirements pursuant to Section 11(c) of ESECA, as amended, is similarly exempted from the related provisions of this paragraph in the preparation of accounts pursuant to EPCA. - (1) *Liquidity.* Identify any known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the registrant's liquidity increasing or decreasing in any material way. - (ii) Describe any known trends or uncertainties that have had or that the registrant reasonably expects will have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations. - (iii) To the extent that the financial statements disclose material increases in net sales or revenues, provide a narrative discussion of the extent to which such increases are attributable to increases in prices or to increases in the volume or amount of goods or services being sold or to the introduction of new products or services.
- (iv) For the three most recent fiscal years of the registrant, or for those fiscal years in which the registrant has been engaged in business, whichever period is shortest, discuss the impact of inflation and changing prices on the registrant's net sales and revenues and on income from continuing operations.
- (4) Off-balance sheet arrangements. (i) In a separately-captioned section, discuss the registrant's off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the registrant's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors. The disclosure shall include the items specified in paragraphs (a)(4)(i)(A), (B), (C) and (D) of this Item to the extent necessary to an understanding of such arrangements and effect and shall also include such other information that the registrant believes is necessary for such an understanding.

- (D) Any known event, demand, commitment, trend or uncertainty that will result in or is reasonably likely to result in the termination, or material reduction in availability to the registrant, of its off-balance sheet arrangements that provide material benefits to it, and the course of action that the registrant has taken or proposes to take in response to any such circumstances.

(ii) As used in this paragraph (a)(4), the term off-balance sheet arrangement means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with the registrant is a party, under which the registrant has:

(A) Any obligation under a guarantee contract that has any of the characteristics identified in paragraph 3 of FASB Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others (November 2002) ("FIN 45"), as may be modified or supplemented, and that is not excluded from the initial recognition and measurement provisions of FIN 45 pursuant to paragraphs 6 or 7 of that Interpretation;

(B) A retained or contingent interest in assets transferred to an unconsolidated entity or similar arrangement that serves as credit, liquidity or market risk support to such entity for such assets;

(C) Any obligation, including a contingent obligation, under a contract that would be accounted for as a derivative instrument, except that it is both indexed to the registrant's own stock and classified in stockholders' equity in the registrant's statement of financial position, and therefore excluded from the scope of FASB Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities (June 1998), pursuant to paragraph 11(a) of that Statement, as may be modified or supplemented; or

(D) Any obligation, including a contingent obligation, arising out of a variable interest (as referenced in FASB Interpretation No. 46, Consolidation of Variable Interest Entities (January 2003), as may be modified or supplemented) in an unconsolidated entity that is held by, and material to, the registrant, where such entity provides financing, liquidity, market risk or credit risk support to, or engages in leasing, hedging or research and development services with, the registrant.

(5) Tabular disclosure of contractual obligations. (i) In a tabular format, provide the information specified in this paragraph (a)(5) as of the latest fiscal year end balance sheet date with respect to the registrant's known contractual obligations specified in the table that follows this paragraph (a)(5)(i). The registrant shall provide amounts, aggregated by type of contractual obligation. The registrant may disaggregate the specified categories of contractual obligations using other categories suitable to its business, but the presentation must include all of the obligations of the registrant that fall within the specified categories. A presentation covering at least the periods specified shall be included. The tabular presentation may be accompanied by footnotes to describe provisions that create, increase or accelerate obligations, or other pertinent data to the extent necessary for an understanding of the timing and amount of the registrant's specified contractual obligations.

(ii) Definitions: The following definitions apply to this paragraph (a)(5):

(A) Long-Term Debt Obligation means a payment obligation under long-term borrowings referenced in FASB Statement of Financial Accounting Standards No. 47 Disclosure of Long-Term Obligations (March 1981), as may be modified or supplemented.

(B) Capital Lease Obligation means a payment obligation under a lease classified as a capital lease pursuant to FASB Statement of Financial Accounting Standards No. 13 Accounting for Leases (November 1976), as may be modified or supplemented.

(C) Operating Lease Obligation means a payment obligation under a lease classified as an operating lease and disclosed pursuant to FASB Statement of Financial Accounting Standards No. 13 Accounting for Leases (November 1976), as may be modified or supplemented.

(D) Purchase Obligation means an agreement to purchase goods or services that is enforceable and legally binding on the registrant that specifies all significant terms, including: fixed or minimum quantities to be purchased; fixed, minimum or variable price provisions; and the approximate timing of the transaction.

Instructions to Paragraph 303(a).

1. The registrant's discussion and analysis shall be of the financial statements and of other statistical data that the registrant believes will enhance a reader's understanding of its financial condition, changes in financial condition and results of operations. Generally, the discussion shall cover the three year period covered by the financial statements and shall use year-to-year comparisons or any other formats that in the registrant's judgment enhance a reader's understanding. However, where trend information is relevant reference to the five year selected financial data appearing pursuant to Item 301 of Regulation S-K (§229.301) may be necessary.
2. The purpose of the discussion and analysis shall be to provide to investors and other users information relevant to an assessment of the financial condition and results of operations of the registrant as determined by evaluating the amounts and certainty of cash flows from operations and from outside sources.
3. The discussion and analysis shall focus specifically on material events and uncertainties known to management that would cause reported financial information not to be necessarily indicative of future operating results or of future financial condition. This would include descriptions and amounts of (A) matters that would have an impact on future operations and have not had an impact in the past, and (B) matters that have had an impact on reported operations and are not expected to have an impact upon future operations.
4. Where the consolidated financial statements reveal material changes from year to year in one or more line items, the causes for the changes shall be described to the extent necessary to an understanding of the registrant's businesses as a whole; *Provided, however*, That if the causes for a change in one line item also relate to other line items, no repetition is required and a line-by-line analysis of the financial statements as a whole is not required or generally appropriate. Registrants need not recite the amounts of changes from year to year which are readily computable from the financial statements. The discussion shall not merely repeat numerical data contained in the consolidated financial statements.
5. The term "liquidity" as used in this Item refers to the ability of an enterprise to generate adequate amounts of cash to meet the enterprise's needs for cash. Except where it is otherwise clear from the discussion, the registrant shall indicate those balance sheet conditions or income or cash flow items which the registrant believes may be indicators of its liquidity condition. Liquidity generally shall be discussed on both a long-term and short-term basis. The issue of liquidity shall be discussed in the context of the registrant's own business or businesses. For example a discussion of working capital may be appropriate for certain manufacturing, industrial or related operations but might be inappropriate for a bank or public utility.
6. Where financial statements presented or incorporated by reference in the registration statement are required by §210.4-08(e)(3) of Regulation S-X [17 CFR Part 210] to include disclosure of restrictions on the ability of both consolidated and unconsolidated subsidiaries to transfer funds to the registrant in the form of cash dividends, loans or advances, the discussion of liquidity shall include a discussion of the nature and extent of such restrictions and the impact such restrictions have had and are expected to have on the ability of the parent company to meet its cash obligations.
7. Any forward-looking information supplied is expressly covered by the safe harbor rule for projections. See Rule 175 under the Securities Act [17 CFR 230.175], Rule 3b-6 under the Exchange Act [17 CFR 240.3b-6] and Securities Act Release No. 6084 (June 25, 1979) (44 FR 33810).
8. Registrants are only required to discuss the effects of inflation and other changes in prices when considered material. This discussion may be made in whatever manner appears appropriate under the circumstances. All that is required is a brief textual presentation of management's views. No specific numerical financial data need be presented except as Rule 3-20(c) of Regulation S-X (§210.3-20(c) of this chapter) otherwise requires. However, registrants may elect to voluntarily disclose supplemental information on the effects of changing prices as provided for in Statement of Financial Accounting Standards No. 89, "Financial Reporting and Changing Prices" or through other supplemental disclosures. The Commission encourages experimentation with these disclosures in order to provide the most meaningful presentation of the impact of price changes on the registrant's financial statements.
9. Registrants that elect to disclose supplementary information on the effects of changing prices as specified by SFAS No. 89, "Financial Reporting and Changing Prices," may combine such explanations with the discussion and analysis required pursuant to this Item or may supply such information separately with appropriate cross reference.
10. All references to the registrant in the discussion and in this Item shall mean the registrant and its subsidiaries consolidated.
11. Foreign private registrants also shall discuss briefly any pertinent governmental economic, fiscal, monetary, or political policies or factors that have materially affected or could materially affect, directly or indirectly, their operations or investments by United States nationals.

12. If the registrant is a foreign private issuer, the discussion shall focus on the primary financial statements presented in the registration statement or report. There shall be a reference to the reconciliation to United States generally accepted accounting principles, and a discussion of any aspects of the difference between foreign and United States generally accepted accounting principles, not discussed in the reconciliation, that the registrant believes is necessary for an understanding of the financial statements as a whole.

Instructions to Paragraph 303(a)(4):

1. No obligation to make disclosure under paragraph (a)(4) of this Item shall arise in respect of an off-balance sheet arrangement until a definitive agreement that is unconditionally binding or subject only to customary closing conditions exists or, if there is no such agreement, when settlement of the transaction occurs.
 2. Registrants should aggregate off-balance sheet arrangements in groups or categories that provide material information in an efficient and understandable manner and should avoid repetition and disclosure of immaterial information. Effects that are common or similar with respect to a number of off-balance sheet arrangements must be analyzed in the aggregate to the extent the aggregation increases understanding. Distinctions in arrangements and their effects must be discussed to the extent the information is material, but the discussion should avoid repetition and disclosure of immaterial information.
 3. For purposes of paragraph (a)(4) of this Item only, contingent liabilities arising out of litigation, arbitration or regulatory actions are not considered to be off-balance sheet arrangements.
 4. Generally, the disclosure required by paragraph (a)(4) shall cover the most recent fiscal year. However, the discussion should address changes from the previous year where such discussion is necessary to an understanding of the disclosure.
 5. In satisfying the requirements of paragraph (a)(4) of this Item, the discussion of off-balance sheet arrangements need not repeat information provided in the footnotes to the financial statements, provided that such discussion clearly cross-references to specific information in the relevant footnotes and integrates the substance of the footnotes into such discussion in a manner designed to inform readers of the significance of the information that is not included within the body of such discussion.
- (b) *Interim periods.* If interim period financial statements are included or are required to be included by Article 3 of Regulation S-X 17 CFR 210), a management's discussion and analysis of the financial condition and results of operations shall be provided so as to enable the reader to assess material changes in financial condition and results of operations between the periods specified in paragraphs (b)(1) and (2) of this Item. The discussion and analysis shall include a discussion of material changes in those items specifically listed in paragraph (a) of this Item, except that the impact of inflation and changing prices on operations for interim periods need not be addressed.
- (1) *Material changes in financial condition.* Discuss any material changes in financial condition from the end of the preceding fiscal year to the date of the most recent interim balance sheet provided. If the interim financial statements include an interim balance sheet as of the corresponding interim date of the preceding fiscal year, any material changes in financial condition from that date to the date of the most recent interim balance sheet provided also shall be discussed. If discussions of changes from both the end and the corresponding interim date of the preceding fiscal year are required, the discussions may be combined at the discretion of the registrant.
 - (2) *Material changes in results of operations.* Discuss any material changes in the registrant's results of operations with respect to the most recent fiscal year-to-date period for which an income statement is provided and the corresponding year-to-date period of the preceding fiscal year. If the registrant is required to or has elected to provide an income statement for the most recent fiscal quarter, such discussion also shall cover material changes with respect to that fiscal quarter and the corresponding fiscal quarter in the preceding fiscal year. In addition, if the registrant has elected to provide an income statement for the twelve-month period ended as of the date of the most recent interim balance sheet provided, the discussion also shall cover material changes with respect to that twelve-month and the twelve-month period ended as of the corresponding interim balance sheet date of the preceding fiscal year. Notwithstanding the above, if for purposes of a registration statement a registrant subject to paragraph (b) of §210.3-03 of Regulation S-X provides a statement of income for the twelve-month period ended as of the date of the most recent interim balance sheet provided in lieu of the interim income statements otherwise required, the discussion of material changes in that twelve-month period will be in respect to the preceding fiscal year rather than the corresponding preceding period.

Instructions to Paragraph (b) of Item 303.

1. If interim financial statements are presented together with financial statements for full fiscal years, the discussion of the interim financial information shall be prepared pursuant to this paragraph (b) and the discussion of the full fiscal year's information shall be prepared pursuant to paragraph (a) of this Item. Such discussions may be combined.
2. In preparing the discussion and analysis required by this paragraph (b), the registrant may presume that users of the interim financial information have read or have access to the discussion and analysis required by paragraph (a) for the preceding fiscal year.

3. The discussion and analysis required by this paragraph (b) is required to focus only on material changes. Where the interim financial statements reveal material changes from period to period in one or more significant line items, the causes for the changes shall be described if they have not already been disclosed; Provided, however, That if the causes for a change in one line item also relate to other line items, no repetition is required. Registrants need not recite the amounts of changes from period to period which are readily computable from the financial statements. The discussion shall not merely repeat numerical data contained in the financial statements. The information provided shall include that which is available to the registrant without undue effort or expense and which does not clearly appear in the registrant's condensed interim financial statements.
4. The registrant's discussion of material changes in results of operations shall identify any significant elements of the registrant's income or loss from continuing operations which do not arise from or are not necessarily representative of the registrant's ongoing business.
5. The registrant shall discuss any seasonal aspects of its business which have had a material effect upon its financial condition or results of operation.
6. Any forward-looking information supplied is expressly covered by the safe harbor rule for projections. See Rule 175 under the Securities Act (17 CFR 230.175), Rule 3b-6 under the Exchange Act (17 CFR 249.3b-6) and Securities Act Release No. 6084 (June 25, 1979) (44 FR 38810).
7. The registrant is not required to include the table required by paragraph (a)(5) of this Item for interim periods. Instead, the registrant should disclose material changes outside the ordinary course of the registrant's business in the specified contractual obligations during the interim period.

(c) Safe harbor. (1) The safe harbor provided in Section 27A of the Securities Act of 1933 (15 U.S.C. 77z-2) and Section 21E of the Securities Exchange Act of 1934 (15 U.S.C. 78u-5) ("statutory safe harbors") shall apply to forward-looking information provided pursuant to paragraphs (a)(4) and (5) of this Item, provided that the disclosure is made by: an issuer; a person acting on behalf of the issuer; an outside reviewer retained by the issuer making a statement on behalf of the issuer; or an underwriter, with respect to information provided by the issuer or information derived from information provided by the issuer.

(2) For purposes of paragraph (c) of this Item only:

- (i) All information required by paragraphs (a)(4) and (5) of this Item is deemed to be a forward looking statement as that term is defined in the statutory safe harbors, except for historical facts.
- (ii) With respect to paragraph (a)(4) of this Item, the meaningful cautionary statements element of the statutory safe harbors will be satisfied if a registrant satisfies all requirements of that same paragraph (a)(4) of this Item.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Reg. §229.304. Item 304.

- (a) (1) If during the registrant's two most recent fiscal years or any subsequent interim period, an independent accountant who was previously engaged as the principal accountant to audit the registrant's financial statements, or an independent accountant who was previously engaged to audit a significant subsidiary and on whom the principal accountant expressed reliance in its report, has resigned (or indicated it has declined to stand for re-election after the completion of the current audit) or was dismissed, then the registrant shall:
 - (i) State whether the former accountant resigned, declined to stand for re-election or was dismissed and the date thereof.
 - (ii) State whether the principal accountant's report on the financial statement for either of the past two years contained an adverse opinion or a disclaimer of opinion, or was qualified or modified as to uncertainty, audit scope, or accounting principles; and also describe the nature of each such adverse opinion, disclaimer of opinion, modification, or qualification.
 - (iii) State whether the decision to change accountants was recommended or approved by:
 - (A) any audit or similar committee of the board of directors, if the issuer has such a committee; or
 - (B) the board of directors, if the issuer has no such committee.

- (iv) State whether during the registrant's two most recent fiscal years and any subsequent interim period preceding such resignation, declination or dismissal there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope of procedure, which disagreement(s), if not resolved to the satisfaction of the former accountant, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its report. Also, (A) describe each such disagreement; (B) state whether any audit or similar committee of the board of directors, or the board of directors, discussed the subject matter of each of such disagreements with the former accountant; and (C) state whether the registrant has authorized the former accountant to respond fully to the inquiries of the successor accountant concerning the subject matter of each of such disagreements and, if not, describe the nature of any limitation thereon and the reason therefore. The disagreements required to be reported in response to this Item include both those resolved to the former accountant's satisfaction and those not resolved to the former accountant's satisfaction. Disagreements contemplated by this Item are those that occur at the decision-making level, i.e., between personnel of the registrant responsible for presentation of its financial statements and personnel of the accounting firm responsible for rendering its report.
- (v) Provide the information required by paragraphs (a)(1)(iv) of this Item for each of the kinds of events (even though the registrant and the former accountant did not express a difference of opinion regarding the event) listed in paragraphs (a)(1)(v)(A) through (D) below, that occurred within the registrant's two most recent fiscal years and any subsequent interim period preceding the former accountant's resignation, declination to stand for re-election, or dismissal ("reportable events"). If the event led to a disagreement or difference of opinion, then the event should be reported as a disagreement under paragraph (a)(1)(iv) and need not be repeated under this paragraph.
- (A) The accountant's having advised the registrant that the internal controls necessary for the registrant to develop reliable financial statements do not exist;
- (B) The accountant's having advised the registrant that information has come to the accountant's attention that has led it to no longer be able to rely on management's representations, or that has made it unwilling to be associated with the financial statements prepared by management;
- (C) (1) The accountant's having advised the registrant of the need to expand significantly the scope of its audit, or that information has come to the accountant's attention during the time period covered by Item 304(a)(1)(iv), that if further investigated may (i) materially impact the fairness or reliability of either: a previously issued audit report or the underlying financial statements; or the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report (including information that may prevent it from rendering an unqualified audit report on those financial statements), or (ii) cause it to be unwilling to rely on management's representations or be associated with the registrant's financial statements, and
- (2) due to the accountant's resignation (due to audit scope limitations or otherwise) or dismissal, or for any other reason, the accountant did not so expand the scope of its audit or conduct such further investigation; or
- (D) (1) The accountant's having advised the registrant that information has come to the accountant's attention that it has concluded materially impacts the fairness or reliability of either (i) a previously issued audit report or the underlying financial statements, or (ii) the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report (including information that, unless resolved to the accountant's satisfaction, would prevent it from rendering an unqualified audit report on those financial statements), and
- (2) due to the accountant's resignation, dismissal or declination to stand for re-election, or for any other reason, the issue has not been resolved to the accountant's satisfaction prior to its resignation, dismissal or declination to stand for re-election.
- (2) If during the registrant's two most recent fiscal years or any subsequent interim period, a new independent accountant has been engaged as either the principal accountant to audit the registrant's financial statements, or as an independent accountant to audit a significant subsidiary and on whom the principal accountant is expected to express reliance in its report, then the registrant shall identify the newly engaged accountant and indicate the date of such accountant's engagement. In addition, if during the registrant's two most recent fiscal years, and any subsequent interim period prior to engaging that accountant, the registrant (or someone on its behalf) consulted the newly engaged accountant regarding
- (i) either: the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the registrant's financial statements, and either a written report was provided to the registrant or oral advice was provided that the new accountant concluded was an important factor considered by the registrant in reaching a decision as to the accounting, auditing or financial reporting issue; or
- (ii) any matter that was either the subject of a disagreement (as defined in paragraph 304(a)(1)(iv) and the related instructions to this item) or a reportable event (as described in paragraph 304(a)(1)(v)), then the registrant shall:
- (A) so state and identify the issues that were the subjects of those consultations;

- (B) briefly describe the views of the newly engaged accountant as expressed orally or in writing to the registrant on each such issue and, if written views were received by the registrant, file them as an exhibit to the report or registration statement requiring compliance with this Item 304(a);
 - (C) state whether the former accountant was consulted by the registrant regarding any such issues, and if so, provide a summary of the former accountant's views; and
 - (D) request the newly engaged accountant to review the disclosure required by this Item 304(a) before it is filed with the Commission and provide the new accountant the opportunity to furnish the registrant with a letter addressed to the Commission containing any new information, clarification of the registrant's expression of its views, or the respects in which it does not agree with the statements made by the registrant in response to Item 304(a). The registrant shall file any such letter as an exhibit to the report or registration statement containing the disclosure required by this Item.
- (3) The registrant shall provide the former accountant with a copy of the disclosures it is making in response to this Item 304(a) that the former accountant shall receive no later than the day that the disclosures are filed with the Commission. The registrant shall request the former accountant to furnish the registrant with a letter addressed to the Commission stating whether it agrees with the statements made by the registrant in response to this Item 304(a) and, if not, stating the respects in which it does not agree. The registrant shall file the former accountant's letter as an exhibit to the report or registration statement containing this disclosure. If the former accountant's letter is unavailable at the time of filing such report or registration statement, then the registrant shall request the former accountant to provide the letter as promptly as possible so that the registrant can file the letter with the Commission within ten business days after the filing of the report or registration statement. Notwithstanding the ten business day period, the registrant shall file the letter by amendment within two business days of receipt; if the letter is received on a Saturday, Sunday or holiday on which the Commission is not open for business, then the two business day period shall begin to run on and shall include the first business day thereafter. The former accountant may provide the registrant with an interim letter highlighting specific areas of concern and indicating that a more detailed letter will be forthcoming within the ten business day period noted above. If not filed with the report or registration statement containing the registrant's disclosure under this Item 304(a), then the interim letter, if any, shall be filed by the registrant by amendment within two business days of receipt.
- (b) If,
- (1) in connection with a change in accountants subject to paragraph (a) of this Item 304, there was any disagreement of the type described in paragraph (a)(1)(iv) or any reportable event as described in paragraph (a)(1)(v) of this Item;
 - (2) during the fiscal year in which the change in accountants took place or during the subsequent fiscal year, there have been any transactions or events similar to those which involved such disagreement or reportable event and
 - (3) such transactions or events were material and were accounted for or disclosed in a manner different from that which the former accountants apparently would have concluded was required, the registrant shall state the existence and nature of the disagreement or reportable event and also state the effect on the financial statements if the method had been followed which the former accountants apparently would have concluded was required. These disclosures need not be made if the method asserted by the former accountants ceases to be generally accepted because of authoritative standards or interpretations subsequently issued.

Instructions to Item 304.

1. The disclosure called for by paragraph (a) of this Item need not be provided if it has been previously reported (as that term is defined in Rule 12b-2 under the Exchange Act (§240.12b-2 of this chapter); the disclosure called for by paragraph (a) must be provided, however, notwithstanding prior disclosure, if required pursuant to Item 9 of Schedule 14A (§240.14a-101 of this chapter). The disclosure called for by paragraph (b) of this section must be furnished, where required, notwithstanding any prior disclosure about accountant changes or disagreements.
2. When disclosure is required by paragraph (a) of this section in an annual report to security holders pursuant to Rule 14a-3 (§240.14a-3 of this chapter) or Rule 14c-3 (§240.14c-3 of this chapter), or in a proxy or information statement filed pursuant to the requirements of Schedule 14A or 14C (§240.14a-101 or §240.14c-101 of this chapter), in lieu of a letter pursuant to paragraph (a)(2)(D) or (a)(3), prior to filing such materials with or furnishing such materials to the Commission, the registrant shall furnish the disclosure required by paragraph (a) of this section to any former accountant engaged by the registrant during the period set forth in paragraph (a) of this section and to the newly engaged accountant. If any such accountant believes that the statements made in response to paragraph (a) of this section are incorrect or incomplete, it may present its views in a brief statement, ordinarily expected not to exceed 200 words, to be included in the annual report or proxy or information statement. This statement shall be submitted to the registrant within ten business days of the date the accountant receives the registrant's disclosure. Further, unless the written views of the newly engaged accountant required to be filed as an exhibit by paragraph (a)(2)(B) of this Item 304 have been previously filed with the Commission the registrant shall file a Form 8-K concurrently with the annual report or proxy or information statement for the purpose of filing the written views as exhibits thereto.

3. The information required by Item 304(a) need not be provided for a company being acquired by the registrant that is not subject to the filing requirements of either section 13(a) or 15(d) of the Exchange Act, or, because of section 12(i) of the Exchange Act, has not furnished an annual report to security holders pursuant to Rule 14a-3 or Rule 14c-3 for its latest fiscal year.
4. The term “disagreements” as used in this Item shall be interpreted broadly, to include any difference of opinion concerning any matter of accounting principles or practices, financial statements disclosure, or auditing scope or procedure which (if not resolved to the satisfaction of the former accountant) would have caused it to make reference to the subject matter of the disagreement in connection with its report. It is not necessary for there to have been an argument to have had a disagreement, merely a difference of opinion. For purposes of this Item, however, the term disagreements does not include initial differences of opinion based on incomplete facts or preliminary information that were later resolved to the former accountant’s satisfaction by, and providing the registrant and the accountant do not continue to have a difference of opinion upon, obtaining additional relevant facts or information.
5. In determining whether any disagreement or reportable event has occurred, an oral communication from the engagement partner or another person responsible for rendering the accounting firm’s opinion (or their designee) will generally suffice as the accountant advising the registrant of a reportable event or as a statement of a disagreement at the “decision-making level” within the accounting firm and require disclosure under this Item.

Quantitative and Qualitative Disclosures About Market Risk.

Reg. §229.305. (Item 305).

(a) Quantitative information about market risk.

- (1) Registrants shall provide, in their reporting currency, quantitative information about market risk as of the end of the latest fiscal year, in accordance with one of the following three disclosure alternatives. In preparing this quantitative information, registrants shall categorize market risk sensitive instruments into instruments entered into for trading purposes and instruments entered into for purposes other than trading purposes. Within both the trading and other than trading portfolios, separate quantitative information shall be presented, to the extent material, for each market risk exposure category (i.e., interest rate risk, foreign currency exchange rate risk, commodity price risk, and other relevant market risks, such as equity price risk). A registrant may use one of the three alternatives set forth below for all of the required quantitative disclosures about market risk. A registrant also may choose, from among the three alternatives, one disclosure alternative for market risk sensitive instruments entered into for trading purposes and another disclosure alternative for market risk sensitive instruments entered into for other than trading purposes. Alternatively, a registrant may choose any disclosure alternative, from among the three alternatives, for each risk exposure category within the trading and other than trading portfolios. The three disclosure alternatives are:
 - (i) (A) (1) Tabular presentation of information related to market risk sensitive instruments; such information shall include fair values of the market risk sensitive instruments and contract terms sufficient to determine future cash flows from those instruments, categorized by expected maturity dates.
 - (2) Tabular information relating to contract terms shall allow readers of the table to determine expected cash flows from the market risk sensitive instruments for each of the next five years. Comparable tabular information for any remaining years shall be displayed as an aggregate amount.
 - (3) Within each risk exposure category, the market risk sensitive instruments shall be grouped based on common characteristics. Within the foreign currency exchange rate risk category, the market risk sensitive instruments shall be grouped by functional currency and within the commodity price risk category, the market risk sensitive instruments shall be grouped by type of commodity.
 - (4) See the Appendix to this Item for a suggested format for presentation of this information; and
 - (B) Registrants shall provide a description of the contents of the table and any related assumptions necessary to understand the disclosures required under paragraph (a)(1)(i)(A) of this Item 305; or
- (ii) (A) Sensitivity analysis disclosures that express the potential loss in future earnings, fair values, or cash flows of market risk sensitive instruments resulting from one or more selected hypothetical changes in interest rates, foreign currency exchange rates, commodity prices, and other relevant market rates or prices over a selected period of time. The magnitude of selected hypothetical changes in rates or prices may differ among and within market risk exposure categories; and
 - (B) Registrants shall provide a description of the model, assumptions, and parameters, which are necessary to understand the disclosures required under paragraph (a)(1)(ii)(A) of this Item 305; or

- (iii) (A) Value at risk disclosures that express the potential loss in future earnings, fair values, or cash flows of market risk sensitive instruments over a selected period of time, with a selected likelihood of occurrence, from changes in interest rates, foreign currency exchange rates, commodity prices, and other relevant market rates or prices;
 - (B) (1) For each category for which value at risk disclosures are required under paragraph (a)(1)(iii)(A) of this Item 305, provide either:
 - (i) The average, high and low amounts, or the distribution of the value at risk amounts for the reporting period; or
 - (ii) The average, high and low amounts, or the distribution of actual changes in fair values, earnings, or cash flows from the market risk sensitive instruments occurring during the reporting period; or
 - (iii) The percentage or number of times the actual changes in fair values, earnings, or cash flows from the market risk sensitive instruments exceeded the value at risk amounts during the reporting period;
 - (2) Information required under paragraph (a)(1)(iii)(B)(1) of this Item 305 is not required for the first fiscal year end in which a registrant must present Item 305 information; and
 - (C) Registrants shall provide a description of the model, assumptions, and parameters, which are necessary to understand the disclosures required under paragraphs (a)(1)(iii)(A) and (B) of this Item 305.
- (2) Registrants shall discuss material limitations that cause the information required under paragraph (a)(1) of this Item 305 not to reflect fully the net market risk exposures of the entity. This discussion shall include summarized descriptions of instruments, positions, and transactions omitted from the quantitative market risk disclosure information or the features of instruments, positions, and transactions that are included, but not reflected fully in the quantitative market risk disclosure information.

- (3) Registrants shall present summarized market risk information for the preceding fiscal year. In addition, registrants shall discuss the reasons for material quantitative changes in market risk exposures between the current and preceding fiscal years. Information required by this paragraph (a)(3), however, is not required if disclosure is not required under paragraph (a)(1) of this Item 305 for the current fiscal year. Information required by this paragraph (a)(3) is not required for the first fiscal year end in which a registrant must present Item 305 information.
- (4) If registrants change disclosure alternatives or key model characteristics, assumptions, and parameters used in providing quantitative information about market risk (e.g., changing from tabular presentation to value at risk, changing the scope of instruments included in the model, or changing the definition of loss from fair values to earnings), and if the effects of any such change is material, the registrant shall:
 - (i) Explain the reasons for the change; and
 - (ii) Either provide summarized comparable information, under the new disclosure method, for the year preceding the current year or, in addition to providing disclosure for the current year under the new method, provide disclosures for the current year and preceding fiscal year under the method used in the preceding year.

Instructions to Paragraph 305(a).

1. Under paragraph 305(a)(1):
 - A. For each market risk exposure category within the trading and other than trading portfolios, registrants may report the average, high, and low sensitivity analysis or value at risk amounts for the reporting period, as an alternative to reporting year-end amounts.
 - B. In determining the average, high, and low amounts for the fiscal year under instruction 1.A. of the Instructions to Paragraph 305(a), registrants should use sensitivity analysis or value at risk amounts relating to at least four equal time periods throughout the reporting period (e.g., four quarter-end amounts, 12 month-end amounts, or 52 week-end amounts).
 - C. Functional currency means functional currency as defined by generally accepted accounting principles (see, e.g., FASB, Statement of Financial Accounting Standards No. 52, "Foreign Currency Translation", ("FAS 52") paragraph 20 (December 1981)).
 - D. Registrants using the sensitivity analysis and value at risk disclosure alternatives are encouraged, but not required, to provide quantitative amounts that reflect the aggregate market risk inherent in the trading and other than trading portfolios.
2. Under paragraph 305(a)(1)(i):
 - A. Examples of contract terms sufficient to determine future cash flows from market risk sensitive instruments include, but are not limited to:
 - i. Debt instruments - principal amounts and weighted average effective interest rates;
 - ii. Forwards and futures - contract amounts and weighted average settlement prices;
 - iii. Options - contract amounts and weighted average strike prices;
 - iv. Swaps - notional amounts, weighted average pay rates or prices, and weighted average receive rates or prices; and
 - v. Complex instruments - likely to be a combination of the contract terms presented in 2.A.i. through iv. of this Instruction;
 - B. When grouping based on common characteristics, instruments should be categorized, at a minimum, by the following characteristics, when material:
 - i. Fixed rate or variable rate assets or liabilities;
 - ii. Long or short forwards and futures;
 - iii. Written or purchased put or call options with similar strike prices;
 - iv. Receive fixed and pay variable swaps, receive variable and pay fixed swaps, and receive variable and pay variable swaps;

- v. The currency in which the instruments' cash flows are denominated;
 - vi. Financial instruments for which foreign currency transaction gains and losses are reported in the same manner as translation adjustments under generally accepted accounting principles (see, e.g., FAS 52 paragraph 20 (December 1981)); and
 - vii. Derivatives used to manage risks inherent in anticipated transactions;
- C. Registrants may aggregate information regarding functional currencies that are economically related, managed together for internal risk management purposes, and have statistical correlations of greater than 75% over each of the past three years;
 - D. Market risk sensitive instruments that are exposed to rate or price changes in more than one market risk exposure category should be presented within the tabular information for each of the risk exposure categories to which those instruments are exposed;
 - E. If a currency swap (see, e.g., FAS 52 Appendix E for a definition of currency swap) eliminates all foreign currency exposures in the cash flows of a foreign currency denominated debt instrument, neither the currency swap nor the foreign currency denominated debt instrument are required to be disclosed in the foreign currency risk exposure category. However, both the currency swap and the foreign currency denominated debt instrument should be disclosed in the interest rate risk exposure category; and
 - F. The contents of the table and related assumptions that should be described include, but are not limited to:
 - i. The different amounts reported in the table for various categories of the market risk sensitive instruments (e.g., principal amounts for debt, notional amounts for swaps, and contract amounts for options and futures);
 - ii. The different types of reported market rates or prices (e.g., contractual rates or prices, spot rates or prices, forward rates or prices); and
 - iii. Key prepayment or reinvestment assumptions relating to the timing of reported amounts.
3. Under paragraph 305(a)(1)(ii):
- A. Registrants should select hypothetical changes in market rates or prices that are expected to reflect reasonably possible near-term changes in those rates and prices. In this regard, absent economic justification for the selection of a different amount, registrants should use changes that are not less than 10 percent of end of period market rates or prices;
 - B. For purposes of instruction 3.A. of the Instructions to Paragraph 305(a), the term reasonably possible has the same meaning as defined by generally accepted accounting principles (see, e.g., FASB, Statement of Financial Accounting Standards No. 5, "Accounting for Contingencies," ("FAS 5") paragraph 3 (March 1975));
 - C. For purposes of instruction 3.A. of the Instructions to Paragraph 305(a), the term near term means a period of time going forward up to one year from the date of the financial statements (see generally AICPA, Statement of Position 94-6, "Disclosure of Certain Significant Risks and Uncertainties," ("SOP 94-6") at paragraph 7 (December 30, 1994));
 - D. Market risk sensitive instruments that are exposed to rate or price changes in more than one market risk exposure category should be included in the sensitivity analysis disclosures for each market risk category to which those instruments are exposed;
 - E. Registrants with multiple foreign currency exchange rate exposures should prepare foreign currency sensitivity analysis disclosures that measure the aggregate sensitivity to changes in all foreign currency exchange rate exposures, including the effects of changes in both transactional currency/functional currency exchange rate exposures and functional currency/reporting currency exchange rate exposures. For example, assume a French division of a registrant presenting its financial statements in U.S. dollars (\$US) invests in a deutschmark(DM)-denominated debt security. In these circumstances, the \$US is the reporting currency and the DM is the transactional currency. In addition, assume this division determines that the French franc (FF) is its functional currency according to FAS 52. In preparing the foreign currency sensitivity analysis disclosures, this registrant should report the aggregate potential loss from hypothetical changes in both the DM/FF exchange rate exposure and the FF/\$US exchange rate exposure; and

F. Model, assumptions, and parameters that should be described include, but are not limited to, how loss is defined by the model (e.g., loss in earnings, fair values, or cash flows), a general description of the modeling technique (e.g., duration modeling, modeling that measures the change in net present values arising from selected hypothetical changes in market rates or prices, and a description as to how optionality is addressed by the model), the types of instruments covered by the model (e.g., derivative financial instruments, other financial instruments, derivative commodity instruments, and whether other instruments are included voluntarily, such as certain commodity instruments and positions, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b)), and other relevant information about the model's assumptions and parameters, (e.g., the magnitude and timing of selected hypothetical changes in market rates or prices used, the method by which discount rates are determined, and key prepayment or reinvestment assumptions).

4. Under paragraph 305(a)(1)(iii):

A. The confidence intervals selected should reflect reasonably possible near-term changes in market rates and prices. In this regard, absent economic justification for the selection of different confidence intervals, registrants should use intervals that are 95 percent or higher;

B. For purposes of instruction 4.A. of the Instructions to Paragraph 305(a), the term reasonably possible has the same meaning as defined by generally accepted accounting principles (see, e.g., FAS 5, paragraph 3 (March 1975));

C. For purposes of instruction 4.A. of the Instructions to Paragraphs 305(a), the term near term means a period of time going forward up to one year from the date of the financial statements (see generally SOP 94-6, at paragraph 7 (December 30, 1994));

D. Registrants with multiple foreign currency exchange rate exposures should prepare foreign currency value at risk analysis disclosures that measure the aggregate sensitivity to changes in all foreign currency exchange rate exposures, including the aggregate effects of changes in both transactional currency/functional currency exchange rate exposures and functional currency/reporting currency exchange rate exposures. For example, assume a French division of a registrant presenting its financial statements in U.S. dollars (\$US) invests in a deutschmark(DM)-denominated debt security. In these circumstances, the \$US is the reporting currency and the DM is the transactional currency. In addition, assume this division determines that the French franc (FF) is its functional currency according to FAS 52. In preparing the foreign currency value at risk disclosures, this registrant should report the aggregate potential loss from hypothetical changes in both the DM/FF exchange rate exposure and the FF/\$US exchange rate exposure; and

E. Model, assumptions, and parameters that should be described include, but are not limited to, how loss is defined by the model (e.g., loss in earnings, fair values, or cash flows), the type of model used (e.g., variance/covariance, historical simulation, or Monte Carlo simulation and a description as to how optionality is addressed by the model), the types of instruments covered by the model (e.g., derivative financial instruments, other financial instruments, derivative commodity instruments, and whether other instruments are included voluntarily, such as certain commodity instruments and positions, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b)), and other relevant information about the model's assumptions and parameters, (e.g., holding periods, confidence intervals, and, when appropriate, the methods used for aggregating value at risk amounts across market risk exposure categories, such as by assuming perfect positive correlation, independence, or actual observed correlation).

5. Under paragraph 305(a)(2), limitations that should be considered include, but are not limited to:

A. The exclusion of certain market risk sensitive instruments, positions, and transactions from the disclosures required under paragraph 305(a)(1) (e.g., derivative commodity instruments not permitted by contract or business custom to be settled in cash or with another financial instrument, commodity positions, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b)). Failure to include such instruments, positions, and transactions in preparing the disclosures under paragraph 305(a)(1) may be a limitation because the resulting disclosures may not fully reflect the net market risk of a registrant; and

B. The ability of disclosures required under paragraph 305(a)(1) to reflect fully the market risk that may be inherent in instruments with leverage, option, or prepayment features (e.g., options, including written options, structured notes, collateralized mortgage obligations, leveraged swaps, and options embedded in swaps).

[End of Instructions to Paragraph 305(a)]

(b) *Qualitative information about market risk.*

- (1) To the extent material, describe:
 - (i) The registrant's primary market risk exposures;
 - (ii) How those exposures are managed. Such descriptions shall include, but not be limited to, a discussion of the objectives, general strategies, and instruments, if any, used to manage those exposures; and
 - (iii) Changes in either the registrant's primary market risk exposures or how those exposures are managed, when compared to what was in effect during the most recently completed fiscal year and what is known or expected to be in effect in future reporting periods.
- (2) Qualitative information about market risk shall be presented separately for market risk sensitive instruments entered into for trading purposes and those entered into for purposes other than trading.

Instructions to Paragraph 305(b).

1. For purposes of disclosure under paragraph 305(b), primary market risk exposures means:
 - A. The following categories of market risk: interest rate risk, foreign currency exchange rate risk, commodity price risk, and other relevant market rate or price risks (e.g., equity price risk); and
 - B. Within each of these categories, the particular markets that present the primary risk of loss to the registrant. For example, if a registrant has a material exposure to foreign currency exchange rate risk and, within this category of market risk, is most vulnerable to changes in dollar/yen, dollar/pound, and dollar/peso exchange rates, the registrant should disclose those exposures. Similarly, if a registrant has a material exposure to interest rate risk and, within this category of market risk, is most vulnerable to changes in short-term U.S. prime interest rates, it should disclose the existence of that exposure.
2. For purposes of disclosure under paragraph 305(b), registrants should describe primary market risk exposures that exist as of the end of the latest fiscal year, and how those exposures are managed.

[End of Instructions to Paragraph 305(b)]

General Instructions to Paragraphs 305(a) and 305(b).

1. The disclosures called for by paragraphs 305(a) and 305(b) are intended to clarify the registrant's exposures to market risk associated with activities in derivative financial instruments, other financial instruments, and derivative commodity instruments.
2. In preparing the disclosures under paragraphs 305(a) and 305(b), registrants are required to include derivative financial instruments, other financial instruments, and derivative commodity instruments.
3. For purposes of paragraphs 305(a) and 305(b), derivative financial instruments, other financial instruments, and derivative commodity instruments (collectively referred to as "market risk sensitive instruments") are defined as follows:
 - A. Derivative financial instruments has the same meaning as defined by generally accepted accounting principles (see, e.g., FASB, Statement of Financial Accounting Standards No. 119, "Disclosure about Derivative Financial Instruments and Fair Value of Financial Instruments," ("FAS 119") paragraphs 5-7 (October 1994)), and includes futures, forwards, swaps, options, and other financial instruments with similar characteristics;
 - B. Other financial instruments means all financial instruments as defined by generally accepted accounting principles for which fair value disclosures are required (see, e.g., FASB, Statement of Financial Accounting Standards No. 107, "Disclosures about Fair Value of Financial Instruments," ("FAS 107") paragraphs 3 and 8 (December 1991)), except for derivative financial instruments, as defined above;
 - C.
 - i. Other financial instruments include, but are not limited to, trade accounts receivable, investments, loans, structured notes, mortgage-backed securities, trade accounts payable, indexed debt instruments, interest-only and principal-only obligations, deposits, and other debt obligations;
 - ii. Other financial instruments exclude employers and plans obligations for pension and other post-retirement benefits, substantively extinguished debt, insurance contracts, lease contracts, warranty obligations and rights, unconditional purchase obligations, investments accounted for under the equity method, minority interests in consolidated enterprises, and equity instruments issued by the registrant and classified in stockholders' equity in the statement of financial position (see, e.g., FAS 107, paragraph 8 (December 1991)). For purposes of this item, trade accounts receivable and trade accounts payable need not be considered other financial instruments when their carrying amounts approximate fair value; and
 - D. Derivative commodity instruments include, to the extent such instruments are not derivative financial instruments, commodity futures, commodity forwards, commodity swaps, commodity options, and other commodity instruments with

similar characteristics that are permitted by contract or business custom to be settled in cash or with another financial instrument. For purposes of this paragraph, settlement in cash includes settlement in cash of the net change in value of the derivative commodity instrument (e.g., net cash settlement based on changes in the price of the underlying commodity).

4.
 - A. In addition to providing required disclosures for the market risk sensitive instruments defined in instruction 2. of the General Instructions to Paragraphs 305(a) and 305(b), registrants are encouraged to include other market risk sensitive instruments, positions, and transactions within the disclosures required under paragraphs 305(a) and 305(b). Such instruments, positions, and transactions might include commodity positions, derivative commodity instruments that are not permitted by contract or business custom to be settled in cash or with another financial instrument, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b).
 - B. Registrants that voluntarily include other market risk sensitive instruments, positions and transactions within their quantitative disclosures about market risk under the sensitivity analysis or value at risk disclosure alternatives are not required to provide separate market risk disclosures for any voluntarily selected instruments, positions, or transactions. Instead, registrants selecting the sensitivity analysis and value at risk disclosure alternatives are permitted to present comprehensive market risk disclosures, which reflect the combined market risk exposures inherent in both the required and any voluntarily selected instruments, position, or transactions. Registrants that choose the tabular presentation disclosure alternative should present voluntarily selected instruments, positions, or transactions in a manner consistent with the requirements in Item 305(a) for market risk sensitive instruments.
 - C. If a registrant elects to include voluntarily a particular type of instrument, position, or transaction in their quantitative disclosures about market risk, that registrant should include all, rather than some, of those instruments, positions, or transactions within those disclosures. For example, if a registrant holds in inventory a particular type of commodity position and elects to include that commodity position within their market risk disclosures, the registrant should include the entire commodity position, rather than only a portion thereof, in their quantitative disclosures about market risk.
5.
 - A. Under paragraphs 305(a) and 305(b), a materiality assessment should be made for each market risk exposure category within the trading and other than trading portfolios.
 - B. For purposes of making the materiality assessment under instruction 5.A. of the General Instructions to Paragraphs 305(a) and 305(b), registrants should evaluate both:
 - i. The materiality of the fair values of derivative financial instruments, other financial instruments, and derivative commodity instruments outstanding as of the end of the latest fiscal year; and
 - ii. The materiality of potential, near-term losses in future earnings, fair values, and/or cash flows from reasonably possible near-term changes in market rates or prices.
 - iii. If either paragraphs B.i. or B.ii. in this instruction of the General Instructions to Paragraphs 305(a) and 305(b) are material, the registrant should disclose quantitative and qualitative information about market risk, if such market risk for the particular market risk exposure category is material.
 - C. For purposes of instruction 5.B.i. of the General Instructions to Paragraphs 305(a) and 305(b), registrants generally should not net fair values, except to the extent allowed under generally accepted accounting principles (see, e.g., FASB Interpretation No. 39, "Offsetting of Amounts Related to Certain Contracts" (March 1992)). For example, under this instruction, the fair value of assets generally should not be netted with the fair value of liabilities.
 - D. For purposes of instruction 5.B.ii. of the General Instructions to Paragraphs 305(a) and 305(b), registrants should consider, among other things, the magnitude of:
 - i. Past market movements;
 - ii. Reasonably possible, near-term market movements; and
 - iii. Potential losses that may arise from leverage, option, and multiplier features.
 - E. For purposes of instructions 5.B.ii and 5.D.ii of the General Instructions to Paragraphs 305(a) and 305(b), the term near term means a period of time going forward up to one year from the date of the financial statements (see generally SOP 94-6, at paragraph 7 (December 30, 1994)).
 - F. For the purpose of instructions 5.B.ii. and 5.D.ii. of the General Instructions to Paragraphs 305(a) and 305(b), the term reasonably possible has the same meaning as defined by generally accepted accounting principles (see, e.g., FAS 5, paragraph 3 (March 1975)).
6. For purposes of paragraphs 305(a) and 305(b), registrants should present the information outside of, and not incorporate the information into, the financial statements (including the footnotes to the financial statements). In addition, registrants are encouraged to provide the required information in one location. However, alternative presentation, such as inclusion of all or part of the information in Management's Discussion and Analysis, may be used at the discretion of the registrant. If information is disclosed in more than one location, registrants should provide cross-references to the locations of the related

disclosures.

7. For purposes of the instructions to paragraphs 305(a) and 305(b), trading purposes has the same meaning as defined by generally accepted accounting principles (see, e.g., FAS 119, paragraph 9a (October 1994)). In addition, anticipated transactions means transactions (other than transactions involving existing assets or liabilities or transactions necessitated by existing firm commitments) an enterprise expects, but is not obligated, to carry out in the normal course of business (see, e.g., FASB, Statement of Financial Accounting Standards No. 80, "Accounting for Futures Contracts," paragraph 9, (August 1984)).

[End of General Instructions to Paragraph 305(a) and 305(b)]

- (c) *Interim periods.* If interim period financial statements are included or are required to be included by Article 3 of Regulation S-X (17 CFR 210), discussion and analysis shall be provided so as to enable the reader to assess the sources and effects of material changes in information that would be provided under Item 305 of Regulation S-K from the end of the preceding fiscal year to the date of the most recent interim balance sheet.

Instructions to Paragraph 305(c).

1. Information required under paragraph (c) of this Item 305 is not required until after the first fiscal year end in which this Item 305 is applicable.

(d) *Safe Harbor.*

- (1) The safe harbor provided in Section 27A of the Securities Act of 1933 (15 U.S.C. 77z-2) and Section 21E of the Securities Exchange Act of 1934 (15 U.S.C. 78u-5) ("statutory safe harbors") shall apply, with respect to all types of issuers and transactions, to information provided pursuant to paragraphs (a), (b), and (c) of this Item 305, provided that the disclosure is made by: an issuer; a person acting on behalf of the issuer; an outside reviewer retained by the issuer making a statement on behalf of the issuer; or an underwriter, with respect to information provided by the issuer or information derived from information provided by the issuer.

- (2) For purposes of paragraph (d) of this Item 305 only:

- (i) All information required by paragraphs (a), (b)(1)(i), (b)(1)(iii), and (c) of this Item 305 is considered forward looking statements for purposes of the statutory safe harbors, except for historical facts such as the terms of particular contracts and the number of market risk sensitive instruments held during or at the end of the reporting period; and
- (ii) With respect to paragraph (a) of this Item 305, the meaningful cautionary statements prong of the statutory safe harbors will be satisfied if a registrant satisfies all requirements of that same paragraph (a) of this Item 305.

- (e) *Small business issuers.* Small business issuers, as defined in 230.405 of this chapter and 230.12b-2 of this chapter, need not provide the information required by this Item 305, whether or not they file on forms specially designated as small business issuer forms.

General Instructions to Paragraphs 305(a), 305(b), 305(c), 305(d), and 305(e).

1. Bank registrants, thrift registrants, and non-bank and non-thrift registrants with market capitalizations on January 28, 1997 in excess of \$2.5 billion should provide Item 305 disclosures in filings with the Commission that include annual financial statements for fiscal years ending after June 15, 1997. Non-bank and non-thrift registrants with market capitalizations on January 28, 1997 of \$2.5 billion or less should provide Item 305 disclosures in filings with the Commission that include financial statements for fiscal years ending after June 15, 1998.
2. A. For purposes of instruction 1. of the General Instructions to Paragraphs 305(a), 305(b), 305(c), 305(d), and 305(e), bank registrants and thrift registrants include any registrant which has control over a depository institution.
B. For purposes of instruction 2.A. of the General Instructions to Paragraphs 305(a), 305(b), 305(c), 305(d), and 305(e), a registrant has control over a depository institution if:
 - i. The registrant directly or indirectly or acting through one or more other persons owns, controls, or has power to vote 25% or more of any class of voting securities of the depository institution;
 - ii. The registrant controls in any manner the election of a majority of the directors or trustees of the depository institution; or
 - iii. The Federal Reserve Board or Office of Thrift Supervision determines, after notice and opportunity for hearing, that the registrant directly or indirectly exercises a controlling influence over the management or policies of the depository institution.C. For purposes of instruction 2.B. of the General Instructions to Paragraphs 305(a), 305(b), 305(c), 305(d), and 305(e), a depository institution means any of the following:
 - i. An insured depository institution as defined in section 3(c)(2) of the Federal Deposit Insurance Act (12 U.S.C.A. Sec. 1813(c));

- ii. An institution organized under the laws of the United States, any State of the United States, the District of Columbia, any territory of the United States, Puerto Rico, Guam, American Samoa, or the Virgin Islands, which both accepts demand deposits or deposits that the depositor may withdraw by check or similar means for payment to third parties or others and is engaged in the business of making commercial loans.

- D. For purposes of instruction 1. of the General Instructions to Paragraphs 305(a), 305(b), 305(c), 305(d) and 305(e), market capitalization is the aggregate market value of common equity as set forth in General Instruction I.B.1. of Form S-3; provided however, that common equity held by affiliates is included in the calculation of market capitalization; and provided further that instead of using the 60 day period prior to filing referenced in General Instruction I.B.1. of Form S-3, the measurement date is January 28, 1997.

Appendix to Item 305 — Tabular Disclosures

The tables set forth below are illustrative of the format that might be used when a registrant elects to present the information required by paragraph (a)(1)(i)(A) of Item 305 regarding terms and information about derivative financial instruments, other financial instruments, and derivative commodity instruments. These examples are for illustrative purposes only. Registrants are not required to display the information in the specific format illustrated below. Alternative methods of display are permissible as long as the disclosure requirements of the section are satisfied. Furthermore, these examples were designed primarily to illustrate possible formats for presentation of the information required by the disclosure item and do not purport to illustrate the broad range of derivative financial instruments, other financial instruments, and derivative commodity instruments utilized by registrants.

Interest Rate Sensitivity

The table below provides information about the Company's derivative financial instruments and other financial instruments that are sensitive to changes in interest rates, including interest rate swaps and debt obligations. For debt obligations, the table presents principal cash flows and related weighted average interest rates by expected maturity dates. For interest rate swaps, the table presents notional amounts and weighted average interest rates by expected (contractual) maturity dates. Notional amounts are used to calculate the contractual payments to be exchanged under the contract. Weighted average variable rates are based on implied forward rates in the yield curve at the reporting date. The information is presented in U.S. dollar equivalents, which is the Company's reporting currency. The instrument's actual cash flows are denominated in both U.S. dollars (\$US) and German deutschmarks (DM), as indicated in parentheses.

Exchange Rate Sensitivity

The table below provides information about the Company's derivative financial instruments, other financial instruments, and firmly committed sales transactions by functional currency and presents such information in U.S. dollar equivalents.¹ The table summarizes information on instruments and transactions that are sensitive to foreign currency exchange rates, including foreign currency forward exchange agreements, deutschmark (DM)-denominated debt obligations, and firmly committed DM sales transactions. For debt obligations, the table presents principal cash flows and related weighted average interest rates by expected maturity dates. For firmly committed DM-sales transactions, sales amounts are presented by the expected transaction date, which are not expected to exceed two years. For foreign currency forward exchange agreements, the table presents the notional amounts and weighted average exchange rates by expected (contractual) maturity dates. These notional amounts generally are used to calculate the contractual payments to be exchanged under the contract.

¹ The information is presented in U.S. dollars because that is the registrant's reporting currency.

Commodity Price Sensitivity

The table below provides information about the Company's corn inventory and futures contracts that are sensitive to changes in commodity prices, specifically corn prices. For inventory, the table presents the carrying amount and fair value at December 31, 19x1. For the futures contracts the table presents the notional amounts in bushels, the weighted average contract prices, and the total dollar contract amount by expected maturity dates, the latest of which occurs one year from the reporting date. Contract amounts are used to calculate the contractual payments and quantity of corn to be exchanged under the futures contracts.

² Similar tabular information would be provided for other functional currencies.

³ Pursuant to General Instruction 4 to Items 305(a) and 305(b) of Regulation S-K, registrants may include cash flows from anticipated transactions and operating cash flows resulting from non-financial and non-commodity instruments.

§229.402 (Item 402) Executive compensation.

(a) General.

(1) Treatment of foreign private issuers. A foreign private issuer will be deemed to comply with this Item if it provides the information required by Items 6.B and 6.E.2 of Form 20-F (17 CFR 249.220f), with more detailed information provided if otherwise made publicly available or required to be disclosed by the issuer's home jurisdiction or a market in which its securities are listed or traded.

(2) All compensation covered. This Item requires clear, concise and understandable disclosure of all plan and non-plan compensation awarded to, earned by, or paid to the named executive officers designated under paragraph (a)(3) of this Item, and directors covered by paragraph (k) of this Item, by any person for all services rendered in all capacities to the registrant and its subsidiaries, unless otherwise specifically excluded from disclosure in this Item. All such compensation shall be reported pursuant to this Item, even if also called for by another requirement, including transactions between the registrant and a third party where a purpose of the transaction is to furnish compensation to any such named executive officer or director. No amount reported as compensation for one fiscal year need be reported in the same manner as compensation for a subsequent fiscal year; amounts reported as compensation for one fiscal year may be required to be reported in a different manner pursuant to this Item.

(3) Persons covered. Disclosure shall be provided pursuant to this Item for each of the following (the "named executive officers"):

(i) All individuals serving as the registrant's principal executive officer or acting in a similar capacity during the last completed fiscal year ("PEO"), regardless of compensation level;

(ii) All individuals serving as the registrant's principal financial officer or acting in a similar capacity during the last completed fiscal year ("PFO"), regardless of compensation level;

(iii) The registrant's three most highly compensated executive officers other than the PEO and PFO who were serving as executive officers at the end of the last completed fiscal year; and

(iv) Up to two additional individuals for whom disclosure would have been provided pursuant to paragraph (a)(3)(iii) of this Item but for the fact that the individual was not serving as an executive officer of the registrant at the end of the last completed fiscal year.

Instructions to Item 402(a)(3).

1. Determination of most highly compensated executive officers. The determination as to which executive officers are most highly compensated shall be made by reference to total compensation for the last completed fiscal year (as required to be disclosed pursuant to paragraph (c)(2)(x) of this Item) reduced by the amount required to be disclosed pursuant to paragraph (c)(2)(viii) of this Item, provided, however, that no disclosure need be provided for any executive officer, other than the PEO and PFO, whose total compensation, as so reduced, does not exceed \$100,000.

2. Inclusion of executive officer of subsidiary. It may be appropriate for a registrant to include as named executive officers one or more executive officers or other employees of subsidiaries in the disclosure required by this Item. See Rule 3b-7 under the Exchange Act (17 CFR 240.3b-7).

3. Exclusion of executive officer due to overseas compensation. It may be appropriate in limited circumstances for a registrant not to include in the disclosure required by this Item an individual, other than its PEO or PFO, who is one of the registrant's most highly compensated executive officers due to the payment of amounts of cash compensation relating to overseas assignments attributed predominantly to such assignments.

(4) Information for full fiscal year. If the PEO or PFO served in that capacity during any part of a fiscal year with respect to which information is required, information should be provided as to all of his or her compensation for the full fiscal year. If a named executive officer (other than the PEO or PFO) served as an executive officer of the registrant (whether or not in the same position) during any part of the fiscal year with respect to which information is required, information shall be provided as to all compensation of that individual for the full fiscal year.

(5) Omission of table or column. A table or column may be omitted if there has been no compensation awarded to, earned by, or paid to any of the named executive officers or directors required to be reported in that table or column in any fiscal year covered by that table.

(6) Definitions. For purposes of this Item:

(i) The term stock means instruments such as common stock, restricted stock, restricted stock units, phantom stock, phantom stock units, common stock equivalent units or any similar instruments that do not have option-like features, and the term option means instruments such as stock options, stock appreciation rights and similar instruments with option-like features. The term stock appreciation rights ("SARs") refers to SARs payable in cash or stock, including SARs payable in cash or stock at the election of the registrant or a named executive officer. The term equity is used to refer generally to stock and/or options.

(ii) The term plan includes, but is not limited to, the following: Any plan, contract, authorization or arrangement, whether or not set forth in any formal document, pursuant to which cash, securities, similar instruments, or any other property may be received. A plan may be applicable to one person. Registrants may omit information regarding group life, health, hospitalization, or medical reimbursement plans that do not discriminate in scope, terms or operation, in favor of executive officers or directors of the registrant and that are available generally to all salaried employees.

(iii) The term incentive plan means any plan providing compensation intended to serve as incentive for performance to occur over a specified period, whether such performance is measured by reference to financial performance of the registrant or an affiliate, the registrant's stock price, or any other performance measure. An equity incentive plan is an incentive plan or portion of an incentive plan under which awards are granted that fall within the scope of Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment, as modified or supplemented ("FAS 123R"). A non-equity incentive plan is an incentive plan or portion of an incentive plan that is not an equity incentive plan. The term incentive plan award means an award provided under an incentive plan.

(iv) The terms date of grant or grant date refer to the grant date determined for financial statement reporting purposes pursuant to FAS 123R.

(v) Closing market price is defined as the price at which the registrant's security was last sold in the principal United States

market for such security as of the date for which the closing market price is determined.

(b) Compensation discussion and analysis.

(1) Discuss the compensation awarded to, earned by, or paid to the named executive officers. The discussion shall explain all material elements of the registrant's compensation of the named executive officers. The discussion shall describe the following:

- (i) The objectives of the registrant's compensation programs;
- (ii) What the compensation program is designed to reward;
- (iii) Each element of compensation;
- (iv) Why the registrant chooses to pay each element;
- (v) How the registrant determines the amount (and, where applicable, the formula) for each element to pay; and
- (vi) How each compensation element and the registrant's decisions regarding that element fit into the registrant's overall compensation objectives and affect decisions regarding other elements.

(2) While the material information to be disclosed under Compensation Discussion and Analysis will vary depending upon the facts and circumstances, examples of such information may include, in a given case, among other things, the following:

- (i) The policies for allocating between long-term and currently paid out compensation;
- (ii) The policies for allocating between cash and non-cash compensation, and among different forms of non-cash compensation;
- (iii) For long-term compensation, the basis for allocating compensation to each different form of award (such as relationship of the award to the achievement of the registrant's long-term goals, management's exposure to downside equity performance risk, correlation between cost to registrant and expected benefits to the registrant);
- (iv) How the determination is made as to when awards are granted, including awards of equity-based compensation such as options;
- (v) What specific items of corporate performance are taken into account in setting compensation policies and making compensation decisions;
- (vi) How specific forms of compensation are structured and implemented to reflect these items of the registrant's performance, including whether discretion can be or has been exercised (either to award compensation absent attainment of the relevant performance goal(s) or to reduce or increase the size of any award or payout), identifying any particular exercise of discretion, and stating whether it applied to one or more specified named executive officers or to all compensation subject to the relevant performance goal(s);

(vii) How specific forms of compensation are structured and implemented to reflect the named executive officer's individual performance and/or individual contribution to these items of the registrant's performance, describing the elements of individual performance and/or contribution that are taken into account;

(viii) Registrant policies and decisions regarding the adjustment or recovery of awards or payments if the relevant registrant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment;

(ix) The factors considered in decisions to increase or decrease compensation materially;

(x) How compensation or amounts realizable from prior compensation are considered in setting other elements of compensation (e.g., how gains from prior option or stock awards are considered in setting retirement benefits);

(xi) With respect to any contract, agreement, plan or arrangement, whether written or unwritten, that provides for payment(s) at, following, or in connection with any termination or change-in-control, the basis for selecting particular events as triggering payment (e.g., the rationale for providing a single trigger for payment in the event of a change-in-control);

(xii) The impact of the accounting and tax treatments of the particular form of compensation;

(xiii) The registrant's equity or other security ownership requirements or guidelines (specifying applicable amounts and forms of ownership), and any registrant policies regarding hedging the economic risk of such ownership;

(xiv) Whether the registrant engaged in any benchmarking of total compensation, or any material element of compensation, identifying the benchmark and, if applicable, its components (including component companies); and

(xv) The role of executive officers in determining executive compensation.

Instructions to Item 402(b).

1. The purpose of the Compensation Discussion and Analysis is to provide to investors material information that is necessary to an understanding of the registrant's compensation policies and decisions regarding the named executive officers.

2. The Compensation Discussion and Analysis should be of the information contained in the tables and otherwise disclosed pursuant to this Item. The Compensation Discussion and Analysis should also cover actions regarding executive compensation that were taken after the registrant's last fiscal year's end. Actions that should be addressed might include, as examples only, the adoption or implementation of new or modified programs and policies or specific decisions that were made or steps that were taken that could affect a fair understanding of the named executive officer's compensation for the last fiscal year. Moreover, in some situations it may be necessary to discuss prior years in order to give context to the disclosure provided.

3. The Compensation Discussion and Analysis should focus on the material principles underlying the registrant's executive compensation policies and decisions and the most important factors relevant to analysis of those policies and decisions. The Compensation Discussion and Analysis shall reflect the individual circumstances of the registrant and shall avoid boilerplate language and repetition of the more detailed information set forth in the tables and narrative disclosures that follow.

4. Registrants are not required to disclose target levels with respect to specific quantitative or qualitative performance-related factors considered by the compensation committee or the board of directors, or any other factors or criteria involving confidential trade secrets or confidential commercial or financial information, the disclosure of which would result in competitive harm for the registrant. The standard to use when determining whether disclosure would cause competitive harm for the registrant is the same standard that would apply when a registrant requests confidential treatment of confidential trade secrets or confidential commercial or financial information pursuant to Securities Act Rule 406 (17 CFR 230.406) and Exchange Act Rule 24b-2 (17 CFR 240.24b-2), each of which incorporates the criteria for

non-disclosure when relying upon Exemption 4 of the Freedom of Information Act (5 U.S.C. 552(b)(4)) and Rule 80(b)(4) (17 CFR 200.80(b)(4)) thereunder. A registrant is not required to seek confidential treatment under the procedures in Securities Act Rule 406 and Exchange Act Rule 24b-2 if it determines that the disclosure would cause competitive harm in reliance on this instruction; however, in that case, the registrant must discuss how difficult it will be for the executive or how likely it will be for the registrant to achieve the undisclosed target levels or other factors.

5. Disclosure of target levels that are non-GAAP financial measures will not be subject to Regulation G (17 CFR 244.100 - 102) and Item 10(e) (§229.10(e)); however, disclosure must be provided as to how the number is calculated from the registrant’s audited financial statements.

(c) Summary compensation table.

(1) General. Provide the information specified in paragraph (c)(2) of this Item, concerning the compensation of the named executive officers for each of the registrant’s last three completed fiscal years, in a Summary Compensation Table in the tabular format specified below.

SUMMARY COMPENSATION TABLE

Name and Principal Position	Year	Salary (\$)	Bonus (\$)	Stock Award(s) (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)	All Other Compensation (\$)	Total (\$)

PEO	----								
PFO	----								
A	----								
B	----								
C	----								

(2) The Table shall include:

- (i) The name and principal position of the executive officer (column (a));
- (ii) Fiscal year covered (column (b));
- (iii) The dollar value of base salary (cash and non-cash) earned by the named executive officer during the fiscal year covered (column (c));
- (iv) The dollar value of bonus (cash and non-cash) earned by the named executive officer during the fiscal year covered (column (d));

Instructions to Item 402(c)(2)(iii) and (iv).

1. If the amount of salary or bonus earned in a given fiscal year is not calculable through the latest practicable date, a footnote shall be included disclosing that the amount of salary or bonus is not calculable through the latest practicable date and providing the date that the amount of salary or bonus is expected to be determined, and such amount must then be disclosed in a filing under Item 5.02(f) of Form 8-K (17 CFR 249.308).

2. Registrants shall include in the salary column (column (c)) or bonus column (column (d)) any amount of salary or bonus forgone at the election of a named executive officer under which stock, equity-based or other forms of non-cash compensation instead have been received by the named executive officer. However, the receipt of any such form of non-cash compensation instead of salary or bonus must be disclosed in a footnote added to the salary or bonus column and, where applicable, referring to the Grants of Plan-Based Awards Table (required by paragraph (d) of this Item) where the stock, option or non-equity incentive plan award elected by the named executive officer is reported.

(v) For awards of stock, the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with FAS 123R (column (e));

(vi) For awards of options, with or without tandem SARs, the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with FAS 123R (column (f));

Instructions to Item 402(c)(2)(v) and (vi).

For awards reported in columns (e) and (f), disregard the estimate of forfeitures related to service-based vesting conditions. Include a footnote describing all forfeitures during the year, and disclosing all assumptions made in the valuation. Disclose assumptions made in the valuation by reference to a discussion of those assumptions in the registrant's financial statements, footnotes to the financial statements, or discussion in the Management's Discussion and Analysis. The sections so referenced are deemed part of the disclosure provided pursuant to this Item.

(vii) The dollar value of all earnings for services performed during the fiscal year pursuant to awards under non-equity incentive plans as defined in paragraph (a)(6)(iii) of this Item, and all earnings on any outstanding awards (column (g));

Instructions to Item 402(c)(2)(vii).

1. If the relevant performance measure is satisfied during the fiscal year (including for a single year in a plan with a multi-year performance measure), the earnings are reportable for that fiscal year, even if not payable until a later date, and are not reportable again in the fiscal year when amounts are paid to the named executive officer.

2. All earnings on non-equity incentive plan compensation must be identified and quantified in a footnote to column (g), whether the earnings were paid during the fiscal year, payable during the period but deferred at the election of the named executive officer, or payable by their terms at a later date.

(viii) The sum of the amounts specified in paragraphs (c)(2)(viii)(A) and (B) of this Item (column (h)) as follows:

(A) The aggregate change in the actuarial present value of the named executive officer's accumulated benefit under all defined benefit and actuarial pension plans (including supplemental plans) from the pension plan measurement date used for financial statement reporting purposes with respect to the registrant's audited financial statements for the prior completed fiscal year to the pension plan measurement date used for financial statement reporting purposes with respect to the registrant's audited financial statements for the covered fiscal year; and

(B) Above-market or preferential earnings on compensation that is deferred on a basis that is not tax-qualified, including such earnings on nonqualified defined contribution plans;

Instructions to Item 402(c)(2)(viii).

1. The disclosure required pursuant to paragraph (c)(2)(viii)(A) of this Item applies to each plan that provides for the payment of retirement benefits, or benefits that will be paid primarily following retirement, including but not limited to tax-qualified defined benefit plans and supplemental executive retirement plans, but excluding tax-qualified defined contribution plans and nonqualified defined contribution plans. For purposes of this disclosure, the registrant should use the same amounts required to be disclosed pursuant to paragraph (h)(2)(iv) of this Item for the covered fiscal year and the amounts that were or would have been required to be reported for the executive officer pursuant to paragraph (h)(2)(iv) of this Item for the prior completed fiscal year.

2. Regarding paragraph (c)(2)(viii)(B) of this Item, interest on deferred compensation is above-market only if the rate of interest exceeds 120% of the applicable federal long-term rate, with compounding (as prescribed under section 1274(d) of the Internal Revenue Code, (26 U.S.C. 1274(d))) at the rate that corresponds most closely to the rate under the registrant's plan at the time the interest rate or formula is set. In the event of a discretionary reset of the interest rate, the requisite calculation must be made on the basis of the interest rate at the time of such reset, rather than when originally established. Only the above-market portion of the interest must be included. If the applicable interest rates vary depending upon conditions such as a minimum period of continued service, the reported amount should be calculated assuming satisfaction of all conditions to receiving interest at the highest rate. Dividends (and dividend equivalents) on deferred compensation denominated in the registrant's stock ("deferred stock") are preferential only if earned at a rate higher than dividends on the registrant's common stock. Only the preferential portion of the dividends or equivalents must be included. Footnote or narrative disclosure may be provided explaining the registrant's criteria for determining any portion considered to be above-market.

3. The registrant shall identify and quantify by footnote the separate amounts attributable to each of paragraphs (c)(2)(viii)(A) and (B) of this Item. Where such amount pursuant to paragraph (c)(2)(viii)(A) is negative, it should be disclosed by footnote but should not be reflected in the sum reported in column (h).

(ix) All other compensation for the covered fiscal year that the registrant could not properly report in any other column of the Summary Compensation Table (column (i)). Each compensation item that is not properly reportable in columns (c) - (h), regardless of the

amount of the compensation item, must be included in column (i). Such compensation must include, but is not limited to:

- (A) Perquisites and other personal benefits, or property, unless the aggregate amount of such compensation is less than \$10,000;
- (B) All “gross-ups” or other amounts reimbursed during the fiscal year for the payment of taxes;
- (C) For any security of the registrant or its subsidiaries purchased from the registrant or its subsidiaries (through deferral of salary or bonus, or otherwise) at a discount from the market price of such security at the date of purchase, unless that discount is available generally, either to all security holders or to all salaried employees of the registrant, the compensation cost, if any, computed in accordance with FAS 123R;
- (D) The amount paid or accrued to any named executive officer pursuant to a plan or arrangement in connection with:
 - (1) Any termination, including without limitation through retirement, resignation, severance or constructive termination (including a change in responsibilities) of such executive officer’s employment with the registrant and its subsidiaries; or
 - (2) A change in control of the registrant;
- (E) Registrant contributions or other allocations to vested and unvested defined contribution plans;
- (F) The dollar value of any insurance premiums paid by, or on behalf of, the registrant during the covered fiscal year with respect to life insurance for the benefit of a named executive officer; and
- (G) The dollar value of any dividends or other earnings paid on stock or option awards, when those amounts were not factored into the grant date fair value required to be reported for the stock or option award in column (l) of the Grants of Plan-Based Awards Table required by paragraph (d)(2)(viii) of this Item; and

Instructions to Item 402(c)(2)(ix).

1. Non-equity incentive plan awards and earnings and earnings on stock and options, except as specified in paragraph (c)(2)(ix)(G) of this Item, are required to be reported elsewhere as provided in this Item and are not reportable as All Other Compensation in column (i).

2. Benefits paid pursuant to defined benefit and actuarial plans are not reportable as All Other Compensation in column (i) unless accelerated pursuant to a change in control; information concerning these plans is reportable pursuant to paragraphs (c)(2)(viii)(A) and (h) of this Item.

3. Any item reported for a named executive officer pursuant to paragraph (c)(2)(ix) of this Item that is not a perquisite or personal benefit and whose value exceeds \$10,000 must be identified and quantified in a footnote to column (i). This requirement applies only to compensation for the last fiscal year. All items of compensation are required to be included in the Summary Compensation Table without regard to whether such items are required to be identified other than as specifically noted in this Item.

4. Perquisites and personal benefits may be excluded as long as the total value of all perquisites and personal benefits for a named executive officer is less than \$10,000. If the total value of all perquisites and personal benefits is \$10,000 or more for any named executive officer, then each perquisite or personal benefit, regardless of its amount, must be identified by type. If perquisites and personal benefits are required to be reported for a named executive officer pursuant to this rule, then each perquisite or personal benefit that exceeds the greater of \$25,000 or 10% of the total amount of perquisites and personal benefits for that officer must be quantified and disclosed in a footnote. The requirements for identification and quantification apply only to compensation for the last fiscal year. Perquisites and other personal benefits shall be valued on the basis of the aggregate incremental cost to the registrant. With respect to the perquisite or other personal benefit for which footnote quantification is required, the registrant shall describe in the footnote its methodology for computing the aggregate incremental cost. Reimbursements of taxes owed with respect to perquisites or other personal benefits must be included in column (i) and are subject to separate quantification and identification as tax reimbursements (paragraph (c)(2)(ix)(B) of this Item) even if the associated perquisites or other personal benefits are not required to be included because the total amount of all perquisites or personal benefits for an individual named executive officer is less than \$10,000 or are required to be identified but are not required to be separately quantified.

5. For purposes of paragraph (c)(2)(ix)(D) of this Item, an accrued amount is an amount for which payment has become due.

(x) The dollar value of total compensation for the covered fiscal year (column (j)). With respect to each named executive officer, disclose the sum of all amounts reported in columns (c) through (i).

Instructions to Item 402(c).

1. Information with respect to fiscal years prior to the last completed fiscal year will not be required if the registrant was not a reporting company pursuant to section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)) at any time during that year, except that the registrant will be required to provide information for any such year if that information previously was required to be provided in response to a Commission filing requirement.

2. All compensation values reported in the Summary Compensation Table must be reported in dollars and rounded to the nearest dollar. Reported compensation values must be reported numerically, providing a single numerical value for each grid in the table. Where compensation was paid to or received by a named executive officer in a different currency, a footnote must be provided to identify that currency and describe the rate and methodology used to convert the payment amounts to dollars.

3. If a named executive officer is also a director who receives compensation for his or her services as a director, reflect that compensation in the Summary Compensation Table and provide a footnote identifying and itemizing such compensation and amounts. Use the categories in the Director Compensation Table required pursuant to paragraph (k) of this Item.

4. Any amounts deferred, whether pursuant to a plan established under section 401(k) of the Internal Revenue Code (26 U.S.C. 401(k)), or otherwise, shall be included in the appropriate column for the fiscal year in which earned.

(d) Grants of plan-based awards table. (1) Provide the information specified in paragraph (d)(2) of this Item, concerning each grant of an award made to a named executive officer in the last completed fiscal year under any plan, including awards that subsequently have been transferred, in the following tabular format:

GRANTS OF PLAN-BASED AWARDS

Name	Grant Date	Estimated Future Payouts Under Non-Equity Incentive Plan Awards			Estimated Future Payouts Under Equity Incentive Plan Awards			All Other Stock Awards: Number of Shares of Stock or Units (#)	All Other Option Awards: Number of Securities Underlying Options (#)	Exercise or Base Price of Option Awards (\$/Sh)	Grant Date Fair Value of Stock and Option Awards

(2) The Table should include:

(i) The name of the named executive officer (column (a));

(ii) The grant date for equity-based awards reported in the table (column (b)). If such grant date is different than the date on which the compensation committee (or a committee of the board of directors performing a similar function or the full board of directors) takes action or is deemed to take action to grant such awards, a separate, adjoining column shall be added between columns (b) and (c) showing such date;

(iii) The dollar value of the estimated future payout upon satisfaction of the conditions in question under non-equity incentive plan awards granted in the fiscal year, or the applicable range of estimated payouts denominated in dollars (threshold, target and maximum amount) (columns (c) through (e)).

(iv) The number of shares of stock, or the number of shares underlying options to be paid out or vested upon satisfaction of the conditions in question under equity incentive plan awards granted in the fiscal year, or the applicable range of estimated payouts denominated in the number of shares of stock, or the number of shares underlying options under the award (threshold, target and maximum amount) (columns (f) through (h)).

(v) The number of shares of stock granted in the fiscal year that are not required to be disclosed in columns (f) through (h) (column (i));

(vi) The number of securities underlying options granted in the fiscal year that are not required to be disclosed in columns (f) through (h) (column (j));

(vii) The per-share exercise or base price of the options granted in the fiscal year (column (k)). If such exercise or base price is less than the closing market price of the underlying security on the date of the grant, a separate, adjoining column showing the closing market price on the date of the grant shall be added after column (k) and

(viii) The grant date fair value of each equity award computed in accordance with FAS 123R (column (l)). If at any time during the last completed fiscal year, the registrant has adjusted or amended the exercise or base price of options, SARs or similar option-like instruments previously awarded to a named executive officer, whether through amendment, cancellation or replacement grants, or any other means (“repriced”), or otherwise has materially modified such awards, the incremental fair value, computed as of the repricing or modification date in accordance with FAS 123R, with respect to that repriced or modified award, shall be reported.

Instructions to Item 402(d).

1. Disclosure on a separate line shall be provided in the Table for each grant of an award made to a named executive officer during the fiscal year. If grants of awards were made to a named executive officer during the fiscal year under more than one plan, identify the particular plan under which each such grant was made.

2. For grants of incentive plan awards, provide the information called for by columns (c), (d) and (e), or (f), (g) and (h), as applicable. For columns (c) and (f), threshold refers to the minimum amount payable for a certain level of performance under the plan. For columns (d) and (g), target refers to the amount payable if the specified performance target(s) are reached. For columns (e) and (h), maximum refers to the maximum payout possible under the plan. If the award provides only for a single estimated payout, that amount must be reported as the target in columns (d) and (g). In columns (d) and (g), registrants must provide a representative amount based on the previous fiscal year’s performance if the target amount is not determinable.

3. In determining if the exercise or base price of an option is less than the closing market price of the underlying security on the date of the grant, the registrant may use either the closing market price as specified in paragraph (a)(6)(v) of this Item, or if no market exists, any other formula prescribed for the security. Whenever the exercise or base price reported in column (k) is not the closing market price, describe the methodology for determining the exercise or base price either by a footnote or accompanying textual narrative.

4. A tandem grant of two instruments, only one of which is granted under an incentive plan, such as an option granted in tandem with a performance share, need be reported only in column (i) or (j), as applicable. For example, an option granted in tandem with a performance share would be reported only as an option grant in column (j), with the tandem feature noted either by a footnote or accompanying textual narrative.

5. Disclose the dollar amount of consideration, if any, paid by the executive officer for the award in a footnote to the appropriate column.

6. If non-equity incentive plan awards are denominated in units or other rights, a separate, adjoining column between columns (b) and (c) shall be added quantifying the units or other rights awarded.

7. Options, SARs and similar option-like instruments granted in connection with a repricing transaction or other material modification shall be reported in this Table. However, the disclosure required by this Table does not apply to any repricing that occurs through a pre-existing formula or mechanism in the plan or award that results in the periodic adjustment of the option or SAR exercise or base price, an antidilution provision in a plan or award, or a recapitalization or similar transaction equally affecting all holders of the class of securities underlying the options or SARs.

(e) Narrative disclosure to summary compensation table and grants of plan-based awards table.

(1) Provide a narrative description of any material factors necessary to an understanding of the information disclosed in the tables required by paragraphs (c) and (d) of this Item. Examples of such factors may include, in given cases, among other things:

(i) The material terms of each named executive officer’s employment agreement or arrangement, whether written or unwritten;

(ii) If at any time during the last fiscal year, any outstanding option or other equity-based award was repriced or otherwise materially modified (such as by extension of exercise periods, the change of vesting or forfeiture conditions, the change or elimination of

applicable performance criteria, or the change of the bases upon which returns are determined), a description of each such repricing or other material modification;

(iii) The material terms of any award reported in response to paragraph (d) of this Item, including a general description of the formula or criteria to be applied in determining the amounts payable, and the vesting schedule. For example, state where applicable that dividends will be paid on stock, and if so, the applicable dividend rate and whether that rate is preferential. Describe any performance-based conditions, and any other material conditions, that are applicable to the award. For purposes of the Table required by paragraph (d) of this Item and the narrative disclosure required by paragraph (e) of this Item, performance-based conditions include both performance conditions and market conditions, as those terms are defined in FAS 123R; and

(iv) An explanation of the amount of salary and bonus in proportion to total compensation.

Instructions to Item 402(e)(1).

1. The disclosure required by paragraph (e)(1)(ii) of this Item would not apply to any repricing that occurs through a pre-existing formula or mechanism in the plan or award that results in the periodic adjustment of the option or SAR exercise or base price, an antidilution provision in a plan or award, or a recapitalization or similar transaction equally affecting all holders of the class of securities underlying the options or SARs.

2. Instructions 4 and 5 to Item 402(b) apply regarding disclosure pursuant to paragraph (e)(1) of target levels with respect to specific quantitative or qualitative performance-related factors considered by the compensation committee or the board of directors, or any other factors or criteria involving confidential trade secrets or confidential commercial or financial information, the disclosure of which would result in competitive harm for the registrant.

(2) Reserved.

(f) Outstanding equity awards at fiscal year-end table. (1) Provide the information specified in paragraph (f)(2) of this Item, concerning unexercised options; stock that has not vested; and equity incentive plan awards for each named executive officer outstanding as of the end of the registrant's last completed fiscal year in the following tabular format:

(2) The Table shall include:

- (i) The name of the named executive officer (column (a));
- (ii) On an award-by-award basis, the number of securities underlying unexercised options, including awards that have been transferred other than for value, that are exercisable and that are not reported in column (d) (column (b));
- (iii) On an award-by-award basis, the number of securities underlying unexercised options, including awards that have been transferred other than for value, that are unexercisable and that are not reported in column (d) (column (c));
- (iv) On an award-by-award basis, the total number of shares underlying unexercised options awarded under any equity incentive plan that have not been earned (column (d));
- (v) For each instrument reported in columns (b), (c) and (d), as applicable, the exercise or base price (column (e));
- (vi) For each instrument reported in columns (b), (c) and (d), as applicable, the expiration date (column (f));
- (vii) The total number of shares of stock that have not vested and that are not reported in column (i) (column (g));
- (viii) The aggregate market value of shares of stock that have not vested and that are not reported in column (j) (column (h));
- (ix) The total number of shares of stock, units or other rights awarded under any equity incentive plan that have not vested and that have not been earned, and, if applicable the number of shares underlying any such unit or right (column (i)); and
- (x) The aggregate market or payout value of shares of stock, units or other rights awarded under any equity incentive plan that have not vested and that have not been earned (column (j)).

Instructions to Item 402(f)(2).

1. Identify by footnote any award that has been transferred other than for value, disclosing the nature of the transfer.
2. The vesting dates of options, shares of stock and equity incentive plan awards held at fiscal-year end must be disclosed by footnote to the applicable column where the outstanding award is reported.
3. Compute the market value of stock reported in column (h) and equity incentive plan awards of stock reported in column (j) by multiplying the closing market price of the registrant's stock at the end of the last completed fiscal year by the number of shares or units of stock or the amount of equity incentive plan awards, respectively. The number of shares or units reported in columns (d) or (i), and the payout value reported in column (j), shall be based on achieving threshold performance goals, except that if the previous fiscal year's performance has exceeded the threshold, the disclosure shall be based on the next higher performance measure (target or maximum) that exceeds the previous fiscal year's performance. If the award provides only for a single estimated payout, that amount should be reported. If the target amount is not determinable, registrants must provide a representative amount based on the previous fiscal year's performance.
4. Multiple awards may be aggregated where the expiration date and the exercise and/or base price of the instruments is identical. A single award consisting of a combination of options, SARs and/or similar option-like instruments shall be reported as separate awards with respect to each tranche with a different exercise and/or base price or expiration date.
5. Options or stock awarded under an equity incentive plan are reported in columns (d) or (i) and (j), respectively, until the relevant performance condition has been satisfied. Once the relevant performance condition has been satisfied, even if the option or stock award is subject to forfeiture conditions, options are reported in column (b) or (c), as appropriate, until they are exercised or expire, or stock is reported in columns (g) and (h) until it vests.

(g) Option exercises and stock vested table. (1) Provide the information specified in paragraph (g)(2) of this Item, concerning each exercise of stock options, SARs and similar instruments, and each vesting of stock, including restricted stock, restricted stock units and similar instruments, during the last completed fiscal year for each of the named executive officers on an aggregated basis in the following tabular format:

(2) The Table shall include:

- (i) The name of the executive officer (column (a));
- (ii) The number of securities for which the options were exercised (column (b));
- (iii) The aggregate dollar value realized upon exercise of options, or upon the transfer of an award for value (column (c));
- (iv) The number of shares of stock that have vested (column (d)); and
- (v) The aggregate dollar value realized upon vesting of stock, or upon the transfer of an award for value (column (e)).

Instruction to Item 402(g)(2).

Report in column (c) the aggregate dollar amount realized by the named executive officer upon exercise of the options or upon the transfer of such instruments for value. Compute the dollar amount realized upon exercise by determining the difference between the market price of the underlying securities at exercise and the exercise or base price of the options. Do not include the value of any related payment or other consideration provided (or to be provided) by the registrant to or on behalf of a named executive officer, whether in payment of the exercise price or related taxes. (Any such payment or other consideration provided by the registrant is required to be disclosed in accordance with paragraph (c)(2)(ix) of this Item.) Report in column (e) the aggregate dollar amount realized by the named executive officer upon the vesting of stock or the transfer of such instruments for value. Compute the aggregate dollar amount realized upon vesting by multiplying the number of shares of stock or units by the market value of the underlying shares on the vesting date. For any amount realized upon exercise or vesting for which receipt has been deferred, provide a footnote quantifying the amount and disclosing the terms of the deferral.

(h) Pension benefits.

(1) Provide the information specified in paragraph (h)(2) of this Item with respect to each plan that provides for payments or other benefits at, following, or in connection with retirement, in the following tabular format:

(2) The Table shall include:

(i) The name of the executive officer (column (a));

(ii) The name of the plan (column (b));

(iii) The number of years of service credited to the named executive officer under the plan, computed as of the same pension plan measurement date used for financial statement reporting purposes with respect to the registrant's audited financial statements for the last completed fiscal year (column (c));

(iv) The actuarial present value of the named executive officer's accumulated benefit under the plan, computed as of the same pension plan measurement date used for financial statement reporting purposes with respect to the registrant's audited financial statements for the last completed fiscal year (column (d)); and

(v) The dollar amount of any payments and benefits paid to the named executive officer during the registrant's last completed fiscal year (column (e)).

Instructions to Item 402(h)(2).

1. The disclosure required pursuant to this Table applies to each plan that provides for specified retirement payments and benefits, or payments and benefits that will be provided primarily following retirement, including but not limited to tax-qualified defined benefit plans and supplemental executive retirement plans, but excluding tax-qualified defined contribution plans and nonqualified defined contribution plans. Provide a separate row for each such plan in which the named executive officer participates.

2. For purposes of the amount(s) reported in column (d), the registrant must use the same assumptions used for financial reporting purposes under generally accepted accounting principles, except that retirement age shall be assumed to be the normal retirement age as defined in the plan, or if not so defined, the earliest time at which a participant may retire under the plan without any benefit reduction due to age. The registrant must disclose in the accompanying textual narrative the valuation method and all material assumptions applied in quantifying the present value of the current accrued benefit. A benefit specified in the plan document or the executive's contract itself is not an assumption. Registrants may satisfy all or part of this disclosure by reference to a discussion of those assumptions in the registrant's financial statements, footnotes to the financial statements, or discussion in the Management's Discussion and Analysis. The sections so referenced are deemed part of the disclosure provided pursuant to this Item.

3. For purposes of allocating the current accrued benefit between tax qualified defined benefit plans and related supplemental plans, apply the limitations applicable to tax qualified defined benefit plans established by the Internal Revenue Code and the regulations thereunder that applied as of the pension plan measurement date.

4. If a named executive officer's number of years of credited service with respect to any plan is different from the named executive officer's number of actual years of service with the registrant, provide footnote disclosure quantifying the difference and any resulting benefit augmentation.

(3) Provide a succinct narrative description of any material factors necessary to an understanding of each plan covered by the tabular disclosure required by this paragraph. While material factors will vary depending upon the facts, examples of such factors may include, in given cases, among other things:

(i) The material terms and conditions of payments and benefits available under the plan, including the plan's normal retirement payment and benefit formula and eligibility standards, and the effect of the form of benefit elected on the amount of annual benefits. For this purpose, normal retirement means retirement at the normal retirement age as defined in the plan, or if not so defined, the earliest time at which a participant may retire under the plan without any benefit reduction due to age;

(ii) If any named executive officer is currently eligible for early retirement under any plan, identify that named executive officer and the plan, and describe the plan's early retirement payment and benefit formula and eligibility standards. For this purpose, early retirement means retirement at the early retirement age as defined in the plan, or otherwise available to the executive under the plan;

(iii) The specific elements of compensation (e.g., salary, bonus, etc.) included in applying the payment and benefit formula, identifying each such element;

(iv) With respect to named executive officers' participation in multiple plans, the different purposes for each plan; and

(v) Registrant policies with regard to such matters as granting extra years of credited service.

(i) Nonqualified defined contribution and other nonqualified deferred compensation plans.

(1) Provide the information specified in paragraph (i)(2) of this Item with respect to each defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified in the following tabular format:

NONQUALIFIED DEFERRED COMPENSATION

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)
(a)	(b)	(c)	(d)	(e)	(f)
PEO					
PFO					
A					
B					
C					

(2) The Table shall include:

- (i) The name of the executive officer (column (a));
- (ii) The dollar amount of aggregate executive contributions during the registrant's last fiscal year (column (b));
- (iii) The dollar amount of aggregate registrant contributions during the registrant's last fiscal year (column (c));
- (iv) The dollar amount of aggregate interest or other earnings accrued during the registrant's last fiscal year (column (d));
- (v) The aggregate dollar amount of all withdrawals by and distributions to the executive during the registrant's last fiscal year (column (e)); and
- (vi) The dollar amount of total balance of the executive's account as of the end of the registrant's last fiscal year (column (f)).

Instruction to Item 402(i)(2).

Provide a footnote quantifying the extent to which amounts reported in the contributions and earnings columns are reported as compensation in the last completed fiscal year in the registrant's Summary Compensation Table and amounts reported in the aggregate balance at last fiscal year end (column (f)) previously were reported as compensation to the named executive officer in the registrant's Summary Compensation Table for previous years.

(3) Provide a succinct narrative description of any material factors necessary to an understanding of each plan covered by tabular disclosure required by this paragraph. While material factors will vary depending upon the facts, examples of such factors may include, in given cases, among other things:

- (i) The type(s) of compensation permitted to be deferred, and any limitations (by percentage of compensation or otherwise) on the extent to which deferral is permitted;
- (ii) The measures for calculating interest or other plan earnings (including whether such measure(s) are selected by the executive or the registrant and the frequency and manner in which selections may be changed), quantifying interest rates and other earnings measures applicable during the registrant's last fiscal year; and
- (iii) Material terms with respect to payouts, withdrawals and other distributions.

(j) Potential payments upon termination or change-in-control. Regarding each contract, agreement, plan or arrangement, whether written or unwritten, that provides for payment(s) to a named executive officer at, following, or in connection with any termination, including without limitation resignation, severance, retirement or a constructive termination of a named executive officer, or a change in control of the registrant or a change in the named executive officer's responsibilities, with respect to each named executive officer:

- (1) Describe and explain the specific circumstances that would trigger payment(s) or the provision of other benefits, including perquisites and health care benefits;
- (2) Describe and quantify the estimated payments and benefits that would be provided in each covered circumstance, whether they would or could be lump sum, or annual, disclosing the duration, and by whom they would be provided;
- (3) Describe and explain how the appropriate payment and benefit levels are determined under the various circumstances that trigger payments or provision of benefits;
- (4) Describe and explain any material conditions or obligations applicable to the receipt of payments or benefits, including but not limited to non-compete, non-solicitation, non-disparagement or confidentiality agreements, including the duration of such agreements and provisions regarding waiver of breach of such agreements; and
- (5) Describe any other material factors regarding each such contract, agreement, plan or arrangement.

Instructions to Item 402(j).

1. The registrant must provide quantitative disclosure under these requirements, applying the assumptions that the triggering event took place on the last business day of the registrant's last completed fiscal year, and the price per share of the registrant's securities is the closing market price as of that date. In the event that uncertainties exist as to the provision of payments and benefits or the amounts involved, the registrant is required to make a reasonable estimate (or a reasonable estimated range of amounts) applicable to the payment or benefit and disclose material assumptions underlying such estimates or estimated ranges in its disclosure. In such event, the disclosure would require forward-looking information as appropriate.

2. Perquisites and other personal benefits or property may be excluded only if the aggregate amount of such compensation will be less than \$10,000. Individual perquisites and personal benefits shall be identified and quantified as required by Instruction 4 to paragraph (c)(2)(ix) of this Item. For purposes of quantifying health care benefits, the registrant must use the assumptions used for financial reporting purposes under generally accepted accounting principles.

3. To the extent that the form and amount of any payment or benefit that would be provided in connection with any triggering event is fully disclosed pursuant to paragraph (h) or (i) of this Item, reference may be made to that disclosure. However, to the extent that the form or amount of any such payment or benefit would be enhanced or its vesting or other provisions accelerated in connection with any triggering event, such enhancement or acceleration must be disclosed pursuant to this paragraph.

4. Where a triggering event has actually occurred for a named executive officer and that individual was not serving as a named executive officer of the registrant at the end of the last completed fiscal year, the disclosure required by this paragraph for that named executive officer shall apply only to that triggering event.

5. The registrant need not provide information with respect to contracts, agreements, plans or arrangements to the extent they do not discriminate in scope, terms or operation, in favor of executive officers of the registrant and that are available generally to all salaried employees.

(k) Compensation of directors.

(1) Provide the information specified in paragraph (k)(2) of this Item, concerning the compensation of the directors for the registrant's last completed fiscal year, in the following tabular format:

DIRECTOR COMPENSATION

Name	Fees Earned of Paid in Cash (\$)	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings	All Other Compensation (\$)	Total (\$)

A							
B							
C							
D							
E							

(2) The Table shall include:

- (i) The name of each director unless such director is also a named executive officer under paragraph (a) of this Item and his or her compensation for service as a director is fully reflected in the Summary Compensation Table pursuant to paragraph (c) of this Item and otherwise as required pursuant to paragraphs (d) through (j) of this Item (column (a));
- (ii) The aggregate dollar amount of all fees earned or paid in cash for services as a director, including annual retainer fees, committee and/or chairmanship fees, and meeting fees (column (b));

- (iv) For awards of stock options, with or without tandem SARs, the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with FAS 123R (column (d));

Instruction to Item 402(k)(2)(iii) and (iv).

For each director, disclose by footnote to the appropriate column: the grant date fair value of each equity award computed in accordance with FAS 123R; for each option, SAR or similar option like instrument for which the registrant has adjusted or amended the exercise or base price during the last completed fiscal year, whether through amendment, cancellation or replacement grants, or any other means (“repriced”), or otherwise has materially modified such awards, the incremental fair value, computed as of the repricing or modification date in accordance with FAS 123R; and the aggregate number of stock awards and the aggregate number of option awards outstanding at fiscal year end. However, the disclosure required by this Instruction does not apply to any repricing that occurs through a pre-existing formula or mechanism in the plan or award that results in the periodic adjustment of the option or SAR exercise or base price, an antidilution provision in a plan or award, or a recapitalization or similar transaction equally affecting all holders of the class of securities underlying the options or SARs.

- (v) The dollar value of all earnings for services performed during the fiscal year pursuant to non-equity incentive plans as defined in paragraph (a)(6)(iii) of this Item, and all earnings on any outstanding awards (column (e));
- (vi) The sum of the amounts specified in paragraphs (k)(2)(vi)(A) and (B) of this Item (column (f)) as follows:

(A) The aggregate change in the actuarial present value of the director’s accumulated benefit under all defined benefit and actuarial pension plans (including supplemental plans) from the pension plan measurement date used for financial statement reporting purposes with respect to the registrant’s audited financial statements for the prior completed fiscal year to the pension plan measurement date used for financial statement reporting purposes with respect to the registrant’s audited financial statements for the covered fiscal year; and

(B) Above-market or preferential earnings on compensation that is deferred on a basis that is not tax-qualified, including such earnings on nonqualified defined contribution plans;

(vii) All other compensation for the covered fiscal year that the registrant could not properly report in any other column of the Director Compensation Table (column (g)). Each compensation item that is not properly reportable in columns (b) - (f), regardless of the amount of the compensation item, must be included in column (g). Such compensation must include, but is not limited to:

(A) Perquisites and other personal benefits, or property, unless the aggregate amount of such compensation is less than \$10,000;

(B) All “gross-ups” or other amounts reimbursed during the fiscal year for the payment of taxes;

(C) For any security of the registrant or its subsidiaries purchased from the registrant or its subsidiaries (through deferral of salary or bonus, or otherwise) at a discount from the market price of such security at the date of purchase, unless that discount is available generally, either to all security holders or to all salaried employees of the registrant, the compensation cost, if any, computed in accordance with FAS 123R;

(D) The amount paid or accrued to any director pursuant to a plan or arrangement in connection with:

(1) The resignation, retirement or any other termination of such director; or

(2) A change in control of the registrant;

(E) Registrant contributions or other allocations to vested and unvested defined contribution plans;

(F) Consulting fees earned from, or paid or payable by the registrant and/or its subsidiaries (including joint ventures);

(G) The annual costs of payments and promises of payments pursuant to director legacy programs and similar charitable award programs;

(H) The dollar value of any insurance premiums paid by, or on behalf of, the registrant during the covered fiscal year with respect to life insurance for the benefit of a director; and

(I) The dollar value of any dividends or other earnings paid on stock or option awards, when those amounts were not factored into the grant date fair value for the stock or option award; and

Instructions to Item 402(k)(2)(vii).

1. Programs in which registrants agree to make donations to one or more charitable institutions in a director’s name, payable by the registrant currently or upon a designated event, such as the retirement or death of the director, are charitable awards programs or director legacy programs for purposes of the disclosure required by paragraph (k)(2)(vii)(G) of this Item.

Provide footnote disclosure of the total dollar amount payable under the program and other material terms of each such program for which tabular disclosure is provided.

2. Any item reported for a director pursuant to paragraph (k)(2)(vii) of this Item that is not a perquisite or personal benefit and whose value exceeds \$10,000 must be identified and quantified in a footnote to column (g). All items of compensation are required to be included in the Director Compensation Table without regard to whether such items are required to be identified other than as specifically noted in this Item.

3. Perquisites and personal benefits may be excluded as long as the total value of all perquisites and personal benefits for a director is less than \$10,000. If the total value of all perquisites and personal benefits is \$10,000 or more for any director, then each perquisite or personal benefit, regardless of its amount, must be identified by type. If perquisites and personal benefits are required to be reported for a director pursuant to this rule, then each perquisite or personal benefit that exceeds the greater of \$25,000 or 10% of the total amount of perquisites and personal benefits for that director must be quantified and disclosed in a footnote. Perquisites and other personal benefits shall be valued on the basis of the aggregate incremental cost to the registrant. With respect to the perquisite or other personal benefit for which footnote quantification is required, the registrant shall describe in the footnote its methodology for computing the aggregate incremental cost. Reimbursements of taxes owed with respect to perquisites or other personal benefits must be included in column (g) and are subject to separate quantification and identification as tax reimbursements (paragraph (k)(2)(vii)(B) of this Item) even if the associated perquisites or other personal benefits are not required to be included because the total amount of all perquisites or personal benefits for an individual director is less than \$10,000 or are required to be identified but are not required to be separately quantified.

(viii) The dollar value of total compensation for the covered fiscal year (column (h)). With respect to each director, disclose the sum of all amounts reported in columns (b) through (g).

Instruction to Item 402(k)(2).

Two or more directors may be grouped in a single row in the Table if all elements of their compensation are identical. The names of the directors for whom disclosure is presented on a group basis should be clear from the Table.

(3) Narrative to director compensation table.

Provide a narrative description of any material factors necessary to an understanding of the director compensation disclosed in this Table. While material factors will vary depending upon the facts, examples of such factors may include, in given cases, among other things:

- (i) A description of standard compensation arrangements (such as fees for retainer, committee service, service as chairman of the board or a committee, and meeting attendance); and
- (ii) Whether any director has a different compensation arrangement, identifying that director and describing the terms of that arrangement.

Instruction to Item 402(k).

In addition to the Instruction to paragraphs 402(k)(2)(iii) and (iv) and the Instructions to paragraph (k)(2)(vii) of this Item, the following apply equally to paragraph (k) of this Item: Instructions 2 and 4 to paragraph (c) of this Item; Instructions to paragraphs (c)(2)(iii) and (iv) of this Item; the Instruction to paragraphs (c)(2)(v) and (vi) of this Item; Instructions to paragraph (c)(2)(vii) of this Item; Instructions to paragraph (c)(2)(viii) of this Item; and Instructions 1 and 5 to paragraph (c)(2)(ix) of this Item. These Instructions apply to the columns in the Director Compensation Table that are analogous to the columns in the Summary Compensation Table to which they refer and to disclosures under paragraph (k) of this Item that correspond to analogous disclosures provided for in paragraph (c) of this Item to which they refer.

Instruction to Item 402. Specify the applicable fiscal year in the title to each table required under this Item which calls for disclosure as of or for a completed fiscal year.

The address given in column (2) may be a business, mailing or residence address. Show in column (3) the total number of shares beneficially owned and in column (4) the percentage of class so owned. Of the number of shares shown in column (3), indicate by footnote or otherwise the amount known to be shares with respect to which such listed beneficial owner has the right to acquire beneficial ownership, as specified in Rule 13d-3(d)(1) under the Exchange Act (§240.13d-3(d)(1) of this chapter).

(1)	(2)	(3)	(4)

- (b) Security ownership of management. Furnish the following information, as of the most recent practicable date, in substantially the tabular form indicated, as to each class of equity securities of the registrant or any of its parents or subsidiaries, including directors' qualifying shares, beneficially owned by all directors and nominees, naming them, each of the named executive officers as defined in Item 402(a)(3) (§229.402(a)(3)), and directors and executive officers of the registrant as a group, without naming them. Show in column (3) the total number of shares beneficially owned and in column (4) the percent of the class so owned. Of the number of shares shown in column (3), indicate, by footnote or otherwise, the amount of shares that are pledged as security and the amount of shares with respect to which such persons have the right to acquire beneficial ownership as specified in §240.13d-3(d)(1) of this chapter.

- (c) Changes in control. Describe any arrangements, known to the registrant, including any pledge by any person of securities of the registrant or any of its parents, the operation of which may at a subsequent date result in a change in control of the registrant.

Instructions to Item 403.

1. The percentages are to be calculated on the basis of the amount of outstanding securities, excluding securities held by or for the account of the registrant or its subsidiaries, plus securities deemed outstanding pursuant to Rule 13d-3(d)(1) under the Exchange Act [17 CFR 240.13d-3(d)(1)]. For purposes of paragraph (b), if the percentage of shares beneficially owned by any director or nominee, or by all directors and officers of the registrant as a group, does not exceed one percent of the class so owned, the registrant may, in lieu of furnishing a precise percentage, indicate this fact by means of an asterisk and explanatory footnote or other similar means.
2. For the purposes of this Item, beneficial ownership shall be determined in accordance with Rule 13d-3 under the Exchange Act (§240.13d-3 of this chapter). Include such additional subcolumns or other appropriate explanation of column (3) necessary to reflect amounts as to which the beneficial owner has (A) sole voting power, (B) shared voting power, (C) sole investment power, or (D) shared investment power.
3. The registrant shall be deemed to know the contents of any statements filed with the Commission pursuant to section 13(d) or 13(g) of the Exchange Act. When applicable, a registrant may rely upon information set forth in such statements unless the registrant knows or has reason to believe that such information is not complete or accurate or that a statement or amendment should have been filed and was not.
4. For purposes of furnishing information pursuant to paragraph (a) of this Item, the registrant may indicate the source and date of such information.
5. Where more than one beneficial owner is known to be listed for the same securities, appropriate disclosure should be made to avoid confusion. For purposes of paragraph (b), in computing the aggregate number of shares owned by directors and officers of the registrant as a group, the same shares shall not be counted more than once.
6. Paragraph (c) of this Item does not require a description of ordinary default provisions contained in the charter, trust indentures or other governing instruments relating to securities of the registrant.
7. Where the holder(s) of voting securities reported pursuant to paragraph (a) hold more than five percent of any class of voting securities of the registrant pursuant to any voting trust or similar agreement, state the title of such securities, the amount held or to be held pursuant to the trust or agreement (if not clear from the table) and the duration of the agreement. Give the names and addresses of the voting trustees and outline briefly their voting rights and other powers under the trust or agreement.

Transactions with related persons, promoters and certain control persons.

Reg. §229.404. Item 404.

- (a) Transactions with related persons. Describe any transaction, since the beginning of the registrant's last fiscal year, or any currently proposed transaction, in which the registrant was or is to be a participant and the amount involved exceeds \$120,000, and in which any related person had or will have a direct or indirect material interest. Disclose the following information regarding the transaction:

 - (4) The approximate dollar value of the amount of the related person's interest in the transaction, which shall be computed without regard to the amount of profit or loss.

(5) In the case of indebtedness, disclosure of the amount involved in the transaction shall include the largest aggregate amount of principal outstanding during the period for which disclosure is provided, the amount thereof outstanding as of the latest practicable date, the amount of principal paid during the periods for which disclosure is provided, the amount of interest paid during the period for which disclosure is provided, and the rate or amount of interest payable on the indebtedness.

(6) Any other information regarding the transaction or the related person in the context of the transaction that is material to investors in light of the circumstances of the particular transaction.

Instructions to Item 404(a).

2. For purposes of paragraph (a) of this Item, a transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

3. The amount involved in the transaction shall be computed by determining the dollar value of the amount involved in the transaction in question, which shall include:

a. In the case of any lease or other transaction providing for periodic payments or installments, the aggregate amount of all periodic payments or installments due on or after the beginning of the registrant's last fiscal year, including any required or optional payments due during or at the conclusion of the lease or other transaction providing for periodic payments or installments; and

b. Disclosure need not be provided of any indebtedness transaction for the related persons specified in Instruction 1.b. to paragraph (a) of this Item; and

c. If the lender is a bank, savings and loan association, or broker-dealer extending credit under Federal Reserve Regulation T (12 CFR part 220) and the loans are not disclosed as nonaccrual, past due, restructured or potential problems (see Item III.C.1. and 2. of Industry Guide 3, Statistical Disclosure by Bank Holding Companies (17 CFR 229.802(c))), disclosure under paragraph (a) of this Item may consist of a statement, if such is the case, that the loans to such persons:

i. Were made in the ordinary course of business;

ii. Were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the lender; and

iii. Did not involve more than the normal risk of collectibility or present other unfavorable features.

5.a. Disclosure of an employment relationship or transaction involving an executive officer and any related compensation solely resulting from that employment relationship or transaction need not be provided pursuant to paragraph (a) of this Item if:

i. The compensation arising from the relationship or transaction is reported pursuant to Item 402 (§229.402); or
ii. The executive officer is not an immediate family member (as specified in Instruction 1 to paragraph (a) of this Item) and such compensation would have been reported under Item 402 (§229.402) as compensation earned for services to the registrant if the executive officer was a named executive officer as that term is defined in Item 402(a)(3) (§229.402(a)(3)), and such compensation had been approved, or recommended to the board of directors of the registrant for approval, by the compensation committee of the board of directors (or group of independent directors performing a similar function) of the registrant.

b. Disclosure of compensation to a director need not be provided pursuant to paragraph (a) of this Item if the compensation is reported pursuant to Item 402(k) (§229.402(k)).

6. A person who has a position or relationship with a firm, corporation, or other entity that engages in a transaction with the registrant shall not be deemed to have an indirect material interest within the meaning of paragraph (a) of this Item where:

a. The interest arises only:

i. From such person's position as a director of another corporation or organization that is a party to the transaction; or

ii. From the direct or indirect ownership by such person and all other persons specified in Instruction 1 to paragraph (a) of this Item, in the aggregate, of less than a ten percent equity interest in another person (other than a partnership) which is a party to the transaction; or

iii. From both such position and ownership; or

b. The interest arises only from such person's position as a limited partner in a partnership in which the person and all other persons specified in Instruction 1 to paragraph (a) of this Item, have an interest of less than ten percent, and the person is not a general partner of and does not hold another position in the partnership.

7. Disclosure need not be provided pursuant to paragraph (a) of this Item if:

a. The transaction is one where the rates or charges involved in the transaction are determined by competitive bids, or the transaction involves the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority;

b. The transaction involves services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services; or

c. The interest of the related person arises solely from the ownership of a class of equity securities of the registrant and all holders of that class of equity securities of the registrant received the same benefit on a pro rata basis.

(b) Review, approval or ratification of transactions with related persons.

(1) Describe the registrant's policies and procedures for the review, approval, or ratification of any transaction required to be reported under paragraph (a) of this Item. Instruction to Item 404(b).

Disclosure need not be provided pursuant to this paragraph regarding any transaction that occurred at a time before the related person became one of the enumerated persons in Instruction 1.a.i., ii., or iii. to Item 404(a) if such transaction did not continue after the related person became one of the enumerated persons in Instruction 1.a.i., ii., or iii. to Item 404(a).

(c) Promoters and certain control persons.

(1) Registrants that are filing a registration statement on Form S-1 or Form SB-2 under the Securities Act (§239.11 or §239.10 of this chapter) or on Form 10 or Form 10-SB under the Exchange Act (§249.210 or §249.210b of this chapter) and that had a promoter at any time during the past five fiscal years shall:

(i) State the names of the promoter(s), the nature and amount of anything of value (including money, property, contracts, options or rights of any kind) received or to be received by each promoter, directly or indirectly, from the registrant and the nature and amount of any assets, services or other consideration therefore received or to be received by the registrant; and

(2) Registrants shall provide the disclosure required by paragraphs (c)(1)(i) and (c)(1)(ii) of this Item as to any person who

acquired control of a registrant that is a shell company, or any person that is part of a group, consisting of two or more persons that agree to act together for the purpose of acquiring, holding, voting or disposing of equity securities of a registrant, that acquired control of a registrant that is a shell company. Compliance With Section 16(a) of the Exchange Act

Reg §229.405. Item 405. Every registrant having a class of equity securities registered pursuant to Section 12 of the Exchange Act (15 U.S.C. 78(l), every closed-end investment company registered under the Investment Company Act of 1940 (15 U.S.C. § 80a-1 *et seq.*), and every holding company registered pursuant to the Public Utility Holding Company Act of 1935 (15 U.S.C. § 79a *et seq.*) shall:

- (a) Based solely upon a review of Forms 3 (§ 249.103) and 4 (§ 249.104) and amendments thereto furnished to the registrant pursuant to § 240.16a-3(e) during its most recent fiscal year and Forms 5 and amendments thereto (§ 249.105) furnished to the registrant with respect to its most recent fiscal year, and any written representation referred to in (b)(1) of this section:
 - (1) Under the caption "Section 16(a) Beneficial Ownership Reporting Compliance," identify each person who, at any time during the fiscal year, was a director, officer, beneficial owner of more than ten percent of any class of equity securities of the registrant registered pursuant to section 12 of the Exchange Act with respect to the registrant because of the requirements of section 30 of the Investment Company Act ("reporting person") that failed to file on a timely basis, as disclosed in the above Forms, reports required by section 16(a) of the Exchange Act during the most recent fiscal year or prior fiscal years.
 - (2) For each such person, set forth the number of late reports, the number of transactions that were not reported on a timely basis, and any known failure to file a required Form. A known failure to file would include, but not be limited to, a failure to file a Form 3, which is required by all reporting persons, and a failure to file a Form 5 in the absence of the written representation referred to in paragraph (b)(1) of this section, unless the registrant otherwise knows that no Form 5 is required.

Note: The disclosure requirement is based on a review of the forms submitted to the registrant during and with respect to its most recent fiscal year, as specified above. Accordingly, a failure to file timely need only be disclosed once. For example, if in the most recently concluded fiscal year a reporting person filed a Form 4 disclosing a transaction that took place in the prior fiscal year, and should have been reported in that year, the registrant should disclose that late filing and transaction pursuant to this Item 405 with respect to the most recently concluded fiscal year, but not in material filed with respect to subsequent years.

- (b) With respect to the disclosure required by paragraph (a) of this section, if the registrant:

- (1) Receives a written representation from the reporting person that no Form 5 is required; and
- (2) Maintains the representation for two years, making a copy available to the Commission or its staff upon request, the registrant need not identify such reporting person pursuant to paragraph (a) of this section as having failed to file a Form 5 with respect to that fiscal year.

1. A registrant may have separate codes of ethics for different types of officers. In addition, if such independence standards contain independence requirements for committees of the board of directors, identify each director that is a member of the compensation, nominating or audit committee that is not independent under such committee independence standards. If the registrant does not have a separately designated audit, nominating or compensation committee or committee performing similar functions, the registrant must provide the disclosure of directors that are not independent with respect to all members of the board of directors applying such committee independence standards.

(iii) If the information called for by paragraph (a) of this Item is being presented in a registration statement on Form S-1 (§239.11 of this chapter) or Form SB-2 (§239.10 of this chapter) under the Securities Act or on a Form 10 (§249.210 of this chapter) or Form 10-SB (§249.210b of this chapter) under the Exchange Act where the registrant has applied for listing with a national securities exchange or in an inter-dealer quotation system which has requirements that a majority of the board of directors be independent, the definition of independence that the registrant uses for determining if a majority of the board of directors is independent, and the definition of independence that the registrant uses for determining if members of the specific committee of the board of directors are independent, that is in compliance with the independence listing standards of the national securities exchange or inter-dealer quotation system on which it has applied for listing, or if the registrant has not adopted such definitions, the independence standards for determining if the majority of the board of directors is independent and if members of the committee of the board of directors are independent of that national securities exchange or inter-dealer quotation system.

(2) Registrants shall provide the disclosure required by paragraph (a) of this Item for any person who served as a director during any part of the last completed fiscal year, except that no information called for by paragraph (a) of this Item need be given in a registration statement filed at a time when the registrant is not subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d))

Instructions to Item 407(a).

If the registrant is a listed issuer whose securities are listed on a national securities exchange or in an inter-dealer quotation system which has requirements that a majority of the board of directors be independent, and also has exemptions to those requirements (for independence of a majority of the board of directors or committee member independence) upon which the registrant relied, disclose the exemption relied upon and explain the basis for the registrant's conclusion that such exemption is applicable. The same disclosure should be provided if the registrant is not a listed issuer and the national securities exchange or inter-dealer quotation system selected by the registrant has exemptions that are applicable to the registrant. (c) Nominating committee. (1) If the registrant does not have a standing nominating committee or committee performing similar functions, state the basis for the view of the board of directors that it is appropriate for the registrant not to have such a committee and identify each director who participates in the consideration of director nominees.

(2) Provide the following information regarding the registrant's director nomination process:

- (i) State whether or not the nominating committee has a charter. If the nominating committee has a charter, provide the disclosure required by Instruction 2 to this Item regarding the nominating committee charter;
- (ii) If the nominating committee has a policy with regard to the consideration of any director candidates recommended by security holders, provide a description of the material elements of that policy, which shall include, but need not be limited to, a statement as to whether the committee will consider director candidates recommended by security holders;

- (iv) If the nominating committee will consider candidates recommended by security holders, describe the procedures to be followed by security holders in submitting such recommendations;
- (v) Describe any specific minimum qualifications that the nominating committee believes must be met by a nominating committee-recommended nominee for a position on the registrant's board of directors, and describe any specific qualities or skills that the nominating committee believes are necessary for one or more of the registrant's directors to possess;

Instructions to Item 407(c)(2)(ix).

1. For purposes of paragraph (c)(2)(ix) of this Item, the percentage of securities held by a nominating security holder may be determined using information set forth in the registrant's most recent quarterly or annual report, and any current report subsequent thereto, filed with the Commission pursuant to the Exchange Act (or, in the case of a registrant that is an investment company registered under the Investment Company Act of 1940, the registrant's most recent report on Form N-CSR (§§249.331 and 274.128 of this chapter)), unless the party relying on such report knows or has reason to believe that the information contained therein is inaccurate.

3. For purposes of paragraph (c)(2)(ix) of this Item, the percentage of securities held by a recommending security holder, as well as the holding period of those securities, may be determined by the registrant if the security holder is the registered holder of the securities. If the security holder has filed a Schedule 13D (§240.13d-101 of this chapter), Schedule 13G (§240.13d-102 of this chapter), Form 3 (§249.103 of this chapter), Form 4 (§249.104 of this chapter), and/or Form 5 (§249.105 of this chapter), or amendments to those documents or updated forms, reflecting ownership of the securities as of or before the date of the recommendation, a copy of the schedule and/or form, and any subsequent amendments reporting a change in ownership level, as well as a written statement that the security holder continuously held the securities for the one-year period as of the date of the recommendation.
4. For purposes of the registrant's obligation to provide the disclosure specified in paragraph (c)(2)(ix) of this Item, the security holder or group must have provided to the registrant, at the time of the recommendation, the written consent of all parties to be identified and, where the security holder or group members are not registered holders, proof that the security holder or group satisfied the required ownership percentage and holding period as of the date of the recommendation.

2. (A) The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) (§229.402(b)) with management; and

(B) Based on the review and discussions referred to in paragraph (e)(5)(i)(A) of this Item, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in the registrant’s annual report on Form 10-K (§249.310 of this chapter), proxy statement on Schedule 14A (§240.14a-101 of this chapter) or information statement on Schedule 14C (§240.14c-101 of this chapter).

(ii) The name of each member of the registrant’s compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) must appear below the disclosure required by paragraph (e)(5)(i) of this Item.

Instructions to Item 407(e)(5).

1. The information required by paragraph (e)(5) of this Item shall not be deemed to be “soliciting material,” or to be “filed” with the Commission or subject to Regulation 14A or 14C (17 CFR 240.14a-1 through 240.14b-2 or 240.14c-1 through 240.14c-101), other than as provided in this Item, or to the liabilities of section 18 of the Exchange Act (15 U.S.C. 78r), except to the extent that the registrant specifically requests that the information be treated as soliciting material or specifically incorporates it by

reference into a document filed under the Securities Act or the Exchange Act.

2. The disclosure required by paragraph (e)(5) of this Item need not be provided in any filings other than an annual report on Form 10-K (§249.310 of this chapter), a proxy statement on Schedule 14A (§240.14a-101 of this chapter) or an information statement on Schedule 14C (§240.14c-101 of this chapter). Such information will not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference. If the registrant elects to incorporate this information by reference from the proxy or information statement into its annual report on Form 10-K pursuant to General Instruction G(3) to Form 10-K, the disclosure required by paragraph (e)(5) of this Item will be deemed furnished in the annual report on Form 10-K and will not be deemed incorporated by reference into any filing under the Securities Act or the Exchange Act as a result as a result of furnishing the disclosure in this manner.

(1) State whether or not the registrant's board of directors provides a process for security holders to send communications to the board of directors and, if the registrant does not have such a process for security holders to send communications to the board of directors, state the basis for the view of the board of directors that it is appropriate for the registrant not to have such a process.

(2) If the registrant has a process for security holders to send communications to the board of directors:

(i) Describe the manner in which security holders can send communications to the board and, if applicable, to specified individual directors; and

(ii) If all security holder communications are not sent directly to board members, describe the registrant's process for determining which communications will be relayed to board members.

Instructions to Item 407(f).

1. In lieu of providing the information required by paragraph (f)(2) of this Item in the proxy statement, the registrant may instead provide the registrant's Web site address where such information appears.

2. For purposes of the disclosure required by paragraph (f)(2)(ii) of this Item, a registrant's process for collecting and organizing security holder communications, as well as similar or related activities, need not be disclosed provided that the registrant's process is approved by a majority of the independent directors or, in the case of a registrant that is an investment company, a majority of the directors who are not "interested persons" of the investment company as defined in section 2(a)(19) of the Investment Company Act of 1940 (15 U.S.C. 80a-2(a)(19)).

3. For purposes of this paragraph, communications from an officer or director of the registrant will not be viewed as "security holder communications." Communications from an employee or agent of the registrant will be viewed as "security holder communications" for purposes of this paragraph only if those communications are made solely in such employee's or agent's capacity as a security holder.

4. For purposes of this paragraph, security holder proposals submitted pursuant to §240.14a-8 of this chapter, and communications made in connection with such proposals, will not be viewed as "security holder communications."

Subpart 229.500 – Registration Statement and Prospectus Provisions

Forepart of Registration Statement and Outside Front Cover Page of Prospectus

Reg. §229.501. Item 501.

The registrant must furnish the following information in plain English. See 230.421(d) of Regulation C of this chapter.

- (a) *Front Cover Page of the Registration Statement.* Where appropriate, include the delaying amendment legend from 230.473 of Regulation C of this chapter.
- (b) *Outside Front Cover Page of the Prospectus.* Limit the outside cover page to one page. If the following information applies to your offering, disclose it on the outside cover page of the prospectus.
- (1) *Name.* The registrant's name. A foreign registrant must give the English translation of its name.

Instruction to paragraph 501(b)(1). If your name is the same as that of a company that is well known, include information to eliminate any possible confusion with the other company. If your name indicates a line of business in which you are not engaged or you are engaged only to a limited extent, include information to eliminate any misleading inference as to your business. In some circumstances, disclosure may not be sufficient and you may be required to change your name. You will not be required to change your name if you are an established company, the character of your business has changed, and the investing public is generally aware of the change and the character of your current business.

- (2) *Title and amount of securities.* The title and amount of securities offered. Separately state the amount of securities offered by selling security holders, if any. If the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may purchase additional shares in connection with the offering, indicate that this arrangement exists and state the amount of additional shares that the underwriter may purchase under the arrangement. Give a brief description of the securities except where the information is clear from the title of the security. For example, you are not required to describe common stock that has full voting, dividend and liquidation rights usually associated with common stock.
- (3) *Offering price of the securities.* Where you offer securities for cash, the price to the public of the securities, the underwriter's discounts and commissions, the net proceeds you receive, and any selling shareholder's net proceeds. Show this information on both a per share or unit basis and for the total amount of the offering. If you make the offering on a minimum/maximum basis, show this information based on the total minimum and total maximum amount of the offering. You may present the information in a table, term sheet format, or other clear presentation. You may present the information in any format that fits the design of the cover page so long as the information can be easily read and is not misleading;

Instructions to paragraph 501(b)(3)

1. If a preliminary prospectus is circulated and you are not subject to the reporting requirements of Section 13(a) or 15 (d) of the Exchange Act, provide, as applicable:
 - (A) A bona fide estimate of the range of the maximum offering price and the maximum number of securities offered;
or
 - (B) A bona fide estimate of the principal amount of the debt securities offered.
 2. If it is impracticable to state the price to the public, explain the method by which the price is to be determined. If the securities are to be offered at the market price, or if the offering price is to be determined by a formula related to the market price, indicate the market and market price of the securities as of the latest practicable date.
 3. If you file a registration statement on Form S-8, you are not required to comply with this paragraph (b)(3).
- (4) *Market for the Securities.* Whether any national securities exchange or the Nasdaq Stock Market lists the securities offered, naming the particular market(s), and identifying the trading symbol(s) for those securities;
- (5) *Risk Factors.* A cross-reference to the risk factors section, including the page number where it appears in the prospectus. Highlight this cross-reference by prominent type or in another manner;
- (6) *State Legend.* Any legend or statement required by the law of any state in which the securities are to be offered. You may combine this with any legend required by the SEC, if appropriate;
- (7) *Commission Legend.* A legend that indicates that neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities or passed upon the accuracy or adequacy of the disclosures in the prospectus and that any contrary representation is a criminal offense. You may use one of the following or other clear, plain language:

Example A: Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal

offense.

Example B: Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

(8) *Underwriting.*

- (i) Name(s) of the lead or managing underwriter(s) and an identification of the nature of the underwriting arrangements;
- (ii) If the offering is not made on a firm commitment basis, a brief description of the underwriting arrangements. You may use any clear, concise, and accurate description of the underwriting arrangements. You may use the following descriptions of underwriting arrangements where appropriate:

Example A: Best efforts offering. The underwriters are not required to sell any specific number or dollar amount of securities but will use their best efforts to sell the securities offered.

Example B: Best efforts, minimum-maximum offering. The underwriters must sell the minimum number of securities offered (insert number) if any are sold. The underwriters are required to use only their best efforts to sell the maximum number of securities offered (insert number).

- (iii) If you offer the securities on a best efforts or best efforts minimum/maximum basis, the date the offering will end, any minimum purchase requirements, and any arrangements to place the funds in an escrow, trust, or similar account. If you have not made any of these arrangements, state this fact and describe the effect on investors;

(9) *Date of Prospectus.* The date of the prospectus;

(10) *Prospectus "Subject to Completion" Legend.* If you use the prospectus before the effective date of the registration statement, a prominent statement that:

- (i) The information in the prospectus will be amended or completed;
- (ii) A registration statement relating to these securities has been filed with the Securities and Exchange Commission;
- (iii) The securities may not be sold until the registration statement becomes effective; and
- (iv) The prospectus is not an offer to sell the securities and it is not soliciting an offer to buy the securities in any state where offers or sales are not permitted. The legend may be in the following or other clear, plain language:

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

(11) If you use 230.430A of this chapter to omit pricing information and the prospectus is used before you determine the public offering price, the information and legend in paragraph (b)(10) of this section.

Instruction to Item 501. For asset-backed securities, see also Item 1102 of Regulation AB (§ 229.1102).

Inside Front and Outside Back Cover Pages of Prospectus

Reg. §229.502. (Item 502).

The registrant must furnish this information in plain English. See 230.421(d) of Regulation C of this chapter.

- (a) *Table of Contents.* On either the inside front or outside back cover page of the prospectus, provide a reasonably detailed table of contents. It must show the page number of the various sections or subdivisions of the prospectus. Include a specific listing of the risk factors section required by Item 503 of this Regulation S-K (17 CFR 229.503). You must include the table of contents immediately following the cover page in any prospectus you deliver electronically.
- (b) *Dealer Prospectus Delivery Obligation.* On the outside back cover page of the prospectus, advise dealers of their prospectus delivery obligation, including the expiration date specified by Section 4(3) of the Securities Act (15 U.S.C. 77d(3)) and 230.174

of this chapter. If you do not know the expiration date on the effective date of the registration statement, include the expiration date in the copy of the prospectus you file under 230.424(b) of this chapter. You do not have to include this information if dealers are not required to deliver a prospectus under 230.174 of this chapter or Section 24(d) of the Investment Company Act (15 U.S.C. 80a-24). You may use the following or other clear, plain language:

Dealer Prospectus Delivery Obligation

Until (insert date), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriters and with respect to their unsold allotments or subscriptions.

Prospectus Summary, Risk Factors, and Ratio of Earnings to Fixed Charges.

Reg. §229.503. (Item 503).

The registrant must furnish this information in plain English. See §230.421(d) of Regulation C of this chapter.

- (a) *Prospectus Summary.* Provide a summary of the information in the prospectus where the length or complexity of the prospectus makes a summary useful. The summary should be brief. The summary should not contain, and is not required to contain, all of the detailed information in the prospectus. If you provide summary business or financial information, even if you do not caption it as a summary, you still must provide that information in plain English.

Instruction to paragraph 503(a). The summary should not merely repeat the text of the prospectus but should provide a brief overview of the key aspects of the offering. Carefully consider and identify those aspects of the offering that are the most significant and determine how best to highlight those points in clear, plain language.

- (b) *Address and Telephone Number.* Include, either on the cover page or in the summary section of the prospectus, the complete mailing address and telephone number of your principal executive offices.

- (c) *Risk Factors.* Where appropriate, provide under the caption "Risk Factors" a discussion of the most significant factors that make the offering speculative or risky. This discussion must be concise and organized logically. Do not present risks that could apply to any issuer or any offering. Explain how the risk affects the issuer or the securities being offered. Set forth each risk factor under a subcaption that adequately describes the risk. The risk factor discussion must immediately follow the summary section. If you do not include a summary section, the risk factor section must immediately follow the cover page of the prospectus or the pricing information section that immediately follows the cover page. Pricing information means price and price-related information that you may omit from the prospectus in an effective registration statement based on 230.430A(a) of this chapter. The risk factors may include, among other things, the following:

- (1) Your lack of an operating history;
- (2) Your lack of profitable operations in recent periods;
- (3) Your financial position;
- (4) Your business or proposed business; or
- (5) The lack of a market for your common equity securities or securities convertible into or exercisable for common equity securities.

- (d) *Ratio of Earnings to Fixed Charges.* If you register debt securities, show a ratio of earnings to fixed charges. If you register preference equity securities, show the ratio of combined fixed charges and preference dividends to earnings. Present the ratio for each of the last five fiscal years and the latest interim period for which financial statements are presented in the document. If you will use the proceeds from the sale of debt or preference securities to repay any of your outstanding debt or to retire other securities and the change in the ratio would be ten percent or greater, you must include a ratio showing the application of the proceeds, commonly referred to as the pro forma ratio.

Instructions to paragraph 503(d)

1. *Definitions.* In calculating the ratio of earnings to fixed charges, you must use the following definitions:

- (A) *Fixed charges.* The term "fixed charges" means the sum of the following: (a) interest expensed and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, (c) an estimate of the interest within rental expense, and (d) preference security dividend requirements of consolidated subsidiaries.
- (B) *Preference security dividend.* The term "preference security dividend" is the amount of pre-tax earnings that is required to pay the dividends on outstanding preference securities. The dividend requirement must be computed as the amount of the dividend divided by (1 minus the effective income tax rate applicable to continuing operations).

- (C) *Earnings.* The term “earnings” is the amount resulting from adding and subtracting the following items. Add the following: (a) pretax income from continuing operations before adjustment for minority interests in consolidated subsidiaries or income or loss from equity investees, (b) fixed charges, (c) amortization of capitalized interest, (d) distributed income of equity investees, and (e) your share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges. From the total of the added items, subtract the following: (a) interest capitalized, (b) preference security dividend requirements of consolidated subsidiaries, and (c) the minority interest in pre-tax income of subsidiaries that have not incurred fixed charges. Equity investees are investments that you account for using the equity method of accounting. Public utilities following SFAS 71 should not add amortization of capitalized interest in determining earnings, nor reduce fixed charges by any allowance for funds used during construction.
2. *Disclosure.* Disclose the following information when showing the ratio of earnings to fixed charges:
- (A) *Deficiency.* If a ratio indicates less than one-to-one coverage, disclose the dollar amount of the deficiency.
- (B) *Pro forma ratio.* You may show the pro forma ratio only for the most recent fiscal year and the latest interim period. Use the net change in interest or dividends from the refinancing to calculate the pro forma ratio.
- (C) *Foreign private issuers.* A foreign private issuer must show the ratio based on the figures in the primary financial statement. A foreign private issuer must show the ratio based on the figures resulting from the reconciliation to U.S. generally accepted accounting principles if this ratio is materially different.
- (D) *Summary Section.* If you provide a summary or similar section in the prospectus, show the ratios in that section.
3. *Exhibit.* File an exhibit to the registration statement to show the figures used to calculate the ratios. See paragraph (b)(12) of Item 601 of Regulation S-K (17 CFR 229.601(b)(12)).

Instruction to Item 503. For asset-backed securities, see also Item 1103 of Regulation AB (§ 229.1103).

Use of Proceeds

Reg. §229.504. Item 504.

State the principal purposes for which the net proceeds to the registrant from the securities to be offered are intended to be used and the approximate amount intended to be used for each such purpose. Where registrant has no current specific plan for the proceeds, or a significant portion thereof, the registrant shall so state and discuss the principal reasons for the offering.

Instructions to Item 504.

1. Where less than all the securities to be offered may be sold and more than one use is listed for the proceeds, indicate the order of priority of such purposes and discuss the registrant’s plans if substantially less than the maximum proceeds are obtained. Such discussion need not be included if underwriting arrangements with respect to such securities are such that, if any securities are sold to the public, it reasonably can be expected that the actual proceeds will not be substantially less than the aggregate proceeds to the registrant shown pursuant to Item 501 of Regulation S-K (§229.501).
2. Details of proposed expenditures need not be given; for example, there need be furnished only a brief outline of any program of construction or addition of equipment. Consideration should be given as to the need to include a discussion of certain matters addressed in the discussion and analysis of registrant’s financial condition and results of operations, such as liquidity and capital expenditures.

3. If any material amounts of other funds are necessary to accomplish the specified purposes for which the proceeds are to be obtained, state the amounts and sources of such other funds needed for each such specified purpose and the sources thereof.
4. If any material part of the proceeds is to be used to discharge indebtedness, set forth the interest rate and maturity of such indebtedness. If the indebtedness to be discharged was incurred within one year, describe the use of the proceeds of such indebtedness other than short-term borrowings used for working capital.
5. If any material amount of the proceeds is to be used to acquire assets, otherwise than in the ordinary course of business, describe briefly and state the cost of the assets and, where such assets are to be acquired from affiliates of the registrant or their associates, give the names of the persons from whom they are to be acquired and set forth the principal followed in determining the cost to the registrant.
6. Where the registrant indicates that the proceeds may, or will, be used to finance acquisitions of other businesses, the identity of such businesses, if known, or, if not known, the nature of the businesses to be sought, the status of any negotiations with respect to the acquisition, and a brief description of such business shall be included. Where, however, pro forma financial statements reflecting such acquisition are not required by Regulation S-X to be included in the registration statement, the possible terms of any transaction, the identification of the parties thereto or the nature of the business sought need not be disclosed, to the extent that the registrant reasonably determines that public disclosure of such information would jeopardize the acquisition. Where Regulation S-X [17 CFR 210] would require financial statements of the business to be acquired to be included, the description of the business to be acquired shall be more detailed.
7. The registrant may reserve the right to change the use of proceeds, provided that such reservation is due to certain contingencies that are discussed specifically and the alternatives to such use in that event are indicated.

Determination of Offering Price

Reg. §229.505. Item 505.

- (a) *Common equity.* Where common equity is being registered for which there is no established public trading market for purposes of paragraph (a) of Item 201 of Regulation S-K [§229.201(a)] or where there is a material disparity between the offering price of the common equity being registered and the market price of outstanding shares of the same class, describe the various factors considered in determining such offering price.
- (b) *Warrants, rights and convertible securities.* Where warrants, rights or convertible securities exercisable for common equity for which there is no established public trading market for purposes of paragraph (a) of Item 201 of Regulation S-K [§229.201(a)] are being registered, describe the various factors considered in determining their exercise or conversion price.

Dilution

Reg. §229.506. Item 506.

Where common equity securities are being registered and there is a substantial disparity between the public offering price and the effective cash cost to officers, directors, promoters and affiliated persons of common equity acquired by them in transactions during the past five years, or which they have the right to acquire, and the registrant is not subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act immediately prior to filing of the registration statement, there shall be included a comparison of the public contribution under the proposed public offering and the effective cash contribution of such persons. In such cases, and in other instances where common equity securities are being registered by a registrant that has had losses in each of its last three fiscal years and there is a material dilution of the purchasers' equity interest, the following shall be disclosed:

- (a) The net tangible book value per share before and after the distribution;
- (b) The amount of the increase in such net tangible book value per share attributable to the cash payments made by purchasers of the shares being offered; and
- (c) The amount of the immediate dilution from the public offering price which will be absorbed by such purchasers.

Selling Security Holders

Reg. §229.507. Item 507.

If any of the securities to be registered are to be offered for the account of security holders, name each such security holder, indicate the nature of any position, office, or other material relationship which the selling security holder has had within the past three years with the registrant or any of its predecessors or affiliates, and state the amount of securities of the class owned by such security holder prior to the offering, the amount to be offered for the security holder's account, the amount and (if one percent or

more) the percentage of the class to be owned by such security holder after completion of the offering.

Plan of Distribution

Reg. §229.508. Item 508.

- (a) *Underwriters and underwriting obligation.* If the securities are to be offered through underwriters, name the principal underwriters, and state the respective amounts underwritten. Identify each such underwriter having a material relationship with the registrant and state the nature of the relationship. State briefly the nature of the obligation of the underwriter(s) to take the securities.

Instruction to Paragraph 508(a). All that is required as to the nature of the underwriters' obligation is whether the underwriters are or will be committed to take and to pay for all of the securities if any are taken, or whether it is merely an agency or the type of "best efforts" arrangement under which the underwriters are required to take and to pay for only such securities as they may sell to the public. Conditions precedent to the underwriters' taking the securities, including "market-outs," need not be described except in the case of an agency or "best efforts" arrangement.

- (b) *New underwriters.* Where securities being registered are those of a registrant that has not previously been required to file reports pursuant to section 13(a) or 15(d) of the Exchange Act, or where a prospectus is required to include reference on its cover page to material risks pursuant to Item 501 of Regulation S-K (§229.501), and any one or more of the managing underwriter(s) (or where there are no managing underwriters, a majority of the principal underwriters) has been organized, reactivated, or first registered as a broker-dealer within the past three years, these facts concerning such underwriter(s) shall be disclosed in the prospectus together with, where applicable, the disclosures that the principal business function of such underwriter(s) will be to sell the securities to be registered, or that the promoters of the registrant have a material relationship with such underwriter(s). Sufficient details shall be given to allow full appreciation of such underwriter(s) experience and its relationship with the registrant, promoters and their controlling persons.
- (c) *Other distributions.* Outline briefly the plan of distribution of any securities to be registered that are to be offered otherwise than through underwriters.
- (1) If any securities are to be offered pursuant to a dividend or interest reinvestment plan the terms of which provide for the purchase of some securities on the market, state whether the registrant or the participant pays fees, commissions, and expenses incurred in connection with the plan. If the participant will pay such fees, commissions and expenses, state the anticipated cost to participants by transaction or other convenient reference.
 - (2) If the securities are to be offered through the selling efforts of brokers or dealers, describe the plan of distribution and the terms of any agreement, arrangement, or understanding entered into with broker(s) or dealer(s) prior to the effective date of the registration statement, including volume limitations on sales, parties to the agreement and the conditions under which the agreement may be terminated. If known, identify the broker(s) or dealer(s) which will participate in the offering and state the amount to be offered through each.
 - (3) If any of the securities being registered are to be offered otherwise than for cash, state briefly the general purposes of the distribution, the basis upon which the securities are to be offered, the amount of compensation and other expenses of distribution, and by whom they are to be borne. If the distribution is to be made pursuant to a plan of acquisition, reorganization, readjustment or succession, describe briefly the general effect of the plan and state when it became or is to become operative. As to any material amount of assets to be acquired under the plan, furnish information corresponding to that required by Instruction 5 of Item 504 of Regulation S-K (§229.504).
- (d) *Offerings on exchange.* If the securities are to be offered on an exchange, indicate the exchange. If the registered securities are to be offered in connection with the writing of exchange-traded call options, describe briefly such transactions.
- (e) *Underwriter's compensation.* Provide a table that sets out the nature of the compensation and the amount of discounts and commissions to be paid to the underwriter for each security and in total. The table must show the separate amounts to be paid by the company and the selling shareholders. In addition, include in the table all other items considered by the National Association of Securities Dealers to be underwriting compensation for purposes of that Association's Rules of Fair Practice.

Instructions to paragraph 508(e)

1. The term "commissions" is defined in paragraph (17) of Schedule A of the Securities Act. Show separately in the table the cash commissions paid by the registrant and selling security holders. Also show in the table commissions paid by other persons. Disclose any finder's fee or similar payments in the table.
2. Disclose the offering expenses specified in Item 511 of Regulation S-K (17 CFR 229.511).
3. If the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may purchase additional shares in connection with the offering, indicate that this arrangement exists and state the amount of additional shares that the underwriter may purchase under the arrangement. Where the underwriter has such an arrangement, present maximum-minimum information in a separate column to the table, based on the purchase of all or none of the shares subject to the arrangement. Describe the key terms of the arrangement in the narrative.

- (f) *Underwriter's representative on board of directors.* Describe any arrangement whereby the underwriter has the right to designate or nominate a member or members of the board of directors of the registrant. The registrant shall disclose the identity of any director so designated or nominated, and indicate whether or not a person so designated or nominated, or allowed to be designated or nominated by the underwriter is or may be a director, officer, partner, employee or affiliate of the underwriter.
- (g) *Indemnification of underwriters.* If the underwriting agreement provides for indemnification by the registrant of the underwriters or their controlling persons against any liability arising under the Securities Act, furnish a brief description of such indemnification provisions.
- (h) *Dealers' compensation.* State briefly the discounts and commissions to be allowed or paid to dealers, including all cash, securities, contracts or other considerations to be received by any dealer in connection with the sale of the securities. If any dealers are to act in the capacity of sub-underwriters and are to be allowed or paid any additional discounts or commissions for acting in such capacity, a general statement to that effect will suffice without giving the additional amounts to be sold.
- (i) *Finders.* Identify any finder and, if applicable, describe the nature of any material relationship between such finder and the registrant, its officers, directors, principal stockholders, finders or promoters or the principal underwriter(s), or if there is a managing underwriter(s), the managing underwriter(s) (including, in each case, affiliates or associates thereof).
- (j) *Discretionary accounts.* If the registrant was not, immediately prior to the filing of the registration statement, subject to the requirements of section 13(a) or 15(d) of the Exchange Act, identify any principal underwriter that intends to sell to any accounts over which it exercises discretionary authority and include an estimate of the amount of securities so intended to be sold. The response to this paragraph shall be contained in a pre-effective amendment which shall be circulated if the information is not available when the registration statement is filed.
- (k) *Passive market making.* If the underwriters or any selling group members intend to engage in passive market making transactions as permitted by Rule 103 of Regulation M, indicate such intention and briefly describe passive market making.
- (l) *Stabilization and other transactions.*
 - (1) Briefly describe any transaction that the underwriter intends to conduct during the offering that stabilizes, maintains, or otherwise affects the market price of the offered securities. Include information on stabilizing transactions, syndicate short covering transactions, penalty bids, or any other transaction that affects the offered security's price. Describe the nature of the transactions clearly and explain how the transactions affect the offered security's price. Identify the exchange or other market on which these transactions may occur. If true, disclose that the underwriter may discontinue these transactions at any time;
 - (2) If the stabilizing began before the effective date of the registration statement, disclose the amount of securities bought, the prices at which they were bought and the period within which they were bought. If you use 230.430A of this chapter, the prospectus you file under 230.424(b) of this chapter or include in a post-effective amendment must contain information on the stabilizing transactions that took place before the determination of the public offering price; and
 - (3) If you are making a warrants or rights offering of securities to existing security holders and any securities not purchased by existing security holders are to be reoffered to the public, disclose in a supplement to the prospectus or in the prospectus used in connection with the reoffering:
 - (i) The amount of securities bought in stabilization activities during the offering period and the price or range of prices at which the securities were bought;
 - (ii) The amount of the offered securities subscribed for during the offering period;
 - (iii) The amount of the offered securities subscribed for by the underwriter during the offering period;
 - (iv) The amount of the offered securities sold during the offering period by the underwriter and the price or price ranges at which the securities were sold; and
 - (v) The amount of the offered securities that will be reoffered to the public and the public offering price.

Interests of Named Experts and Counsel

Reg. §229.509. Item 509.

If (a) any expert named in the registration statement as having prepared or certified any part thereof (or is named as having prepared or certified a report or valuation for use in connection with the registration statement), or (b) counsel for the registrant, underwriters or selling security holders named in the prospectus as having given an opinion upon the validity of the securities being registered or upon other legal matters in connection with the registration or offering of such securities, was employed for such purpose on a contingent basis, or at the time of such preparation, certification or opinion or at any time thereafter through the date of effectiveness of the registration statement or that part of the registration statement to which such preparation, certification or opinion relates, had, or is to receive in connection with the offering, a substantial interest, direct or indirect, in the registrant or any of its parents or subsidiaries or was connected with the registrant or any of its parents or subsidiaries as a promoter, managing

underwriter (or any principal under-writer, if there are no managing underwriters), voting trustee, director, officer, or employee, furnish a brief statement of the nature of such contingent basis, interest, or connection.

Instructions to Item 509.

1. The interest of an expert (other than an accountant) or counsel will not be deemed substantial and need not be disclosed if the interest, including the fair market value of all securities of the registrant owned, received and to be received, or subject to options, warrants or rights received or to be received by the expert or counsel does not exceed \$50,000. For the purpose of this Instruction, the term "expert" or counsel includes the firm, corporation, partnership or other entity, if any, by which such expert or counsel is employed or of which he is a member or of counsel to and all attorneys in the case of counsel, and all nonclerical personnel in the case of named experts, participating in such matter on behalf of such firm, corporation, partnership or entity.
2. Accountants, providing a report on the financial statements, presented or incorporated by reference in the registration statement, should note §210.2-01 of Regulation S-X (17 CFR 210) for the Commission's requirements regarding "Qualification of Accountants" which discusses disqualifying interests.

Disclosure of Commission Position on Indemnification for Securities Act Liabilities

Reg. §229.510. Item 510. In addition to the disclosure prescribed by Item 702 of Regulation S-K (§229.702), if the undertaking required by paragraph (h) of Item 512 of Regulation S-K (§229.512) is not required to be included in the registration statement because acceleration of the effective date of the registration statement is not being requested, and if waivers have not been obtained comparable to those specified in paragraph (h), a brief description of the indemnification provisions relating to directors, officers and controlling persons of the registrant against liability arising under the Securities Act (including any provision of the underwriting agreement which relates to indemnification of the underwriter or its controlling persons by the registrant against such liabilities where a director, officer or controlling person of the registrant is such an underwriter or controlling person thereof or a member of any firm which is such an underwriter) shall be included in the prospectus, together with a statement in substantially the following form:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

Other Expenses of Issuance and Distribution

Reg. §229.511. Item 511. Furnish a reasonably itemized statement of all expenses in connection with the issuance and distribution of the securities to be registered, other than underwriting discounts and commissions. If any of the securities to be registered are to be offered for the account of security holders, indicate the portion of such expenses to be borne by such security holder.

Instruction to Item 511.

Insofar as practicable, registration fees, Federal taxes, States taxes and fees, trustees' and transfer agents' fees, costs of printing and engraving, and legal, accounting, and engineering fees shall be itemized separately. Include as a separate item any premium paid by the registrant or any selling security holder on any policy obtained in connection with the offering and sale of the securities being registered which insures or indemnifies directors or officers against any liabilities they may incur in connection with the registration, offering, or sale of such securities. The information may be given as subject to future contingencies. If the amounts of any items are not known, estimates, identified as such, shall be given.

Undertakings

Reg. §229.512. Item 512. Include each of the following undertakings that is applicable to the offering being registered.

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected

¹ Paragraph (a) reflects proposals made in Securities Act Release No. 6334 (Aug. 6, 1981).

in the form of prospectus filed with the Commission pursuant to Rule 424(b) (§ 230.424(b) of this chapter) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement;

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however,

- (A) Paragraphs (a)(1)(i) and (a)(1)(ii) of this section do not apply if the registration statement is on Form S-8 (§239.16b of this chapter), and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m or 78o(d)) that are incorporated by reference in the registration statement; and
 - (B) Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 (§239.13 of this chapter) or Form F-3 (§239.33 of this chapter) and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) (§230.424(b) of this chapter) that is part of the registration statement.
 - (C) *Provided further, however,* that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the registration statement is for an offering of asset-backed securities on Form S-1 (§ 239.11 of this chapter) or Form S-3 (§ 239.13 of this chapter), and the information required to be included in a post-effective amendment is provided pursuant to Item 1100(c) of Regulation AB (§229.1100(c)).
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 - (4) If the registration is a foreign private issuer, to file a post-effective amendment to the registration statement to include any financial statements required by §210.3-19 of this chapter at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Act need not be furnished, *provided* that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, with respect to registration statements on Form F-3 (§ 239.33 of this chapter), a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Act or § 210.3-19 of this chapter if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Form F-3.
 - (5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (i) If the registrant is relying on Rule 430B (§230.430B of this chapter):

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) (§230.424(b)(3) of this chapter) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) (§230.424(b)(2), (b)(5), or (b)(7) of this chapter) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) (§230.415(a)(1)(i), (vii), or (x) of this chapter) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

or

(ii) If the registrant is subject to Rule 430C (§230.430C of this chapter), each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A (§230.430A of this chapter), shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424 (§230.424 of this chapter);
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) *Warrants and rights offerings.* Include the following, with appropriate modifications to suit the particular case, if the securities to be registered are to be offered to existing security holders pursuant to warrants or rights and any securities not taken by security holders are to be reoffered to the public:

The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(d) *Competitive bids.* Include the following, with appropriate modifications to suit the particular case, if the securities to be registered are to be offered at competitive bidding:

The undersigned registrant hereby undertakes (1) to use its best efforts to distribute prior to the opening of bids, to prospective bidders, underwriters, and dealers, a reasonable number of copies of a prospectus which at that time meets the requirements of section 10(a) of the Act, and relating to the securities offered at competitive bidding, as contained in the registration statement, together with any supplements thereto, and (2) to file an amendment to the registration statement reflecting the results of bidding, the terms of the reoffering and related matters to the extent required by the applicable form, not later than the first use, authorized by the issuer after the opening bids, of a prospectus relating to the securities offered at competitive bidding, unless no further public offering of such securities by the issuer and no reoffering of such securities by the purchasers is proposed to be made.

(e) *Incorporated annual and quarterly reports.* Include the following if the registration statement specifically incorporates by reference (other than by indirect incorporation by reference through a Form 10-K (§249.310 of this chapter) report) in the prospectus all or any part of the annual report to security holders meeting the requirements of Rule 14a-3 or Rule 14c-3 under

the Exchange Act (§240.14a-3 and 240.14c-3 of this chapter):

The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

- (f) *Equity offerings of nonreporting registrants.* Include the following if equity securities of a registrant that prior to the offering had no obligation to file reports with the Commission pursuant to section 13(a) or 15(d) of the Exchange Act are being registered for sale in an underwritten offering:

The undersigned registrant hereby undertakes to provide to the underwriter at the closing specified in the underwriting agreements certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser.

- (g) *Registration on Form S-4 or F-4 of securities offered for resale.* Include the following if the securities are being registered on Form S-4 or F-4 (§239.25 or 34 of this chapter) in connection with a transaction specified in paragraph (a) of Rule 145 (§230.145 of this chapter).

(1) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(2) The registrant undertakes that every prospectus (i) that is filed pursuant to paragraph (h)(1) immediately preceding, or (ii) that purports to meet the requirements of section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415 (§230.415 of this chapter), will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (h) *Request for acceleration of effective date or filing of registration statement on becoming effective upon filing.* Include the following if acceleration is requested of the effective date of the registration statement pursuant to Rule 461 under the Securities Act (§230.461 of this chapter), if a Form S-3 or Form F-3 will become effective upon filing with the Commission pursuant to Rule 462 (e) or (f) under the Securities Act (§230.462 (e) or (f)), or if the registration statement is filed on Form S-8, and: (1) any provision or arrangement exists whereby the registrant may indemnify a director, officer or controlling person of the registrant against liabilities arising under the Securities Act, or (2) the underwriting agreement contains a provision whereby the registrant indemnifies the underwriter or controlling persons of the underwriter against such liabilities and a director, officer or controlling person of the registrant is such an underwriter or controlling person thereof or a member of any firm which is such an underwriter, and (3) the benefits of such indemnification are not waived by such persons:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

- (i) *Include the following in a registration statement permitted by Rule 430A under the Securities Act of 1933 (§230.430A of this chapter):*

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

- (2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (j) *Qualification of trust indentures under the Trust Indenture Act of 1939 for delayed offerings.* Include the following if the registrant intends to rely on section 305(b)(2) of the Trust Indenture Act of 1939 for determining the eligibility of the trustee under indentures for securities to be issued, offered, or sold on a delayed basis by or on behalf of the registrant:

- (k) *Filings regarding asset-backed securities incorporating by reference subsequent Exchange Act documents by third parties.* Include the following if the registration statement incorporates by reference any Exchange Act document filed subsequent to the effective date of the registration statement pursuant to Item 1100(c) of Regulation AB (§ 229.1100(c)): The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 of a third party that is incorporated by reference in the registration statement in accordance with Item 1100(c)(1) of Regulation AB (17 CFR 229.1100(c)(1)) shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant hereby undertakes that, except as otherwise provided by Item 1105 of Regulation AB (17 CFR 229.1105), information provided in response to that Item pursuant to Rule 312 of Regulation S-T (17 CFR 232.312) through the specified Internet address in the prospectus is deemed to be a part of the prospectus included in the registration statement. - (a) *Exhibits and index required.*
- (1) Subject to Rule 411(c) (§230.411(c) of this chapter) under the Securities Act and Rule 12b-32 (§240.12b-32 of this chapter) under the Exchange Act regarding incorporation of exhibits by reference, the exhibits required by the exhibit table shall be filed as indicated, as part of the registration statement or report. Financial Data Schedules required by paragraph (b)(27) of this Item shall be submitted pursuant to the provisions of paragraph (c) of this Item.
 - (2) Each registration statement or report shall contain an exhibit index, which shall precede immediately the exhibits filed with such registration statement. For convenient reference, each exhibit shall be listed in the exhibit index according to the number assigned to it in the exhibit table. The exhibit index shall indicate, by handwritten, typed, printed, or other legible form of notation in the manually signed original registration statement or report, the page number in the sequential numbering system where such exhibit can be found. Where exhibits are incorporated by reference, this fact shall be noted in the exhibit index referred to in the preceding sentence. Further, the first page of the manually signed registration statement shall list the page in the filing where the exhibit index is located. For a description of each of the exhibits included in the exhibit table, see paragraph (b) of this Item.
 - (3) This Item applies only to the forms specified in the exhibit table. With regard to forms not listed in that table, reference shall be made to the appropriate form for the specific exhibit filing requirements applicable thereto.

- (4) If a material contract or plan of acquisition, reorganization, arrangement, liquidation or succession is executed or becomes effective during the reporting period reflected by Form 10-Q or Form 10-K, it shall be filed as an exhibit to the Form 10-Q or Form 10-K filed for the corresponding period. Any amendment or modification to a previously filed exhibit to a Form 10, 10-K or 10-Q document shall be filed as an exhibit to a Form 10-Q or Form-10K. Such amendment or modification need not be filed where such previously filed exhibit would not be currently required.

Instructions to Item 601.

1. If an exhibit to a registration statement (other than an opinion or consent), filed in preliminary form, has been changed only (A) to insert information as to interest, dividend or conversion rates, redemption or conversion prices, purchase or offering prices, underwriters' or dealers' commissions, names, addresses or participation of underwriters or similar matters, which information appears elsewhere in an amendment to the registration statement or a prospectus filed pursuant to Rule 424(b) under the Securities Act [§230.424(b) of this chapter], or (B) to correct typographical errors, insert signatures or make other similar immaterial changes, then, notwithstanding any contrary requirement of any rule or form, the registrant need not refile such exhibit as so amended. Any such incomplete exhibit may not, however, be incorporated by reference in any subsequent filing under any Act administered by the Commission.
2. In any case where two or more indentures, contracts, franchises, or other documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, the registrant need file a copy of only one of such documents, with a schedule identifying the other documents omitted and setting forth the material details in which such documents differ from the document a copy of which is filed. The Commission may at any time in its discretion require filing of copies of any documents so omitted.
3. Only copies, rather than originals, need be filed of each exhibit required except as otherwise specifically noted.
4. *Electronic Filings.* Whenever an exhibit is filed in paper pursuant to a hardship exemption (§§232.201 and 232.202 of this chapter), the letter "P" (paper) shall be placed next to the exhibit in the list of exhibits required by Item 601(a)(2) of this Rule. Whenever an electronic confirming copy of an exhibit is filed pursuant to a hardship exemption (232.201 or 232.202(d) of this chapter), the exhibit index should specify where the confirming electronic copy can be located; in addition, the designation "CE" (confirming electronic) should be placed next to the listed exhibit in the exhibit index.

Exhibit Table

Instructions to the Exhibit Table.

1. The exhibit table indicates those documents that must be filed as exhibits to the respective forms listed.
2. The "X" designation indicates the documents which are required to be filed with each form even if filed previously with another document. Provided, however, that such previously filed documents may be incorporated by reference to satisfy the filing requirements.
3. The number used in the far left column of the table refers to the appropriate subsection in paragraph (b) where a description of the exhibit can be found. Whenever necessary, alphabetical or numerical subparts may be used.

¹ Where incorporated by reference into the text of the prospectus and delivered to security holders along with the prospectus as permitted by the registration statement; or, in the case of the Form 10-K, where the annual report to security holders is incorporated by reference into the text of the Form 10-K.

² Where the opinion of the expert or counsel has been incorporated by reference into a previously filed Securities Act registration statement.

³ An exhibit need not be provided about a company if: (1) With respect to such company an election has been made under Forms S-4 or F-4 to provide information about such company at a level prescribed by Forms S-2, S-3, F-2 or F-3 and (2) the form, the level of which has been elected under Forms S-4 or F-4, would not require such company to provide such exhibit if it were registering a primary offering.

⁴ If required pursuant to Item 304 of Regulation S-K.

⁵ A Form 8-K Exhibit is required only if relevant to the subject matter reported on the Form 8-K report. For example, if the Form 8-K pertains to the departure of a director, only the exhibit described in paragraph (b)(17) of this section need be filed. A required exhibit may be incorporated by reference from a previous filing.

⁶ Pursuant to §§ 240.13a-13(b)(3) and 240.15d-13(b)(3) of this chapter, asset-backed issuers are not required to file reports on Form 10-Q.

(b) *Description of exhibits.* Set forth below is a description of each document listed in the exhibit tables.

- (1) *Underwriting agreement* - Each underwriting contract or agreement with a principal underwriter pursuant to which the securities being registered are to be distributed; if the terms of such documents have not been determined, the proposed forms thereof. Such agreement may be filed as an exhibit to a report on Form 8-K (§249.308 of this chapter) which is incorporated by reference into a registration statement subsequent to its effectiveness.
- (2) *Plan of acquisition, reorganization, arrangement, liquidation or succession* - Any material plan of acquisition, disposition, reorganization, readjustment, succession, liquidation or arrangement and any amendments thereto described in the statement or report. Schedules (or similar attachments) to these exhibits shall not be filed unless such schedules contain information which is material to an investment decision and which is not otherwise disclosed in the agreement or the disclosure document. The plan filed shall contain a list briefly identifying the contents of all omitted schedules, together with an agreement to furnish supplementally a copy of any omitted schedule to the Commission upon request.
- (3) (i) *Articles of Incorporation.* The articles of incorporation of the registrant or instruments corresponding thereto as currently in effect and any amendments thereto. Whenever the registrant files an amendment to its articles of incorporation, it must file a complete copy of the articles as amended. However, if such amendment is being reported on Form 8-K (§249.308 of this chapter), the registrant is required to file only the text of the amendment as a Form 8-K exhibit. In such case, a complete copy of the articles of incorporation as amended must be filed as an exhibit to the next Securities Act registration statement or periodic report filed by the registrant to which this exhibit requirement applies. Where it is impracticable for the registrant to file a charter amendment authorizing new securities with the appropriate state authority prior to the effective date of the registration statement registering such securities, the registrant may file as an exhibit to the registration statement the form of amendment to be filed with the state authority. In such a case, if material changes are made after the copy is filed, the registrant must also file the changed copy.
- (ii) *By-laws.* The bylaws of the registrant or instruments corresponding thereto as currently in effect and any amendments thereto. Whenever the registrant files an amendment to the bylaws, it must file a complete copy of the amended bylaws. However, if such amendment is being reported on Form 8-K (§249.308 of this chapter), the registrant is required to file only the text of the amendment as a Form 8-K exhibit. In such case, a complete copy of the bylaws as amended must be filed as an exhibit to the next Securities Act registration statement or periodic report filed by the registrant to which this exhibit requirement applies.
- (4) *Instruments defining the rights of security holders, including indentures* —
 - (i) All instruments defining the rights of holders of the equity or debt securities being registered including, where applicable, the relevant portion of the articles of incorporation or by-laws of the registrant.
 - (ii) Except as set forth in (iii) below, for filings on Forms S-1, S-11, S-14 and F-4 under the Securities Act (§§239.1, 25, 18, 23 and 34 of this chapter) and Forms 10 and 10-K (§§249.210 and 310 of this chapter) under the Exchange Act all instruments defining the rights of holders of long-term debt of the registrant and its consolidated subsidiaries and for any of its unconsolidated subsidiaries for which financial statements are required to be filed.

- (iii) Where the instrument defines the rights of holders of long-term debt of the registrant and its consolidated subsidiaries and for any of its unconsolidated subsidiaries for which financial statements are required to be filed, there need not be filed: (A) any instrument with respect to long-term debt not being registered if the total amount of securities authorized thereunder does not exceed 10 percent of the total assets of the registrant and its subsidiaries on a consolidated basis and if there is filed an agreement to furnish a copy of such agreement to the Commission upon request; (B) any instrument with respect to any class of securities if appropriate steps to assure the redemption or retirement of such class will be taken prior to or upon delivery by the registrant of the securities being registered; or (C) copies of instruments evidencing scrip certificates for fractions of shares.
- (iv) If any of the securities being registered are, or will be, issued under an indenture to be qualified under the Trust indenture Act, the copy of such indenture which is filed as an exhibit shall include or be accompanied by (A) a reasonably itemized and informative table of contents; and (B) a cross-reference sheet showing the location in the indenture of the provisions inserted pursuant to sections 310 through 318(a) inclusive of the Trust Indenture Act of 1939.
- (v) With respect to Forms 8-K and 10-Q under the Exchange Act which are filed and which disclose, in the text of Form 10-Q, the interim financial statements, or the footnotes thereto, the creation of a new class of securities or indebtedness or the modification of existing rights of security holders, file all instruments defining the rights of holders of these securities or indebtedness. However, there need not be filed any instrument with respect to long-term debt not being registered which meets the exclusion set forth above in paragraph (iii)(A).

Instruction 1 to paragraph (b)(4). There need not be filed any instrument which defines the rights of participants (not as security holders) pursuant to an employee benefit plan.

Instruction 2 to paragraph (b)(4) (for electronic filings). If the instrument defining the rights of security holders is in the form of a certificate, the text appearing on the certificate shall be reproduced in an electronic filing together with a description of any other graphic and image material appearing on the certificate, as provided in Rule 304 of Regulation S-T (§232.304 of this chapter).

(5) *Opinion re legality* —

- (i) An opinion of counsel as to the legality of the securities being registered, indicating whether they will, when sold, be legally issued, fully paid and non-assessable, and, if debt securities, whether they will be binding obligations of the registrant.
- (ii) If the securities being registered are issued under a plan and the plan is subject to the requirements of ERISA furnish either:
 - (A) An opinion of counsel which confirms compliance of the provisions of the written documents constituting the plan with the requirements of ERISA pertaining to such provisions; or
 - (B) A copy of the Internal Revenue Service determination letter that the plan is qualified under section 401 of the Internal Revenue Code; or
- (iii) If the securities being registered are issued under a plan which is subject to the requirements of ERISA and the plan has been amended subsequent to the filing of (b)(5)(ii)(A) or (B) above, furnish either:
 - (A) An opinion of counsel which confirms compliance of the amended provisions of the plan with the requirements of ERISA pertaining to such provisions; or

- (B) A copy of the Internal Revenue Service determination letter that the amended plan is qualified under section 401 of the Internal Revenue Code.

Note: Attention is directed to item 8 of Form S-8 for exemptions to this exhibit requirement applicable to that Form.

- (6) [Reserved]
- (7) *Correspondence from an independent accountant regarding non-reliance on a previously issued audit report or completed interim review.* Any written notice from the registrant's current or previously engaged independent accountant that the independent accountant is withdrawing a previously issued audit report or that a previously issued audit report or completed interim review, covering one or more years or interim periods for which the registrant is required to provide financial statements under Regulation S-X (part 210 of this chapter), should no longer be relied upon. In addition, any letter, pursuant to Item 4.02(c) of Form 8-K (§249.308 of this chapter), from the independent accountant to the Commission stating whether the independent accountant agrees with the statements made by the registrant describing the events giving rise to the notice.
- (8) *Opinion re tax matters* — For filings on Form S-11 under the Securities Act (§239.18) or those to which Securities Act in-dustry Guide 5 applies, an opinion of counsel or of an independent public or certified public accountant or, in lieu thereof, a revenue ruling from the Internal Revenue Service, supporting the tax matters and consequences to the shareholders as described in the filing when such tax matters are material to the transaction for which the registration statement is being filed. This exhibit otherwise need only be filed with the other applicable registration forms where the tax consequences are material to an investor and a representation as to tax consequences is set forth in the filing. If a tax opinion is set forth in full in the filing, an indication that such is the case may be made in lieu of filing the otherwise required exhibit. Such tax opinions may be conditioned or may be qualified, so long as such conditions and qualifications are adequately described in the filing.
- (9) *Voting trust agreement* — Any voting trust agreements and amendments thereto.
- (10) *Material contracts* —
- (i) Every contract not made in the ordinary course of business which is material to the registrant and is to be performed in whole or in part at or after the filing of the registration statement or report or was entered into not more than two years before such filing. Only contracts need be filed as to which the registrant or subsidiary of the registrant is a party or has succeeded to a party by assumption or assignment or in which the registrant or such subsidiary has a beneficial interest.
- (ii) If the contract is such as ordinarily accompanies the kind of business conducted by the registrant and its subsidiaries, it will be deemed to have been made in the ordinary course of business and need not be filed unless it falls within one or more of the following categories, in which case it shall be filed except where immaterial in amount or significance:
- (A) Any contract to which directors, officers, promoters, voting trustees, security holders named in the registration statement or report, or underwriters are parties other than contracts involving only the purchase or sale of current assets having a determinable market price, at such market price;
- (B) Any contract upon which the registrant's business is substantially dependent, as in the case of continuing contracts to sell the major part of registrant's products or services or to purchase the major part of registrant's requirements of goods, services or raw materials or any franchise or license or other agreement to use a patent, formula, trade secret, process or trade name upon which registrant's business depends to a material extent;
- (C) Any contract calling for the acquisition or sale of any property, plant or equipment for a consideration exceeding 15 percent of such fixed assets of the registrant on a consolidated basis; or
- (D) Any material lease under which a part of the property described in the registration statement or report is held by the registrant.
- (iii) (A) Any management contract or any compensatory plan, contract or arrangement, including but not limited to plans relating to options, warrants or rights, pension, retirement or deferred compensation or bonus, incentive or profit sharing (or if not set forth in any formal document, a written description thereof) in which any director or any of the named executive officers of the registrant, as defined by Item 402(a)(3) (§ 229.402(a)(3)), participates shall be deemed material and shall be filed; and any other management contract or any other compensatory plan, contract, or arrangement in which any other executive officer of the registrant participates shall be filed unless immaterial in amount or significance.

- (B) Any compensatory plan, contract or arrangement adopted without the approval of security holders pursuant to which equity may be awarded, including, but not limited to, options, warrants or rights (or if not set forth in any formal document, a written description thereof), in which any employee (whether or not an executive officer of the registrant) participates shall be filed unless immaterial in amount or significance. A compensation plan assumed by a registrant in connection with a merger, consolidation or other acquisition transaction pursuant to which the registrant may make further grants or awards of its equity securities shall be considered a compensation plan of the registrant for purposes of the preceding sentence.
- (C) Notwithstanding paragraph (b)(10)(iii)(A) above, the following management contracts or compensatory plans, contracts or arrangements need not be filed:
- (1) Ordinary purchase and sales agency agreements.
 - (2) Agreements with managers of stores in a chain organization or similar organization.
 - (3) Contracts providing for labor or salesmen's bonuses or payments to a class of security holders, as such.
 - (4) Any compensatory plan, contract or arrangement which pursuant to its terms is available to employees, officers or directors generally and which in operation provides for the same method of allocation of benefits between management and nonmanagement participants.
 - (5) Any compensatory plan, contract or arrangement if the registrant is a foreign private issuer that furnishes compensatory information under Item 402(a)(1) (§229.402(a)(1)) and the public filing of the plan, contract or arrangement, or portion thereof, is not required in the registrant's home country and is not otherwise publicly disclosed by the registrant.
 - (6) Any compensatory plan, contract, or arrangement if the registrant is a wholly owned subsidiary of a company that has a class of securities registered pursuant to section 12 or files reports pursuant to section 15(d) of the Exchange Act and is filing a report on Form 10-K and Form 10-KSB or registering debt instruments or preferred stock which are not voting securities on Form S-2.

Instruction 1 to paragraph (b)(10). With the exception of management contracts, in order to comply with paragraph (iii) above, registrants need only file copies of the various remunerative plans and need not file each individual director's or executive officer's personal agreement under the plans unless there are particular provisions in such personal agreements whose disclosure in an exhibit is necessary to an investor's understanding of that individual's compensation under the plan.

Instruction 2 to paragraph (b)(10). If a material contract is executed or becomes effective during the reporting period reflected by a Form 10-Q or Form 10-K, it shall be filed as an exhibit to the Form 10-Q or Form 10-K filed for the corresponding period. See paragraph (a)(4) of this Item. With respect to quarterly reports on Form 10-Q, only those contracts executed or becoming effective during the most recent period reflected in the report shall be filed.

- (11) *Statement re computation of per share earnings.* A statement setting forth in reasonable detail the computation of per share earnings, unless the computation can be clearly determined from the material contained in the registration statement or report. The information with respect to the computation of per share earnings on both primary and fully diluted bases, presented by exhibit or otherwise, must be furnished even though the amounts of per share earnings on the fully diluted basis are not required to be presented in the income statement under the provisions of Accounting Principles Board Opinion No. 15. That Opinion provides that any reduction of less than 3% need not be considered as dilution (see footnote to paragraph 14 of the Opinion) and that a computation on the fully diluted basis which results in improvement of earnings per share not be taken into account (see paragraph 40 of the Opinion).
- (12) *Statements re computation of ratios* — A statement setting forth in reasonable detail the computation of any ratio of earnings to fixed charges, any ratio of earnings to combined fixed charges and preferred stock dividends or any other ratios which appear in the registration statement or report. - (13) *Annual report to security holders, Form 10-Q or quarterly report to security holders* —
- (i) The registrant's annual report to security holders for its last fiscal year, its Form 10-Q (if specifically incorporated by reference in the prospectus) or its quarterly report to security holders, if all or a portion thereof is incorporated by reference in the filing. Such report, except for those portions thereof which are expressly incorporated by reference in the filing, is to be furnished for the information of the Commission and is not to be deemed "filed" as part of the filing. If the financial statements in the report have been incorporated by reference in the filing, the accountant's certificate shall be manually signed in one copy. See Rule 411(b) (§230.411(b) of this chapter).
 - (ii) Electronic filings. If all, or any portion of the annual or quarterly report to security holders is incorporated by reference into any electronic filing, all, or such portion of the annual or quarterly report to security holders so incorporated, shall be filed in electronic format as an exhibit to such filing.

- (14) *Code of Ethics.* Any code of ethics, or amendment thereto, that is the subject of the disclosure required by Item 406 of Regulation S-K (229.406) or Item 10 of Form 8-K (249.308 of this chapter), to the extent that the registrant intends to satisfy the Item 406 or Item 10 requirements through filing of an exhibit.
- (15) *Letter re unaudited in term financial information* — A letter, where applicable, from the independent accountant which acknowledges awareness of the use in a registration statement of a report on unaudited interim financial information which pursuant to Rule 436(c) under the Securities Act (§230.436(c) of this chapter) is not considered a part of a registration statement prepared or certified by an accountant or a report prepared or certified by an accountant within the meaning of sections 7 and 11 of that Act. Such letter may be filed with the registration statement, an amendment thereto, or a report on Form 10-Q which is incorporated by reference into the registration statement.
- (16) *Letter re change in certifying accountant* — A letter from the registrant’s former independent accountant regarding its concurrence or disagreement with the statements made by the registrant in the current report concerning the resignation or dismissal as the registrant’s principal accountant.
- (17) *Correspondence on departure of director.* Any written correspondence from a former director concerning the circumstances surrounding the former director’s retirement, resignation, refusal to stand for re-election or removal, including any letter from the former director to the registrant stating whether the former director agrees with statements made by the registrant describing the former director’s departure.
- (18) *Letter re change in accounting principles* — Unless previously filed, a letter from the registrant’s independent accountant indicating whether any change in accounting principles or practices followed by the registrant, or any change in the method of applying any such accounting principles or practices, which affected the financial statements being filed with the Commission in the report or which is reasonably certain to affect the financial statements of future fiscal years is to an alternative principle which in his judgment is preferable under the circumstances. No such letter need be filed when such change is made in response to a standard adopted by the Financial Accounting Standards Board that creates a new accounting principle, that expresses a preference for an accounting principle, or that rejects a specific accounting principle.
- (19) *Report furnished to security holders* — If the registrant makes available to its stockholders or otherwise publishes, within the period prescribed for filing the report, a document or statement containing information meeting some or all of the requirements of Part I of Form 10-Q, the information called for may be incorporated by reference to such published document or statement provided copies thereof are included as an exhibit to the registration statement or to Part I of the Form 10-Q report.
- (20) *Other documents or statements to security holders* — If the registrant makes available to its stockholders or otherwise publishes, within the period prescribed for filing the report, a document or statement containing information meeting some or all of the requirements of this form the information called for may be incorporated by reference to such published document or statement provided copies thereof are filed as an exhibit to the report on this form.
- (21) *Subsidiaries of the registrant* —
- (i) List all subsidiaries of the registrant, the state or other jurisdiction of incorporation or organization of each, and the names under which such subsidiaries do business. This list may be incorporated by reference from a document which includes a complete and accurate list.
 - (ii) The names of particular subsidiaries may be omitted if the unnamed subsidiaries, considered in the aggregate as a single subsidiary, would not constitute a significant subsidiary as of the end of the year covered by this report. (See the definition of “significant subsidiary” in Rule 1-02(v) (17 CFR 210.1-02(v)) of Regulation S-X.) The names of consolidated wholly-owned multiple subsidiaries carrying on the same line of business, such as chain stores or small loan companies, may be omitted, provided the name of the immediate parent, the line of business, the number of omitted subsidiaries operating in the United States and the number operating in foreign countries are given. This instruction shall not apply, however, to banks, insurance companies, savings and loan associations or to any subsidiary subject to regulation by another Federal agency.
- (22) *Published report regarding matters submitted to vote of security holders* — Published reports containing all of the information called for by Item 4 of Part II of Form 10-Q or Item 4 of Part I of Form 10-K which is referred to therein in lieu of providing disclosure in Form 10-Q or 10-K, which are required to be filed as exhibits by Rule 12b-23(a)(3) under the Exchange Act (§240.12b-23(a)(3) of this chapter).
- (23) *Consents of experts and counsel* —
- (i) *Securities Act filings* — All written consents required to be filed shall be dated and manually signed. Where the consent of an expert or counsel is contained in his report or opinion or elsewhere in the registration statement or document filed therewith, a reference shall be made in the index to the report, the part of the registration statement or document or opinion, containing the consent.
 - (ii) *Exchange Act reports* — Where the filing of a written consent is required with respect to material incorporated by reference in a previously filed registration statement under the Securities Act, such consent may be filed as an exhibit to the material incorporated by reference. Such consents shall be dated and manually signed.

(24) *Power of attorney* — If any name is signed to the registration statement or report pursuant to power of attorney, manually signed copies of such power of attorney shall be filed. Where the power of attorney is contained elsewhere in the registration statement or documents filed therewith a reference shall be made in the index to the part of the registration statement or document containing such power of attorney. In addition, if the name of any officer signing on behalf of the registrant is signed pursuant to a power of attorney, certified copies of a resolution of the registrant’s board of directors authorizing such signature shall also be filed.  [Title]

¹ With respect to asset-backed issuers, the certification must be signed by either: (1) The senior officer in charge of securitization of the depositor if the depositor is signing the report on Form 10-K; or (2) The senior officer in charge of the servicing function of the servicer if the servicer is signing the report on Form 10-K on behalf of the issuing entity. See Rules 13a-14(e) and 15d-14(e) (§§ 240.13a-14(e) and 240.15d-14(e)). If multiple servicers are involved in servicing the pool assets, the senior officer in charge of the servicing function of the master servicer (or entity performing the equivalent function) must sign if a representative of the servicer is to sign the certification. If there is a master servicer and one or more underlying servicers, the references in the certification relate to the master servicer. A natural person must sign the certification in his or her individual capacity, although the title of that person in the organization of which he or she is an officer may be included under the signature.

² The first version of paragraph 4 is to be used when the servicer is signing the report on behalf of the issuing entity. The second version of paragraph 4 is to be used when the depositor is signing the report.

³ The certification refers to the reports prepared by parties participating in the servicing function that are required to be included as an exhibit to the Form 10-K. See Item 1122 of Regulation AB (§ 229.1122) and Rules 13a-18 and 15d-18 (§§ 240.13a-18 and 240.15d-18 of this chapter). If a report that is otherwise required to be included is not attached, disclosure that the report is not included and an associated explanation must be provided in the Form 10-K report.

⁴ Because the signer of the certification must rely in certain circumstances on information provided by unaffiliated parties outside of the signer's control, this paragraph must be included if the signer is reasonably relying on information that unaffiliated trustees, depositors, servicers, sub-servicers or co-servicers have provided.

(32) *Section 1350 Certifications.*

 - (iii) The compensation to be paid to the sponsor in the future.

No description is required, however, of contacts with respect to reports, opinions or appraisals filed as exhibits pursuant to paragraph (a)(4) of this Item (§ 229.911).
- (ii) The description of contacts with any outside party required by paragraph (a)(5)(i) of this Item (§ 229.911) shall include the following:
- (A) The identity of each such party;
 - (B) The nature of the contact;

- (i) The roll-up transaction as a whole and to investors in each partnership; and

- (2) If the sponsor or the general partner has not obtained any opinion on the fairness of the proposed roll-up transaction to investors in each of the affected partnerships, state the sponsor's or general partner's reasons for concluding that such an opinion is not necessary in order to permit the limited partners or shareholders to make an informed decision on the proposed transaction.

State whether any events have occurred or conditions have changed since the date of the appraisals that may have caused a material change in the value of the assets;
 - (4) Include as an appendix to the prospectus one or more tables setting forth the following information:
 - (i) The appraised value of any separately appraised asset that is significant to the partnership holding such asset;
 - (ii) If the appraiser considered different valuation approaches in preparing the appraisals of the assets identified in response to paragraph (c)(4)(i) of this Item (§ 229.911(c)(4)(i)), the value of each such asset under each valuation approach considered by the appraiser, identifying the valuation approach used by the appraiser in determining the appraised value and the reason such approach was chosen; and

Instructions to Item 911.

- (1) The reports, opinions and appraisals required to be identified in response to paragraph (a) of this Item (§ 229.911) include any reports, opinions and appraisals which materially relate to the roll-up transaction whether or not relied upon, such as reports or opinions regarding alternatives to the roll-up transaction whether or not the alternatives were rejected.
- (2) The information called for by paragraph (a)(2) of this Item (§ 229.911) should be given with respect to the firm which provides the report, opinion or appraisal rather than the employees of such firm who prepared it.
- (3) With respect to appraisals, a summary prepared by the appraisers should not be included in lieu of the description of the appraisals required by paragraph (c) of this Item (§ 229.911). A clear and concise summary description of the appraisals is required.

If any partnership will be so responsible, state the amount to be provided by each partnership and the sources of capital to finance such amount.
- (c) If all or any part of the consideration to be used by the sponsor or successor in the roll-up transaction is expected to be, directly or indirectly, provided by any partnership, state the amount to be provided by each partnership and the sources of capital to finance such amount.
- (d) If all or any part of the funds or other consideration is, or is expected to be, directly or indirectly borrowed by the sponsor or

successor for the purpose of the roll-up transaction:

- (1) Provide a summary of each such loan agreement containing the identity of the parties, the term, the collateral, the stated and effective interest rates, and other material terms or conditions; and
 - (2) Briefly describe any plans or arrangements to finance or repay such borrowing, or, if no plans or arrangements have been made, make a statement to that effect.
- (e) If the source of all or any part of the funds to be used in the roll-up transaction is a loan made in the ordinary course of business by a bank as defined by Section 3(a)(6) of the Exchange Act and section 13(d) or 14(d) is applicable to such transaction, the name of such bank shall not be made available to the public if the person filing the statement so requests in writing and files such request, naming such bank, with the Secretary of the Commission.

§ 229.913 (Item 913) Other Provisions of the Transaction.

- (a) State whether or not appraisal rights are provided under applicable state law, under the partnership's governing instruments or will be voluntarily accorded by the successor, the general partner or the sponsor (or any of their affiliates) in connection with the roll-up transaction. If so, summarize such appraisal rights. If appraisal rights will not be available to investors who object to the transaction, briefly outline the rights which may be available to such investors under such law.
- (b) If any provision has been made to allow investors to obtain access to the books and records of the partnership or to obtain counsel or appraisal services at the expense of the successor, the general partner, the partnership, the sponsor (or any of their affiliates), describe such provision.
- (c) Discuss the investors' rights under federal and state law to obtain a partnership's list of investors.

§ 229.914 (Item 914) Pro Forma Financial Statements; Selected Financial Data.

- (a) In addition to the information required by Item 301 of Regulation S-K, Selected Financial Data (§ 229.301), and Item 302 of Regulation S-K, Supplementary Financial Information (§ 229.302), for each partnership proposed to be included in a roll-up transaction provide: ratio of earnings to fixed charges, cash and cash equivalents, total assets at book value, total assets at the value assigned for purposes of the roll-up transaction (if applicable), total liabilities, general and limited partners' equity, net increase (decrease) in cash and cash equivalents, net cash provided by operating activities, distributions; and per unit data for net income (loss), book value, value assigned for purposes of the roll-up transaction (if applicable), and distributions (separately identifying distributions that represent a return of capital). This information should be provided for the same period(s) for which Selected Financial Data and Supplementary Financial Information are required to be provided. Additional or other information should be provided if material to an understanding of each partnership proposed to be included in a roll-up transaction.
- (b) Provide pro forma financial information (including oil and gas reserves and cash flow disclosure, if appropriate), assuming:
 - (1) All partnerships participate in the roll-up transaction; and
 - (2) Participation in a roll-up transaction of those partnerships that on a combined basis have the lowest combined net cash provided by operating activities for the last fiscal year of such partnerships, provided participation by such partnerships satisfies all conditions to consummation of the roll-up transaction. If the combination of all partnerships proposed to be included in a roll-up transaction results in such lowest combined net cash provided by operating activities, this shall be noted and no separate pro forma financial statements are required.
- (c) The pro forma financial statements required by paragraph (b) of this Item (§ 229.914) shall disclose the effect of the roll-up transaction on the successor's:
 - (1) Balance sheet as of the later of the end of the most recent fiscal year or the latest interim period;
 - (2) Statement of income (with separate line items to reflect income (loss) excluding and including the roll-up expenses and payments), earnings per share amounts, and ratio of earnings to fixed charges for the most recent fiscal year and the latest interim period;
 - (3) Statement of cash flows for the most recent fiscal year and the latest interim period; and
 - (4) Book value per share as of the later of the end of the most recent fiscal year or the latest interim period.

Instructions to Item 914.

- (1) Notwithstanding the provisions of this Item (§ 229.914), any or all of the information required by paragraphs (b) and (c) of this Item (§ 229.914) that is not material for the exercise of prudent judgment in regard to the matter to be acted upon, may be omitted.
- (2) If the roll-up transaction is structured to permit participation by portions of partnerships, consideration should be given to the effect of such participation in preparing the pro forma financial statements reflecting a partial roll-up.

§229.915 (Item 915) Federal Income Tax Consequences.

- (a) Provide a brief, clear and understandable summary of the material federal income tax consequences of the roll-up transaction and an investment in the successor. Where a tax opinion has been provided, briefly summarize the substance of such opinion, including identification of the material consequences upon which counsel has not been asked, or is unable, to opine. If any of the material federal income tax consequences are not expected to be the same for investors in all partnerships, the differences shall be described.
- (b) State whether or not the opinion of counsel is included as an appendix to the prospectus. If filed as an exhibit to the registration statement and not included as an appendix to the prospectus, include a statement to the effect that, upon receipt of a written request by an investor or his representative who has been so designated in writing, a copy of the opinion of counsel will be transmitted promptly, without charge, by the general partner or sponsor. The statement should include the name and address of the person to whom investors should make their request.

Subpart 229.1100 – Asset-Backed Securities (Regulation AB)

§ 229.1100 (Item 1100) General.

(a) *Application of Regulation AB.* Regulation AB (§§ 229.1100 through 229.1123) is the source of various disclosure items and requirements for “asset-backed securities” filings under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) (the “Securities Act”) and the Securities Exchange Act of 1934 (the “Exchange Act”) (15 U.S.C. 78a *et seq.*). Unless otherwise specified, definitions to be used in this Regulation AB, including the definition of “asset-backed security,” are set forth in Item 1101.

(b) *Presentation of historical delinquency and loss information.* Several Items in Regulation AB call for the presentation of historical information and data on delinquencies and loss information. In providing such information:

(1) Present delinquency experience in 30 or 31 day increments, as applicable, beginning at least with assets that are 30 or 31 days delinquent, as applicable, through the point that assets are written off or charged off as uncollectable. At a minimum, present such information by number of accounts and dollar amount. Present statistical information in a tabular or graphical format, if such presentation will aid understanding.

(2) Disclose the total amount of delinquent assets as a percentage of the aggregate asset pool.

(3) Present loss and cumulative loss information, as applicable, regarding charge-offs, charge-off rate, gross losses, recoveries and net losses (with a description of how these terms are defined), the number and amount of assets experiencing a loss and the number and amount of assets with a recovery, the ratio of aggregate net losses to average portfolio balance and the average of net loss on all assets that have experienced a net loss.

(4) Categorize all delinquency and loss information by pool asset type.

(5) In a registration statement under the Securities Act or the Exchange Act or in a prospectus to be filed pursuant to § 230.424, describe how delinquencies, charge-offs and uncollectable accounts are defined or determined, addressing the effect of any grace period, re-aging, restructure, partial payments considered current or other practices on delinquency and loss experience.

(6) Describe any other material information regarding delinquencies and losses particular to the pool asset type(s), such as repossession information, foreclosure information and real estate owned (REO) or similar information.

(c) *Presentation of certain third party financial information.*

If financial information of a third party is required in a filing by Item 1112(b) of this Regulation AB (Information regarding significant obligors) or Items 1114(b)(2) or 1115(b) of this Regulation AB (Information regarding significant provider of enhancement or other support), such information, in lieu of including such information, may be provided as follows:

(1) *Incorporation by reference.* If the following conditions are met, you may incorporate by reference (by means of a statement to that effect) the reports filed by the third party (or the entity that consolidates the third party) pursuant to section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)):

(i) Such third party or the entity that consolidates the third party is required to file reports with the Commission pursuant to section 13(a) or 15(d) of the Exchange Act.

(ii) Such third party or the entity that consolidates the third party has filed all reports and other materials required to be filed by such requirements during the preceding 12 months (or such shorter period that such party was required to file such reports and materials).

(iii) The reports filed by such third party, or entity that consolidates the third party, include (or properly incorporate by reference) the financial statements of such third party.

(iv) If incorporated by reference into a prospectus or registration statement, the prospectus also states that all documents subsequently filed by such third party, or the entity that consolidates the third party, pursuant to section 13(a) or 15(d) of the Exchange Act prior to the termination of the offering also shall be deemed to be incorporated by reference into the prospectus.

Instructions to Item 1100(c)(1).

1. In addition to the conditions in paragraph (c)(1) of this section, any information incorporated by reference must comply with all applicable Commission rules pertaining to incorporation by reference, such as Item 10(d) of Regulation S-K (§ 229.10(d)), Rule 303 of Regulation S-T (§ 232.303 of this chapter), Rule 411 of Regulation C (§ 230.411 of this chapter), and Rules 12b-23 and 12b-32 under the Exchange Act (§§ 240.12b-23 and 240.12b-32 of this chapter).

2. In addition, any applicable requirements under the Securities Act or the rules and regulations of the Commission regarding the filing of a written consent for the use of incorporated material apply to the material incorporated by reference. See, for example, § 230.439 of this chapter.

3. Any undertakings set forth in Item 512 of Regulation S-K (§ 229.512) apply to any material incorporated by reference in a registration statement or prospectus.

4. If neither the third party nor any of its affiliates has had a direct or indirect agreement, arrangement, relationship or understanding, written or otherwise, relating to the ABS transaction, and neither the third party nor any of its affiliates is an affiliate of the sponsor, depositor, issuing entity or underwriter of the ABS transaction, then paragraph (c)(1)(ii) of this section is qualified by the knowledge of the registrant.

5. If you are relying on paragraph (c)(1) of this section to provide information required by Item 1112 of this Regulation AB regarding a significant obligor that is an asset-backed issuer and the pool assets relating to such significant obligor are asset-backed securities, then for purposes of paragraph (c)(1)(iii) of this section, the term “financial statements” means the information required by Instruction 3 of Item 1112 of this Regulation AB. Such information required by Instruction 3.a. of Item 1112 of this Regulation AB may be incorporated by reference from a prospectus that contains such information and is included in an effective Securities Act registration statement or filed pursuant to § 230.424 of this chapter.

(2) *Reference information for significant obligors.* If the third party information relates to a significant obligor and the following conditions are met, you may include a reference to the third party’s periodic reports (or the third party’s parent with respect to paragraph (c)(2)(ii)(C) of this section) under section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)) that are on file with the Commission (or otherwise publicly available with respect to paragraph (c)(2)(ii)(F) of this section), along with a statement of how those reports may be accessed, including the third party’s name and Commission file number, if applicable (See, e.g., Item 1118 of this Regulation AB):

(i) Neither the third party nor any of its affiliates has had a direct or indirect agreement, arrangement, relationship or understanding, written or otherwise, relating to the asset-backed securities transaction, and neither the third party nor any of its affiliates is an affiliate of the sponsor, depositor, issuing entity or underwriter of the asset-backed securities transaction.

(ii) To the knowledge of the registrant, any of the following is true:

(A) The third party is eligible to use Form S-3 or F-3 (§ 239.13 or 239.33 of this chapter) for a primary offering of non-investment grade securities pursuant to General Instruction I.B.1 of such forms.

(B) The third party meets the requirements of General Instruction I.A. of Form S-3 or General Instructions 1.A.1, 2, 3, 4 and 6 of Form F-3 and the pool assets relating to such third party are non-convertible investment grade securities, as described in General Instruction 1.B.2 of Form S-3 or Form F-3.

(C) If the third party does not meet the conditions of paragraph (c)(2)(ii)(A) or (c)(2)(ii)(B) of this section and the pool assets relating to the third party are fully and unconditionally guaranteed by a direct or indirect parent of the third party, General Instruction I.C.3 of Form S-3 or General Instruction I.A.5(iii) of Form F-3 is met with respect to the pool assets relating to such third party and the requirements of Rule 3-10 of Regulation S-X (§ 210.3-10 of this chapter) are satisfied regarding the information in the reports to be referenced.

(D) If the pool assets relating to the third party are guaranteed by a wholly owned subsidiary of the third party and the subsidiary does not meet the conditions of paragraph (c)(2)(ii)(A) or (c)(2)(ii)(B) of this section, the criteria in either paragraph (c)(2)(ii)(A) or paragraph (c)(2)(ii)(B) of this section are met with respect to the third party and the requirements of Rule 3-10 of Regulation S-X (§ 210.3-10 of this chapter) are satisfied regarding the information in the reports to be referenced.

(E) The pool assets relating to such third party are asset-backed securities and the third party is filing reports pursuant to section 12 or 15(d) of the Exchange Act (15 U.S.C. 78l or 78o(d)) and has filed all the material that would be required to be filed pursuant to section 13, 14 or 15(d) of the Exchange Act (15 U.S.C. 78m, 78n or 78o(d)) for a period of at least twelve calendar months and any portion of a month immediately preceding the filing referencing the third party's reports (or such shorter period that such third party was required to file such materials).

(F) The third party is a U.S. government-sponsored enterprise, has outstanding securities held by non-affiliates with an aggregate market value of \$75 million or more, and makes information publicly available on an annual and quarterly basis, including audited financial statements prepared in accordance with generally accepted accounting principles covering the same periods that would be required for audited financial statements under Regulation S-X (§§ 210.1-01 through 210.12-29 of this chapter) and non-financial information consistent with that required by Regulation S-K (§§ 229.10 through 229.1123).

Instruction to Item 1100(c)(2). If you are relying on paragraph (c)(2)(ii)(E) of this section because the pool assets relating to such third party are asset-backed securities, then for purposes of a registration statement under the Securities Act or the Exchange Act or a prospectus to be filed pursuant to § 230.424 for your securities, you also must include a reference (including Commission reporting number and filing date) to the prospectus for the third party asset-backed securities that: (a) is either included in an effective Securities Act registration statement or filed pursuant to § 230.424 of this chapter; and (b) contains the information required by Instruction 3.a. of Item 1112 of this Regulation AB.

(d) Other participants to the transaction and pool assets representing interests in certain other asset pools.

(1) If the asset-backed securities transaction involves additional or intermediate parties not specifically identified in this Regulation AB, the disclosure required by this Regulation AB includes information to the extent material regarding any such party and its role, function and experience in relation to the asset-backed securities and the asset pool. Describe the material terms of any agreement with such party regarding the transaction, and file such agreement as an exhibit.

(2) If the asset pool backing the asset-backed securities includes one or more pool assets representing an interest in or the right to the payments or cash flows of another asset pool, then for purposes of this Regulation AB and §§ 240.13a-18 and 240.15d-18 of this chapter, references to the asset pool and the pool assets of the issuing entity also include the other asset pool and its pool assets if the following conditions are met:

(i) Both the issuing entity for the asset-backed securities and the entity issuing the pool asset to be included in the issuing entity's asset pool were established under the direction of the same sponsor or depositor.

(ii) The pool asset was created solely to satisfy legal requirements or otherwise facilitate the structuring of the asset-backed securities transaction.

Instruction to Item 1100(d)(2).

Reference to the underlying asset pool includes, without limitation, compliance with applicable servicing criteria referenced in §§ 240.13a-18 and 240.15d-18 of this chapter and the servicer compliance statement required by Item 1123 of this Regulation AB. In addition, provide clear and concise disclosure, including by flow chart or other illustration, of the transaction and the various parties involved.

(e) *Foreign asset-backed securities.* If the asset-backed securities are issued by a foreign issuer (as defined in § 230.405 of this chapter), backed by pool assets that are foreign assets, or affected by enhancement or support contemplated by Items 1114 or 1115 of this Regulation AB provided by a foreign entity, then in providing the disclosure required by this Regulation AB (including, but not limited to, Items 1104 and 1110 of this Regulation AB regarding origination and securitization practices, Item 1107 of this Regulation AB regarding the sale or transfer of the pool assets, bankruptcy remoteness and collateral protection, Item 1108 of this Regulation AB regarding servicing, Item 1109 of this Regulation AB regarding the rights, duties and responsibilities of the trustee, Item 1111 of this Regulation AB regarding the terms, nature and treatment of the pool assets and Items 1114 or 1115 of this Regulation AB, as applicable, regarding the enhancement provider), the filing must describe any pertinent governmental, legal or regulatory or administrative matters and any pertinent tax matters, exchange controls, currency restrictions or other economic, fiscal, monetary or potential factors in the applicable home jurisdiction that could materially affect payments on, the performance of, or other matters relating to, the assets contained in the pool or the asset-backed securities. See also Instruction 2 to Item 202 of Regulation S-K (§ 229.202). In addition, in a registration statement under the Securities Act, provide the information required by Item 101(g) of Regulation S-K (§ 229.101(g)). Disclosure also is required in Forms 10-D (§ 249.312 of this chapter) and 10-K (§ 249.310 of this chapter) with respect to the asset-backed securities regarding any material impact caused by foreign legal and regulatory developments during the period covered by the report which have not been previously described in a Form 10-D, 10-K or 8-K (§ 249.308 of this chapter) filed under the Exchange Act.

(f) *Filing of required exhibits.* Where agreements or other documents in this Regulation AB are specified to be filed as exhibits to a Securities Act registration statement, such final agreements or other documents, if applicable, may be incorporated by reference as an exhibit to the registration statement, such as by filing a Form 8-K in the case of offerings registered on Form S-3 (§ 239.13 of this chapter).

§ 229.1101 (Item 1101) Definitions.

The following definitions apply to the terms used in Regulation AB (§§ 229.1100 through 229.1123), unless specified otherwise:

- (a) *ABS informational and computational material* means a written communication consisting solely of one or some combination of the following:
- (1) Factual information regarding the asset-backed securities being offered and the structure and basic parameters of the securities, such as the number of classes, seniority, payment priorities, terms of payment, the tax, Employment Retirement Income Security Act of 1974, as amended, (29 U.S.C. 1001 *et seq.*) (“ERISA”) or other legal conclusions of counsel, and descriptive information relating to each class (*e.g.*, principal amount, coupon, minimum denomination, anticipated price, yield, weighted average life, credit enhancements, anticipated ratings, and other similar information relating to the proposed structure of the offering);
 - (2) Factual information regarding the pool assets underlying the asset-backed securities, including origination, acquisition and pool selection criteria, information regarding any prefunding or revolving period applicable to the offering, information regarding significant obligors, data regarding the contractual and related characteristics of the underlying pool assets (*e.g.*, weighted average coupon, weighted average maturity, delinquency and loss information and geographic distribution) and other factual information concerning the parameters of the asset pool appropriate to the nature of the underlying assets, such as the type of assets comprising the pool and the programs under which the loans were originated;
 - (3) Identification of key parties to the transaction, such as servicers, trustees, depositors, sponsors, originators and providers of credit enhancement or other support, including a brief description of each such party’s roles, responsibilities, background and experience;
 - (4) Static pool data, as referenced in Item 1105 of this Regulation AB, such as for the sponsor’s and/or servicer’s portfolio, prior transactions or the asset pool itself;
 - (5) Statistical information displaying for a particular class of asset-backed securities the yield, average life, expected maturity, interest rate sensitivity, cash flow characteristics, total rate of return, option adjusted spread or other financial or statistical information relating to the class or classes under specified prepayment, interest rate, loss or other hypothetical scenarios. Examples of such information under the definition include:
 - (i) Statistical results of interest rate sensitivity analyses regarding the impact on yield or other financial characteristics of a class of securities from changes in interest rates at one or more assumed prepayment speeds;
 - (ii) Statistical information showing the cash flows that would be associated with a particular class of asset-backed securities at a specified prepayment speed; and

(iii) Statistical information reflecting the financial impact of losses based on a variety of loss or default experience, prepayment, interest rate and related assumptions.

(6) The names of underwriters participating in the offering of the securities, and their additional roles, if any, within the underwriting syndicate;

(7) The anticipated schedule for the offering (including the approximate date upon which the proposed sale to the public will begin) and a description of marketing events (including the dates, times, locations, and procedures for attending or otherwise accessing them); and

(8) A description of the procedures by which the underwriters will conduct the offering and the procedures for transactions in connection with the offering with an underwriter or participating dealer (including procedures regarding account-opening and submitting indications of interest and conditional offers to buy).

(b) *Asset-backed issuer* means an issuer whose reporting obligation results from either the registration of an offering of asset-backed securities under the Securities Act, or the registration of a class of asset-backed securities under section 12 of the Exchange Act (15 U.S.C. 78l).

(c)(1) *Asset-backed security* means a security that is primarily serviced by the cash flows of a discrete pool of receivables or other financial assets, either fixed or revolving, that by their terms convert into cash within a finite time period, plus any rights or other assets designed to assure the servicing or timely distributions of proceeds to the security holders; provided that in the case of financial assets that are leases, those assets may convert to cash partially by the cash proceeds from the disposition of the physical property underlying such leases.

(2) The following additional conditions apply in order to be considered an *asset-backed security*:

(i) Neither the depositor nor the issuing entity is an investment company under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) nor will become an investment company as a result of the asset-backed securities transaction.

(ii) The activities of the issuing entity for the asset-backed securities are limited to passively owning or holding the pool of assets, issuing the asset-backed securities supported or serviced by those assets, and other activities reasonably incidental thereto.

(iii) No non-performing assets are part of the asset pool as of the measurement date.

(iv) Delinquent assets do not constitute 50% or more, as measured by dollar volume, of the asset pool as of the measurement date.

(v) With respect to securities that are backed by leases, the portion of the securitized pool balance attributable to the residual value of the physical property underlying the leases, as determined in accordance with the transaction agreements for the securities, does not constitute:

(A) For motor vehicle leases, 65% or more, as measured by dollar volume, of the securitized pool balance as of the measurement date.

(B) For all other leases, 50% or more, as measured by dollar volume, of the securitized pool balance as of the measurement date.

(3) Notwithstanding the requirement in paragraph (c)(1) of this section that the asset pool be a discrete pool of assets, the following are considered to be a discrete pool of assets for purposes of being considered an *asset-backed security*:

(i) *Master trusts*. The offering related to the securities contemplates adding additional assets to the pool that backs such securities in connection with future issuances of asset-backed securities backed by such pool. The offering related to the securities also may contemplate additions to the asset pool, to the extent consistent with paragraphs (c)(3)(ii) and (c)(3)(iii) of this section, in connection with maintaining minimum pool balances in accordance with the transaction agreements for master trusts with revolving periods or receivables or other financial assets that arise under revolving accounts.

(ii) *Prefunding periods.* The offering related to the securities contemplates a prefunding account where a portion of the proceeds of that offering is to be used for the future acquisition of additional pool assets, if the duration of the prefunding period does not extend for more than one year from the date of issuance of the securities and the portion of the proceeds for such prefunding account does not involve in excess of:

(A) For master trusts, 50% of the aggregate principal balance of the total asset pool whose cash flows support the securities; and

(B) For other offerings, 50% of the proceeds of the offering.

(iii) *Revolving periods.* The offering related to the securities contemplates a revolving period where cash flows from the pool assets may be used to acquire additional pool assets, provided, that, for securities backed by receivables or other financial assets that do not arise under revolving accounts, the revolving period does not extend for more than three years from the date of issuance of the securities and the additional pool assets are of the same general character as the original pool assets.

Instructions to Item 1101(c)

1. For purposes of determining non-performing, delinquency and residual value thresholds, the “measurement date” means either:

a. The designated cut-off date for the transaction (*i.e.*, the date on and after which collections on the pool assets accrue for the benefit of asset-backed security holders), if applicable; or

b. In the case of master trusts, the date as of which delinquency and loss information or securitized pool balance information, as applicable, is presented in the prospectus for the asset-backed securities to be filed pursuant to § 230.424(b) of this chapter.

2. Non-performing and delinquent assets that are not funded or purchased by proceeds from the securities and that are not considered in cash flow calculations for the securities need not be considered as part of the asset pool for purposes of determining non-performing and delinquency thresholds.

3. For purposes of determining non-performing, delinquency and residual value thresholds for master trusts, calculations are to be measured against the total asset pool whose cash flows support the securities.

4. For purposes of determining residual value thresholds, residual values need not be included in measuring against the thresholds to the extent a separate party is obligated for such amounts (*e.g.*, through a residual value guarantee, residual value insurance or where the lessee is obligated to cover any residual losses).

(d) *Delinquent*, for purposes of determining if a pool asset is delinquent, means if a pool asset is more than 30 or 31 days or a single payment cycle, as applicable, past due from the contractual due date, as determined in accordance with any of the following:

(1) The transaction agreements for the asset-backed securities;

(2) The delinquency recognition policies of the sponsor, any affiliate of the sponsor that originated the pool asset or the servicer of the pool asset; or

(3) The delinquency recognition policies applicable to such pool asset established by the primary safety and soundness regulator of any entity listed in paragraph (d)(2) of this section or the program or regulatory entity that oversees the program under which the pool asset was originated.

(e) *Depositor* means the depositor who receives or purchases and transfers or sells the pool assets to the issuing entity. For asset-backed securities transactions where there is not an intermediate transfer of the assets from the sponsor to the issuing entity, the term *depositor* refers to the sponsor. For asset-backed securities transactions where the person transferring or selling the pool assets is itself a trust, the *depositor* of the issuing entity is the depositor of that trust.

(f) *Issuing entity* means the trust or other entity created at the direction of the sponsor or depositor that owns or holds the pool assets and in whose name the asset-backed securities supported or serviced by the pool assets are issued.

(g) *Non-performing*, for purposes of determining if a pool asset is non-performing, means a pool asset if any of the following is true:

(1) The pool asset would be treated as wholly or partially charged-off under the requirements in the transaction agreements for the asset-backed securities;

(2) The pool asset would be treated as wholly or partially charged-off under the charge-off policies of the sponsor, an affiliate of the sponsor that originates the pool asset or a servicer that services the pool asset; or

(3) The pool asset would be treated as wholly or partially charged-off under the charge-off policies applicable to such pool asset established by the primary safety and soundness regulator of any entity listed in paragraph (g)(2) of this section or the program or regulatory entity that oversees the program under which the pool asset was originated.

(h) *NRSRO* has the same meaning as the term “nationally recognized statistical rating organization” as used in § 240.15c3-1(c)(2)(vi)(F) of this chapter.

(i) *Obligor* means any person who is directly or indirectly committed by contract or other arrangement to make payments on all or part of the obligations on a pool asset.

(j) *Servicer* means any person responsible for the management or collection of the pool assets or making allocations or distributions to holders of the asset-backed securities. The term *servicer* does not include a trustee for the issuing entity or the asset-backed securities that makes allocations or distributions to holders of the asset-backed securities if the trustee receives such allocations or distributions from a servicer and the trustee does not otherwise perform the functions of a servicer.

(k) *Significant obligor* means any of the following:

(1) An obligor or a group of affiliated obligors on any pool asset or group of pool assets if such pool asset or group of pool assets represents 10% or more of the asset pool.

(2) A single property or group of related properties securing a pool asset or a group of pool assets if such pool asset or group of pool assets represents 10% or more of the asset pool.

(3) A lessee or group of affiliated lessees if the related lease or group of leases represents 10% or more of the asset pool.

Instructions to Item 1101(k).

1. Regarding paragraph (k)(3) of this section, the calculation must focus on the leases whose cash flow supports the asset-backed securities directly or indirectly (including the residual value of the physical property underlying the leases if a portion of the securitized pool balance is attributable to the residual value of such property), regardless of whether the asset pool contains the leases themselves, mortgages on properties that are the subject of the leases or other assets related to the leases.
2. If separate pool assets, or properties underlying pool assets, are cross-defaulted and/or cross-collateralized, such pool assets are to be aggregated and considered together in determining concentration levels.
3. If the pool asset is a mortgage or lease relating to real estate, the pool asset is non-recourse to the obligor, and the obligor does not manage the property or does not own other assets and has no other operations, then the obligor need not be considered a separate significant obligor from the real estate. Otherwise, the obligor is a separate significant obligor.
4. The determination of significant obligors is to be made as of the designated cut-off date for the transaction (*i.e.*, the date on and after which collections on the pool assets accrue for the benefit of asset-backed security holders), provided, that, in the case of master trusts, the determination is to be made as of the cut-off date (or issuance date if there is not a cut-off date) for each issuance of asset-backed securities backed by the same asset pool. In addition, if disclosure is required pursuant to either Item 6.05 of Form 8-K (17 CFR 249.308) or in a Form 10-D (17 CFR 249.312) pursuant to Item 1121(b) of this Regulation AB, the determination of significant obligors is to be made against the asset pool described in such report. However, if the percentage concentration regarding an obligor falls below 10% subsequent to the determination dates discussed in this Instruction, the obligor no longer need be considered a significant obligor.

(l) *Sponsor* means the person who organizes and initiates an asset-backed securities transaction by selling or transferring assets, either directly or indirectly, including through an affiliate, to the issuing entity.

§ 229.1102 (Item 1102) Forepart of registration statement and outside cover page of the prospectus.

In addition to the information required by Item 501 of Regulation S-K (§ 229.501), provide the following information on the outside front cover page of the prospectus. Present information regarding multiple classes in tables if doing so will aid understanding. (f) Indicate the interest rate or specified rate of return of each class of security offered. If a class of securities does not bear interest or a specified return, disclose that fact. If the rate is based on a formula or is calculated in reference to a generally recognized interest rate index, such as a U.S. Treasury securities index, either provide the formula on the cover, or indicate that the rate is variable, indicate the index upon which the rate is based and indicate that further disclosure of how the rate is determined is included in the transaction summary.

While the material increments may vary, consider presenting such data at a minimum in 12-month increments through the first five years of the account's life (*e.g.*, 0-12 months, 13-24 months, 25-36 months, 37-48 months, 49-60 months and 61 months or more).

(c) If the information that would otherwise be required by paragraph (a)(1), (a)(2) or (b) of this section is not material, but alternative static pool information would provide material disclosure, provide such alternative information instead. Similarly, information contemplated by paragraph (a)(1), (a)(2) or (b) of this section regarding a party or parties other than the sponsor may be provided in addition to or in lieu of such information regarding the sponsor if appropriate to provide material disclosure. In addition, other explanatory disclosure, including disclosure explaining the absence of any static pool information, may be provided.

(f) If any of the information identified in paragraph (d)(1) or (d)(2) of this section that is to be provided in response to this section is unknown and not available to the registrant without unreasonable effort or expense, such information may be omitted, provided the registrant provides the information on the subject it possesses or can acquire without unreasonable effort or expense, and the registrant includes a statement in the prospectus showing that unreasonable effort or expense would be involved in obtaining the omitted information.

(11) Standardized credit scores of obligors and other information regarding obligor credit quality.

(12) Billing and payment procedures, including frequency of payment, payment options, fees, charges and origination or payment incentives.

(13) Information about the origination channel and origination process for the pool assets, such as originator information (and how acquired) and the level of origination documentation required, as applicable.

(14) Geographic distribution, such as by state or other material geographic region. If 10% or more of the pool assets are or will be located in any one state or other geographic region, describe any economic or other factors specific to such state or region that may materially impact the pool assets or pool asset cash flows.

Instruction to Item 1111(b)(14). For most assets, such as credit card accounts, motor vehicle leases, trade receivables and student loans, the location of the asset is the underlying obligor's billing address. For assets involving real estate, such as mortgages, the location of the asset is where the physical property underlying the asset is located.

(15) Other concentrations material to the asset type (*e.g.*, school type for student loans). If material, provide information required by paragraph (b)(14) of this section regarding such concentrations, as applicable.

(c) *Delinquency and loss information.* Provide delinquency and loss information for the asset pool, including statistical information regarding delinquencies and losses.

(d) *Sources of pool cash flow.* If the cash flows from the pool assets that are to be used to support the asset-backed securities are to come from more than one source (such as separate cash flows from lease payments and from the sale of the residual asset at the termination of the lease), provide the following information:

(1) Disclose the specific sources of funds that will be used to make the payments and distributions on the asset-backed securities, and, if applicable, provide information on the relative amount and percentage of funds that are to be derived from each source, including a description of any assumptions, data, models and methodology used to derive such amounts. If payments on different classes or different categories of payments on or related to the asset-backed securities (*e.g.*, principal, interest or expenses) are to come from different or segregated cash flows from the pool assets or other sources, disclose the source of funds that will be used for such payments.

(2) *Residual value information.* If the asset pool includes leases or other assets where a portion of the securitized pool balance is attributable to the residual value of the underlying physical property underlying the leases, disclose the following:

(i) How the residual values used to structure the transaction were estimated, including an explanation of any material discount rates, models or assumptions used and who selected such rates, models or assumptions.

(ii) Any material procedures or requirements incorporated to preserve residual values during the term of the lease, such as lessee responsibilities, prohibitions on subletting, indemnification or required insurance or guarantees.

(iii) The procedures by which the residual values will be realized and by whom those procedures will be carried out, including information on the experience of such party, any affiliations with a party described in Item 1119(a) of this Regulation AB and the compensation arrangements with such party.

(iv) Whether the pool assets are open-end leases (*e.g.*, where the lessee is required to cover the shortfall between the residual value of the leased property and the sale proceeds) or closed-end leases (*e.g.*, where the lessor is responsible for such shortfalls), and where both types of leases are included in the asset pool, the percentage of each.

(v) To the extent material, any lessor obligations that are required under the leases, and the effect or potential effect on the asset-backed securities from failure by the lessor to perform its obligations.

(vi) Statistical information regarding estimated residual values for the pool assets.

(vii) Summary historical statistics on turn-in rates, if applicable, and residual value realization rates by the party responsible for such process over the past three years, or such longer period as is material to an evaluation of the pool assets.

(f) *Claims on pool assets.* Describe any material direct or contingent claim that parties other than the holders of the asset-backed securities have on any pool assets. Also, describe any material cross-collateralization or cross-default provisions relating to the pool assets.

(g) *Revolving periods, prefunding accounts and other changes to the asset pool.* If the transaction contemplates a prefunding or revolving period, provide the following information, as applicable. Provide similar information regarding any other circumstances where pool assets may be added, substituted or removed from the asset pool, such as in the event of additional issuances of asset-backed securities in a master trust or a breach of a pool asset representation or warranty:

(1) The term or duration of any prefunding or revolving period.

(2) For prefunding periods, the amount of proceeds to be deposited in the prefunding account.

(3) For revolving periods, the maximum amount of additional assets that may be acquired during the revolving period, if applicable.

(4) The percentage of the asset pool and any class or series of the asset-backed securities represented by the prefunding account or the revolving account, if applicable.

(6) When and how new pool assets may be acquired during the prefunding or revolving period, and if, when and how pool assets can be removed or substituted. Describe any limits on the amount, type or speed with which pool assets may be acquired, substituted or removed.

(7) The acquisition or underwriting criteria for additional pool assets to be acquired during the prefunding or revolving period, including a description of any differences from the criteria used to select the current asset pool.

In addition, disclose whether or not there will be any independent verification of such person's exercise of authority or determinations.

(9) Any requirements to add or remove minimum amounts of pool assets and any effects of not meeting those requirements.

(10) If applicable, the procedures and standards for the temporary investment of funds in a prefunding or revolving account pending use (including the disposition of gains and losses on pending funds) and a description of the financial products or instruments eligible for such accounts.

(11) The circumstances under which funds in a prefunding or revolving account will be returned to investors or otherwise disposed of.

(b) *Financial information.* (1) If the pool assets relating to a significant obligor represent 10% or more, but less than 20%, of the asset pool, provide selected financial data required by Item 301 of Regulation S-K (§ 229.301) for the significant obligor, provided, however, that for a significant obligor under Item 1101(k)(2) of this Regulation AB, only net operating income for the most recent fiscal year and interim period is required.

(2) If pool assets relating to a significant obligor represent 20% or more of the asset pool, provide financial statements meeting the requirements of Regulation S-X (§§ 210.1-01 through 210.12-29 of this chapter), except § 210.3-05 of this chapter and Article 11 of Regulation S-X (§§ 210.11-01 through 210.11-03 of this chapter), of the significant obligor. Financial statements of such obligor and its subsidiaries consolidated (as required by § 240.14a-3(b) of this chapter) shall be filed under this item.

Instructions to Item 1112(b).

1. No information need be provided pursuant to paragraph (b) of this section if the obligations of the significant obligor as they relate to the pool assets are backed by the full faith and credit of the United States.

2. No information need be provided pursuant to paragraph (b) of this section if the obligations of the significant obligor as they relate to the pool assets are backed by the full faith and credit of a foreign government (as defined in § 240.3b-4(a) of this chapter) if the pool assets are investment grade securities as defined in Item I.B.2 of Form S-3 (§ 239.13 of this chapter). If the pool assets are not investment grade securities, information required by paragraph (5) of Schedule B of the Securities Act (15 U.S.C. 77aa) regarding the foreign government may be incorporated by reference from a Commission filing in lieu of providing the financial information required pursuant to paragraph (b) of this section.

3. If the significant obligor is an asset-backed issuer and the pool assets relating to the significant obligor are asset-backed securities, provide the following information in lieu of the information required by paragraph (b) of this section:

a. For a registration statement under the Securities Act or the Exchange Act or a prospectus to be filed pursuant to § 230.424 of this chapter, the information required by Items 1104 through 1115, 1117 and 1119 of this Regulation AB regarding such asset-backed securities; and

b. For an Exchange Act report on Form 10-K or Form 10-D (§ 249.310 or 249.312 of this chapter), the information required by General Instruction J. of Form 10-K regarding such asset-backed securities for the period for which the last Form 10-K of the asset-backed securities was due (or would have been due if such asset-backed securities are not required to file reports with the Commission pursuant to section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)).

4. If the significant obligor is a foreign business (as defined § 210.1-02 of this chapter):

a. Paragraph (b)(1) of this section may be complied with by providing the information required by Item 3.A. of Form 20-F (§ 249.220f of this chapter). If a reconciliation to U.S. generally accepted accounting principles called for by Instruction 2. to Item 3.A. of Form 20-F is unavailable or not obtainable without unreasonable cost or expense, at a minimum provide a narrative description of all material variations in accounting principles, practices and methods used in preparing the non-U.S. GAAP financial statements used as a basis for the selected financial data from those accepted in the U.S.

b. Paragraph (b)(2) of this section may be complied with by providing financial statements meeting the requirements of Item 17 of Form 20-F for the periods specified by Item 8.A. of Form 20-F.

(1) The types or categories of securities that may be offered, such as interest-weighted or principal-weighted classes (including IO (interest only) or PO (principal only) securities), planned amortization or companion classes or residual or subordinated interests.

(2) The flow of funds for the transaction, including the payment allocations, rights and distribution priorities among all classes of the issuing entity's securities, and within each class, with respect to cash flows, credit enhancement or other support and any other structural features designed to enhance credit, facilitate the timely payment of monies due on the pool assets or owing to security holders, adjust the rate of return on the asset-backed securities, or preserve monies that will or might be distributed to security holders. In addition to an appropriate narrative discussion of the allocation and priority structure of pool cash flows, present the flow of funds graphically if doing so will aid understanding. In the flow of funds discussion, provide information regarding any requirements directing cash flows from the pool assets (such as to reserve accounts, cash collateral accounts or expenses) and the purpose and operation of such requirements.

(3) In describing the interest rate or rate of return on the asset-backed securities and how such amounts are payable, explain how the rate is determined and how frequently it will be determined. If the rate to be paid can be a combination of two or more rates (such as the lesser of a variable rate or the actual weighted average net coupon on the pool assets), provide clear information regarding each rate and when each rate applies.

(4) How principal, if any, will be paid on the asset-backed securities, including maturity dates, amortization or principal distribution schedules, principal distribution dates, formulas for calculating principal distributions from the cash flows and other factors that will affect the timing or amount of principal payments for each class of securities.

(5) The denominations in which the asset-backed securities may be issued.

(6) Any specified changes to the transaction structure that would be triggered upon a default or event of default (such as a change in distribution priority among classes).

(7) Any liquidation, amortization, performance or similar triggers or events, and the rights of investors or changes to the transaction structure or flow of funds if such events were to occur.

(8) Whether the servicer or other party is required to provide periodic evidence of the absence of a default or of compliance with the terms of the transaction agreements.

(9) If applicable, the extent, expressed as a percentage, the transaction is overcollateralized or undercollateralized as measured by comparing the principal balance of the asset-backed securities to the asset pool.

(10) Any provisions contained in other securities that could result in a cross-default or cross-collateralization.

(11) Any minimum standards, restrictions or suitability requirements regarding potential investors in purchasing the securities or any restrictions on ownership or transfer of the securities.

(12) Security holder vote required to amend the transaction documents and allocation of voting rights among security holders.

(b) *Distribution frequency and cash maintenance.* (1) Disclose the frequency of distribution dates for the asset-backed securities and the collection periods for the pool assets.

(2) Describe how cash held pending distribution or other uses is held and invested. Also describe the length of time cash will be held pending distributions to security holders. Identify the party or parties with access to cash balances and the authority to invest cash balances. Specify who determines any decisions regarding the deposit, transfer or disbursement of pool asset cash flows and whether there will be any independent verification of the transaction accounts or account activity.

(c) *Fees and expenses.* Provide in a separate table an itemized list of all fees and expenses to be paid or payable out of the cash flows from the pool assets. In itemizing the fees and expenses, also indicate their general purpose, the party receiving such fees or expenses, the source of funds for such fees or expenses (if different from other fees or expenses or if such fees or expenses are to be paid from a specified portion of the cash flows) and the distribution priority of such expenses. If the amount of such fees or expenses is not fixed, provide the formula used to determine such fees or expenses. The tabular presentation should be accompanied by footnotes or other accompanying narrative disclosure to the extent necessary for an understanding of the timing or amount of such fees or expenses, such as any restrictions or limits on fees or whether the estimate may change in certain instances, such as in an event of default (and how the fees would change in such an instance or the factors that would affect the change). In addition, through footnote or other accompanying narrative disclosure, describe if any, and if so how, such fees or expenses can be changed without notice to, or approval by, security holders and any restrictions on the ability to change a fee or expense amount, such as due to a change in transaction party.

(d) *Excess cash flow.* (1) Describe the disposition of residual or excess cash flows. Identify who owns any residual or retained interests to the cash flows if such person is affiliated with the sponsor, depositor, issuing entity or any entity identified in Item 1119(a) of this Regulation AB or if such person has rights that may alter the transaction structure beyond receipt of residual or excess cash flows. Describe such rights, as material.

(2) Disclose any requirements in the transaction agreements to maintain a minimum amount of excess cash flow or spread from, or retained interest in, the transaction and any actions that would be required or changes to the transaction structure that would occur if such requirements were not met.

(3) To the extent material to an understanding of the asset-backed securities, disclose any features or arrangements to facilitate a securitization of the excess cash flow or retained interest from the transaction, including whether any material changes to the transaction structure may be made without the consent of asset-backed security holders in connection with these securitizations.

(e) *Master trusts.* If one or more additional series or classes have been or may be issued that are backed by the same asset pool, provide information regarding the additional securities to the extent material to an understanding of their effect on the securities being offered, including the following:

(1) Relative priority of such additional securities to the securities being offered and rights to the underlying pool assets and their cash flows.

(2) Allocation of cash flow from the asset pool and any expenses or losses among the various series or classes.

(3) Terms under which such additional series or classes may be issued and pool assets increased or changed.

(4) The terms of any security holder approval or notification of such additional securities.

(5) Which party has the authority to determine whether such additional securities may be issued. In addition, if there are conditions to such additional issuance, disclose whether or not there will be an independent verification of such person's exercise of authority or determinations.

(f) *Optional or mandatory redemption or termination.* (1) If any class of the asset-backed securities includes an optional or mandatory redemption or termination feature, provide the following information:

(i) Terms for triggering the redemption or termination.

(ii) The identity of the party that holds the redemption or termination option or obligation, as well as whether such party is an affiliate of the sponsor, depositor, issuing entity or any entity identified in Item 1119(a) of this Regulation AB.

(iii) The amount of the redemption or repurchase price or formula for determining such amount.

(iv) The procedures for redemption or termination, including any notices to security holders.

(v) If the amount allocated to security holders is reduced by losses, the policy regarding any amounts recovered after redemption or termination.

(2) The title of any class of securities with an optional redemption or termination feature that may be exercised when 25% or more of the original principal balance of the pool assets is still outstanding must include the word “callable,” *provided, however,* that in the case of a master trust, a title of a class of securities must include the word “callable” when an optional redemption or termination feature may be exercised when 25% or more of the original principal balance of the particular series in which the class was issued is still outstanding.

(g) *Prepayment, maturity and yield considerations.* (1) Describe any models, including the related material assumptions and limitations, used as a means to identify cash flow patterns with respect to the pool assets.

(2) Describe to the extent material the degree to which each class of securities is sensitive to changes in the rate of payment on the pool assets (*e.g.*, prepayment or interest rate sensitivity), and describe the consequences of such changing rate of payment. Provide statistical information of such effects, such as the effect of prepayments on yield and weighted average life.

(3) Describe any special allocations of prepayment risks among the classes of securities, and whether any class protects other classes from the effects of the uncertain timing of cash flow.

§ 229.1114 (Item 1114) Credit enhancement and other support, except for certain derivatives instruments.

(a) *Descriptive information.* To the extent material, describe the following, including a clear discussion of the manner in which each potential item is designed to affect or ensure timely payment of the asset-backed securities:

(1) Any external credit enhancement designed to ensure that the asset-backed securities or pool assets will pay in accordance with their terms, such as bond insurance, letters of credit or guarantees.

(2) Any mechanisms to ensure that payments on the asset-backed securities are timely, such as liquidity facilities, lending facilities, guaranteed investment contracts and minimum principal payment agreements.

(3) Any derivatives whose primary purpose is to provide credit enhancement related to pool assets or the asset-backed securities.

(4) Any internal credit enhancement as a result of the structure of the transaction that increases the likelihood that payments will be made on one or more classes of the asset-backed securities in accordance with their terms, such as subordination provisions, overcollateralization, reserve accounts, cash collateral accounts or spread accounts.

Instructions to Item 1114(a).

1. Include a description of the material terms of any enhancement or support described, including any limits on the timing or amount of the enhancement or support or any conditions that must be met before the enhancement or support can be accessed. The enhancement or support agreement is to be filed as an exhibit. Also describe any provisions regarding the substitution of enhancement or support.

2. This Item should not be construed as allowing anything other than an asset-backed security whose payment is based primarily by reference to the performance of the receivables or other financial assets in the asset pool

(b) *Information regarding significant enhancement providers.*

(1) *Descriptive information.* If an entity or group of affiliated entities providing enhancement or other support described in paragraph (a) of this section is liable or contingently liable to provide payments representing 10% or more of the cash flow supporting any offered class of asset-backed securities, provide the following information:

Financial statements of such enhancement provider and its subsidiaries consolidated (as required by § 240.14a-3(b) of this chapter) shall be filed under this item.

Instructions to Item 1114.

1. The requirements in paragraph (b) of this section apply to all providers of external credit enhancement or other support, other than those described in Item 1115 of this Regulation AB. Enhancement may support payment on the pool assets or payments on the asset-backed securities themselves.

2. No information need be provided pursuant to paragraph (b)(2) of this section if the obligations of the enhancement provider are backed by the full faith and credit of the United States.

3. No information need be provided pursuant to paragraph (b)(2) of this section if the obligations of the enhancement provider are backed by the full faith and credit of a foreign government (as defined in § 240.3b-4(a) of this chapter) if the enhancement provider has an investment grade credit rating, as the term investment grade is used in Item I.B.2 of Form S-3 (§ 239.13 of this chapter). 4. If the pool assets are student loans originated under the Federal Family Education Loan Program of the Higher Education Act of 1965 (20 U.S.C. 1001 *et seq.*) and the enhancement provider for the pool assets is a guarantee agency as defined under the Higher Education Act, then the following information may be provided in lieu of providing financial information required pursuant to paragraph (b)(2) of this section:

a. The number of pool assets and aggregate outstanding principal balance of pool assets guaranteed by the guarantee agency (both by number and percentage of the asset pool as of the cut-off date or other applicable date).

b. Disclosure of the following with respect to the guarantee agency, as applicable, including a brief description regarding the method of calculation, covering at least five federal fiscal years:

§ 229.1115 (Item 1115) Certain derivatives instruments.

This item relates to derivative instruments, such as interest rate and currency swap agreements, that are used to alter the payment characteristics of the cashflows from the issuing entity and whose primary purpose is not to provide credit enhancement related to the pool assets or the asset-backed securities. For purposes of this section, the “significance estimate” of the derivative instrument is to be determined based on a reasonable good-faith estimate of maximum probable exposure, made in substantially the same manner as that used in the sponsor’s internal risk management process in respect of similar instruments. The “significance percentage” is the percentage that the amount of the significance estimate represents of the aggregate principal balance of the pool assets, provided, that if the derivative instrument relates only to one or more classes of the asset-backed securities, the “significance percentage” is the percentage that the amount of the significance estimate represents of the aggregate principal balance of such classes.

Instruction to Item 1119(b). What is required is information material to an investor's understanding of the asset-backed securities. A detailed description or itemized listing of all commercial relationships among the parties is not required. Instead, the disclosure should indicate whether any relationships outside of the asset-backed securities transaction do exist that are outside the normal course and the general character of those relationships.

(c) Notwithstanding paragraph (b) of this section, describe, to the extent material, any specific relationships involving or relating to the asset-backed securities transaction or the pool assets, including the material terms and approximate dollar amount involved, between the sponsor, depositor or issuing entity and any of the parties in paragraphs (a)(1) through (a)(6) of this section, or any affiliates of such parties, that currently exists or that existed during the past two years.

(8) Number and amount of pool assets at the beginning and ending of each period, and updated pool composition information, such as weighted average coupon, weighted average life, weighted average remaining term, pool factors and prepayment amounts. For asset-backed securities backed by leases where a portion of the securitized pool balance is attributable to residual values of the physical property underlying the leases, this information also would include turn-in rates and residual value realization rates.

In addition, provide such updated information in the first Form 10-D report for the period in which the prefunding or revolving period ends (if applicable). However, no disclosure need be provided by this paragraph if the information has not materially changed from that previously provided in an Exchange Act report relating to the asset-backed securities or in an effective registration statement under the Securities Act or a prospectus timely filed pursuant to § 230.424 of this chapter under the same Central Index Key (CIK) code regarding a subsequent issuance of asset-backed securities backed by a pool of assets that includes the pool assets that are the subject of this paragraph.
